Entry and Progression Policy

- **Entry into NUR 203 is competitive and seats are limited.** Students are required to have a cumulative GPA of 3.0 and a grade of "C" or better in all prerequisite courses to be considered. Entrance into the clinical course sequence is ***not*** guaranteed once meeting these requirements. Placement is competitively granted based on success in prerequisite criteria. Those who meet the minimum criteria but do not achieve a seat will be considered the following semester, in the same competitive manner. The NUR 203 class is determined at the close of the spring and fall semesters.
- Students who have not met the pre-requisite criteria for transfer to the College of Nursing and the clinical course sequence by the end of two years or sixty credits will be required to choose a different major at the University.
- **Progression through the College of NUR** requires a "C" or better in all NUR courses and a minimum 2.20 GPA. Students are allowed to repeat a single NUR course as outlined in the dismissal policy. Should a student need to repeat a class or otherwise fall out of sequence continuation will be on a space available basis and is ***not*** guaranteed for the following semester. The student will be notified of eligibility.
- **Dismissal Policy:** Performance below a grade of "C" in any 2 nursing courses will result in dismissal from the College of Nursing. Please refer to the University Catalog and The College of Nursing Academic Policy for full dismissal policy.
