Admission to the Bachelor of Science in Business Administration (BSBA) is extremely competitive. Only a small percentage of transfer applicants are admitted annually. The majors include:

- Accounting
- Entrepreneurial Management
- Finance
- General Business Administration
- Global Business Management
- Marketing
- Supply Chain Management
- International Business

All transfer students must complete all core business prerequisites before they are eligible for admission to the Bachelor of Science in Business Administration (BSBA) program. While students may be completing their prerequisites in the term during which they are applying, admission priority is given to students with fewer prerequisites remaining at the time of application.

**Admission Requirements to Bachelor of Science in Business Administration (BSBA)**

- A cumulative GPA of 2.50 or higher on all previous university-level courses.

- A cumulative GPA of 2.70 or higher in all business prerequisite courses (i.e. no grade lower than a “C” in any of the following):
  - Calculus (or QBA 1 & 2)
  - Business Statistics
  - Microeconomics
  - Macroeconomics
  - Financial Accounting
  - Managerial Accounting

Please note that satisfying all of the criteria listed above does not guarantee admission to the program. There is no appeal process for those applicants who are not directly admitted to the College of Business Administration. Transfer applicants who accept admission to any non-business major at URI will not be considered for on-campus change-of-major (internal transfer) at a later date. We do not anticipate any changes to this policy.
