TRANSFER FACT SHEET
Kinesiology: Exercise Science Concentration

As a transfer student, you will be considered for the Exercise Science track on a space available basis. Over the past several years, fewer than 10% of qualified transfer students have been admitted to this concentration. Applicants with more than 60 transferable credits will not be considered for admission to this concentration.

- **Pre-Professional Track**: This track provides a foundation for students considering careers or graduate degrees in clinical health care professions.
- **Applied Track**: This track is designed for students seeking careers or graduate study in exercise science, health fitness, health promotion, preventive medicine, and related fields.

**Application Deadlines**

**Minimum requirements for consideration include:**

- A cumulative GPA of 3.0
- Human Anatomy
- Introductory Chemistry Lecture
- General Psychology
- Writing to Inform and Explain (i.e. College-level Composition)

Please note that satisfying all of the criteria listed above does not guarantee admission to the concentration. The University does not accept internal transfers to the Exercise Science concentration. In other words, those who are admitted to, and enroll as, "undeclared" students or to any major other than "Kinesiology: Exercise Science concentration" will not be able to change their major to Exercise Science at a later date.
