IMPORTANT PROGRAM INFORMATION

This advanced specialization is designed for highly qualified students who have decided on a career in physical therapy and wish to attend the URI DPT program. Students successfully following this track will be allowed to apply for the URI DPT program during their junior year. If accepted, credits earned the first year in the physical therapy program will be used to complete the B.S. degree in Kinesiology. Students in this track must complete the following requirements to stay in this accelerated program:

• Complete the required course sequence (attached) and have a 3.2 GPA at the completion of Freshman year (including summer classes).
• Receive a minimum grade of 3.0 (B) in BIO 121
• Complete the required course sequence (attached) and have a 3.30 GPA at the completion of Sophomore year
• Complete the required course sequence (must complete the courses listed through fall 03), have a GPA of 3.40 following the first semester of the Junior year.

Students who successfully meet the requirements, have taken the GREs, and have completed a minimum of 30 hours observation in a PT setting may apply for early contingency admission to the PT program. The student will be considered along with the regular pool of applicants for acceptance into the program.

Students who do not meet the requirements or who do meet requirements but are not accepted into the DPT program can complete the undergraduate track in Exercise Science and apply for PT school during their senior year. The courses needed to complete the B.S. in Kinesiology (Exercise Science Pre-Professional Specialization) are: BCH 211, KIN 390, KIN 486, 9-10 credits of free electives.
