Institute for Integrated Health and Innovation

Affiliation and Interest List

Please complete the following information:

Name: ____________________________
Department: ____________________________
Email: ____________________________

We will be using this information to help initiate your Institute profile and develop a listserv to keep you up to date on Institute activities and opportunities.

Below is a list of the types of activities we intend to be working on over the upcoming year. Please check off any areas which you would be interested in working on or learning more about:

- Facilitating an Annual Health Summit
- Participating in a monthly Brown Bag Series on Grant Development
- Participating in series of Collaboration Colloquia
- Development of an Honors Colloquium topic related to the Institute mission
- Development of a Master’s program in Population Health
- Development of integrated Clinical offerings (either on or off campus)
- Integration and development of health care team experiential education opportunities
- Involvement in the Department of Health Public Health Scholars Program
- Participating in State health program evaluative opportunities
- Development of collaborative, interdisciplinary health course offerings (Grand Challenges etc.)
- Development of new, global health J-term course opportunities

Please send completed form via email to Bryan Blissmer at blissmer@uri.edu
