MINOR in Biological Sciences (Interdepartmental)

Course requirements:
BIO 101/103 (formerly BIO 101; 4 cr)
BIO 102/104 (formerly BIO 102; 4 cr)
MIC 201 or 211 (4 cr)

Select remaining credits (200 level or higher) from BCH 311 and any BIO or MIC course.

Note: At least 18-20 credits are required, and at least 12 of the 20 credits must be taken at the 200 level or above.

To declare a minor (from the URI course catalog):

To declare a minor, students must have the approval of the department chairperson of the minor field of study and the dean. Application for a minor must be filed in the academic dean’s office no later than the beginning of the student’s final semester or term.

College of Business Administration students need the approval of the Scholastic Standing Committee for interdepartmental minors.

For approval in Biological Sciences:
It is not necessary to schedule an appointment for the chairperson’s signature. Please fill out a CELS Minor Field of Study form with your courses and grades, and drop it off at the CELS Student Affairs Office, CBLS 130. It should be ready for pick-up in a day or so.
