Both the SGA-2 and SGA-1 forms have been updated to account for some changes in how the form is used at URI and to accommodate a new account code (6584) specifically for graduate students. Both forms have also been updated into a fillable form format.

The **SGA-2 form** is divided into two forms, one for undergraduate students (SGA-2U) and one for graduate students (SGA-2G). Please use the appropriate form as the account codes for charging waiver payments differ for undergrads and grads.

The **SGA-1 form** is divided into two forms, one for undergraduate students (SGA-1U) and one for graduate students (SGA-1G). Please use the appropriate form as the account codes for charging waiver payments differ for undergrads and grads.
