(only needed if in more than one college)

*Students can request to change their catalog year and are subject to the following guidelines: Generally, the catalog year defaults to the same semester that the student entered the University in a degree program, however, students are eligible for more recent catalog years if it is to their benefit and approved by their academic deans office. Students in more than one college should seek approval from both colleges as any change will be applicable to all undergraduate degree requirements for all of his/her majors and minors. It is important to note that students must use a single catalog (requirement term) and cannot use a combination of catalogs for graduation. By changing catalogs, a student is responsible for fulfilling all of the graduation requirements in their newly chosen catalog year. You cannot change only General Education requirements.
