500/600 Level New Courses

College of Environmental and Life Sciences
Marine Affairs

MAF 650/650X Marine Affairs Doctoral Research Seminar
This seminar gives MAF doctoral students opportunities to engage classmates and professors in conversations about the research process. Students will build their research community through leading and engaging in class discussions with fellow students and faculty. This course may be repeated for credit up to three times. (Sem. 1)
Prerequisite: Graduate standing and permission of instructor.

College of Engineering
Mechanical, Civil, Industrial and Systems Engineering

MCE 585 Solar Thermal Engineering
Course covers principles of solar radiation, radiation characteristics of materials, and applications to flat-plate and concentrating collectors, and tools designed for passive and active solar heating/cooling systems. A research paper and presentation are required. (Lec. 3)
Prerequisite: Graduate standing or permission of instructor. This course is not open for the students who have prior credit in the 400-level version (MCE 485).

Notices of Change:

Notice of Change: Human Development and Family Studies, College Student Personnel MS Program, College of Health Sciences  (See Appendix A)
Eliminate requirement of comprehensive exam in HDF Master’s Program specialization in College Student Personnel.

Notice of Change: Masters of Environmental Science and Management, College of Environmental and Life Sciences  (See Appendix B)
Eliminate requirement of comprehensive exam in MESM program.
Notice of Change: Masters of Marine Affairs and Master of Arts in Marine Affairs, College of Environmental and Life Sciences  (See Appendix C)  
Eliminate requirement of comprehensive exam in non-thesis Master’s programs.

Notice of Change: Civil and Environmental Engineering, College of Engineering  (See Appendix D)  
Eliminate comprehensive exam for the non-thesis program in Civil and Environmental Engineering.

Notice of Change: Graduate School of Oceanography  (See Appendix E)  
Eliminate comprehensive exam for non-thesis Masters of Oceanography (MO) degree.

Notice of Change: Textiles, Fashion Merchandising and Design, College of Business Administration  (See Appendix F)  
Eliminate requirement of comprehensive exam in non-thesis Master’s program.

Notice of Change: MS & PhD Pharmaceutical Sciences degrees, College of Pharmacy  (See Appendix G)  
Change in unit specialization title and course requirements: 
Present title: Specialization in Pharmacoepidemiology and Pharmacoeconomics 
New title: Specialization in Health Outcomes

Notice of Change: Acute Care Nurse Practitioner Concentration, College of Nursing  (See Appendix H)  
Change name of concentration to Adult-Gerontology Acute Care Nurse Practitioner (AGACNP)

Notice of Change: Professional Development Badge in Diversity and Inclusion  (See Appendix I)  

Transcripts for all graduate students completing the Professional Development Badge in Diversity and Inclusion will include the following milestone:

This student has completed a series of five one-hour, professional development workshops offered in partnership between the Graduate School and the Office of Community Equity and Diversity.

Below is a list of the current workshop offerings:

1. *Fundamentals of Diversity (required)*
2. *Awakening the Mind to Hidden Bias*
3. *Bystander Intervention Training*
4. *Conducting Inclusive Research*
5. *Teaching Inclusively*
6. *Diversity and Inclusion in the Workforce*

The transcript would list which workshops were completed. Additional workshop options will be added in the future. Workshop facilitators are primarily faculty and staff with demonstrated expertise in these areas.

The Graduate School will keep records of student attendance at workshops. To complete the badge, students will submit a form indicating which workshops were completed. The Graduate School will audit forms in a similar process to Programs of Study. Once this audit is complete, the Graduate School will record the transcript milestone and notify the Program Director/Chair.
