An Official Journal of the

International Association for
Intercultural Communication Studies
Department of Communication Studies
University of Rhode Island

Kingston, RI 02881, USA

Intercultural Communication Studies (ICS) began in 1991 with the goal of publishing research related to the study of intercultural communication in the many areas involved in the field. The interdisciplinary nature of the journal can be seen in some of the fields scheduled for publication:

- Art, communication, history, Japanese language and culture,
- Korean studies, Chinese culture, language and culture education,
- language and linguistics in Europe, law, linguistics, literature,
- nonverbal communication, philosophy, religion, sociology,
- speech communication, South African studies.

In ICS, theoretical academic articles and articles dealing with educational and other applications constitute the majority of content. Progress reports on current research, discussion papers on specific problems in the field, and book reviews are also included. Those articles that look across disciplinary boundaries are encouraged.

Authors should follow the APA style book carefully. Each article should have an abstract and should be followed by a short paragraph explaining how the content relates to intercultural communication studies as a whole. Authors or their institutions must be subscribers during the year of publication.
