Latin American Students Association

**Introduction:**
The purpose of the Latin American Students Association (LASA) is to identify and reinforce culture, language, and custom among latin students as well as the URI community.

**Mission:**
LASA's goal is to create a center of orientation to help students confront and surpass the frustrations they may encounter when initially exposed to a socio-economic educational system unknown to its members. It hopes to identity and reinforce culture, language and custom among Latin students, and to enhance educational, social and cultural opportunities in the university of Rhode Island community.

**Executive board:**
**President** - Pamela De Los Santos
