UNIVERSITY OF RHODE ISLAND
COLLEGE OF NURSING
POST BACCALAUREATE TO DOCTOR OF NURSING PRACTICE (DNP)
FAMILY NURSE PRACTITIONER (FNP)

Overview
College of Nursing at the University of Rhode Island offers a Post Baccalaureate DNP degree with a family nurse practitioner concentration. Its purpose is to prepare nurses at the highest level for clinical practice. It prepares clinicians capable of translating scientific findings, evaluating outcomes and programs, producing clinical scholarship, and transforming health care systems and policies.

Curriculum
The FNP curriculum consists of courses totaling 72-73 semester credit hours. Students in the Post Baccalaureate to DNP program can choose between moving through or stopping to get their masters along the way. Students will need to declare their intentions upon matriculation into the program. Students choosing the Post BS to DNP option earn 42 credits to complete their NP requirements and finish upon completing 28 credits of the DNP portion and 2 credits of electives (total credits is 72). Students choosing the Post BS to DNP with Masters along the way will earn 43 credits to complete their master’s requirements and finish upon completing 28 credits of the DNP portion and 2 credits of electives (total credits is 73). By enrolling in either direct entry program, students save a minimum of 14 credits.

Required Master’s Core Courses (13 credits)
- NUR 660 - Philosophical & Theoretical Bases of Nursing Science (4 crs)
- NUR 651 - Advanced Methods in Nursing Research I (Qualitative Methods) (3 crs)
- NUR 652 - Advanced Methods in Nursing Research II (Quantitative Methods) (3 crs)
- HDF 527 - Social and Health Care Policy (3 crs)

Required Advanced Practice Courses (11 credits)
- NUR 503 - Advanced Adult Physical Assessment (4 crs)
- NUR 504 - Advanced Pediatric Physical Assessment (1 crs)
- NUR 535 - Pathophysiology for Advanced Practice Nurses (3 crs)
- NUR 582 - Pharmacotherapeutics in Advanced Practice Nursing (3 crs)

Required Family Nurse Practitioner Courses (18 credits)
- NUR 531 - Primary Health Care Nursing I (3 crs)
- NUR 532 - Practicum in Primary Health Care Nursing I (3 crs)
- NUR 533 - Primary Health Care Nursing II (3 crs)
- NUR 534 - Practicum in Primary Health Care Nursing II (6 crs)
- NUR 590 - Directed Advanced Study & Practice (3 crs)

**NOTE: after completing the above 42 credits students may opt out with their MS degree or stop to obtain their masters for those who wish to continue toward the DNP degree. This is done by taking NUR 520 - Graduate Study Seminar (1 cr), completing their masters’ major paper and comprehensive exam. The masters’ major paper may be used as a portfolio component for the DNP. Total credits for out-out masters – 43.**

Remaining Doctor of Nursing Practice Courses (28 credits)
- NUR 549 – Evidence Based Strategies in Health Care Program Evaluation (3 crs)
- NUR 551 – Theoretical Study of Nursing Administration/Leadership (3 crs)
- PHP 540 – Introduction to Epidemiology (3 crs)
- MBA 540 – Organizational Decision Making and Design (3 crs)
- NUR 680 – Informatics in Health Care Settings (3 crs)
- NUR 686 – DNP Role Development (6 crs)
- NUR 688 – Capstone Practicum and Project-Portfolio (7 crs)

Elective (2 credits)
Two elective credits to be determined with student’s advisor and taken anytime during the program. Selection should be based on prior knowledge, clinical experience, and career goals.
Clinical Practice
Clinical practice is available in a variety of settings - hospital clinics, community health centers, health maintenance organizations, long-term care agencies and private offices in both urban and rural settings. Preceptorship on a one-to-one basis is provided by nurse practitioners and clinical nurse specialists. Students manage a patient caseload with increasing independence as they progress in the program. The practicum experiences are planned with the student, taking into consideration the student’s interests, learning needs, employment plans, and adult-gerontological nurse practitioner/clinical nurse specialist competencies.

Part Time and Full Time Study
Students take 1 or 2, 3 credit courses per semester for part-time and 3 courses for full-time. Students may choose to move through courses in a two-and-one-half to a five-year time frame.

Transportation
A car is necessary to reach the various clinical practice locations in the cities and rural areas. A local bus service connects the University to most major health service facilities, shopping, and service centers, but the bus routes and schedules may not always be convenient for the graduate student.

Tuition and Fees
Additional information on tuition and a full breakdown of fees can be located on the Enrollment Services Tuition and Fees webpage.

Financial Aid
A variety of traineeships, graduate assistantships and loans are available to help finance graduate education. More information can be found on the Graduate School Financial Support webpage.

Application Deadlines
Your completed application package, including supporting materials, is due by February 15th for Fall start and October 15th for Spring start. Applications missing materials such as test scores, transcripts, resumes, or personal statements will not be reviewed. We recommend submitting your online application by no later than two weeks prior to the deadline which gives your references two weeks to complete their recommendations.

Admission Requirements
- Completed application
- Admission to the Graduate School. Directions and materials needed for a complete application can be found on the College of Nursing - How to Apply webpage.
- Minimum GPA of 3.0
- Baccalaureate degree in nursing accredited by the American Association of Colleges of Nursing or the National League for Nursing with an upper-division major in nursing.
- Eligibility for RN licensure in Rhode Island
- Positive recommendations
- Statement of purpose which reflects writing ability and goals for pursuing advanced study in nursing
- Two years of clinical nursing experience, relevant to the concentration applied for, prior to enrollment in the advanced practice clinical courses.
- A basic statistics course is a prerequisite for NUR 652.
