Next Steps:

1. We request that all members of the PC on People with Disabilities would make their voices heard by serving on one of the two task forces even if they are not available for one of the Commission meetings.

2. Each task force will chose a permanent facilitator who can represent the group at the Commission meetings.

The Following Goals were postponed for future discussion:

3. Propose policies, programs and training so that URI’s ongoing dialogue of social justice and civil rights continues to include issues related to disability;
4. Collaborate with all areas of the university community to recommend accessibility, safety, and universal design of buildings, the curriculum, programs, and services;
5. Advise primary URI administrators on issues of disability;
6. Monitor the effectiveness of proposed/implemented policies and initiatives;
7. Communicate progress of these efforts to the administration and surrounding community; and
8. Submit to the senior leadership team and their designees, recommendations that would enhance inclusion and equal opportunity for people with disabilities.
