Continuing Education Credits
Pharmacists: The University of Rhode Island College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This is a knowledge and activity-based program. Attendance and completion of online program evaluations at the conclusion of the program are required for statements of credit.

UAN: 0060-0000-13-040-L01-P 4.0 Contact Hours (0.40 CEUs)
UAN: 0060-0000-13-041-L03-P 1.0 Contact Hour (0.1 CEU – Pharmacy Law)*

Learning Objectives
Upon completion of this program, participants will be able to:
• Review updated DSM V diagnostic criteria for ADHD;
• Outline ADHD symptoms across the lifespan;
• Describe evidence based treatments for ADHD;
• Discuss assessment and monitoring of asthma; including clinical presentation and factors contributing to severity;
• Identify developmental characteristics in adolescent patients with asthma;
• Outline the appropriate treatment approach of asthma for adolescents;
• Develop strategies to assist adolescent patients with asthma management;
• Distinguish features to identify types of headaches commonly seen in adolescents;
• Compare different therapies to manage headaches;
• Evaluate therapies and non-pharmacologic suggestions to prevent headaches;
• Review counseling points for adolescent patients with headaches;
• Discuss the prevalence of diabetes in children and adolescents;
• Differentiate between the onset, symptoms, risk factors, management, and prevention of type 1 and type 2 diabetes in young people;
• Describe complications associated with diabetes in adolescents;
• Explain changes in the Rhode Island pharmacy law and statutes enacted in the 2013 legislative session.

Target Audience
Community, hospital, managed care and consultant pharmacists, and other interested healthcare professionals.
