Mike is an at-large representative for senate and is a senior here at URI majoring in Economics and Political Science.

The reason that Mike joined senate was so that he could connect with other student leaders. Also, he wanted to be a vicarious voice to students not involved with Student Senate in order to gain more and more perspectives and opinions.

As one of the at-large representatives on Senate, Mike's goal is to bring an enhanced level of transparency between the University's decisions and our students. Another goal of his is to serve as a student leader in other positions, such as RA Board President.

"My favorite part of senate is that as an organization, we facilitate the cultivation of ideas and actions by student leaders of many different diverse backgrounds, whether that be something as simple as where they grew up, their major, or their passions on University issues."

Besides being involved with Student Senate, Mike is an RA on campus in Wiley Hall. As an RA, he strives to connect with students, finding commonalities and learning about their differences. Mike's role as a 3rd year RA leads to the encouraging of student involvement on campus and promoting a safe and positive living community for students to enjoy themselves and in the end, finding their niche here at URI!
