Lars Erickson is Professor of French and Director of the French International Engineering Program at the University of Rhode Island. He is the author of *French for Engineering*, an advanced-level textbook published by Routledge in 2018. His publications include articles on engineering internships in France as well as numerous works on the literature of eighteenth-century France including the monograph *Metafact: Essayistic Science in Eighteenth-Century France*. The French government awarded him the title of Chevalier des Palmes Académiques in 2018. He is also a former member of the section de triathlon of the omnisport club, L’Aviron Bayonnais.
