Christine P. Dolan, M.Ed, is an Education Specialist and team member in the Office of Strategic Initiatives at the URI Providence campus. She has managed the dual/concurrent enrollment program for URI since the state first introduced the Prepare RI Initiative starting in Fall 2015. The program has grown to include about 85 sections of concurrent courses for each semester while processing about 2000 HS students per year for URI enrollment. Each semester, about 20 HS students will register for dual enrollment into classes that meet either on the URI Kingston or Providence campus.
