General Admission Requirements

All students must meet basic college-preparatory unit requirements (typically completed in high school): 4 in English, 3 in math (Algebra I, Algebra II, and Geometry), 2 in science, 2 in history/social science, and 2 units in the same foreign language.

If you have attempted fewer than 24 transferable credits you must earn a minimum 2.8 GPA (on a 4.0 scale) and meet all freshman admission requirements.

If you have attempted at least 24 transferable credits you must earn a minimum 2.5 GPA (on a 4.0 scale).

If you have earned an Associate's or Bachelor's degree from a regionally accredited institution, you must earn a minimum 2.4 GPA (on a 4.0 scale).

Engineering Admission Requirements

- Demonstrated success in previously attempted math, science, and engineering courses
- Pre-Calculus at the college level with a “B” or better

Application Deadlines

Spring Admission- December 15
Fall Admission –June 1

Transcripts are due no later than 10 days after the application deadline.

Programs

- Biomedical Engineering, B.S.
- Chemical Engineering, B.S.
- Civil Engineering, B.S.
- Computer Engineering, B.S.
- Electrical Engineering, B.S.
- Industrial & Systems Engineering, B.S.
- Mechanical Engineering, B.S.
- Ocean Engineering, B.S.

Engineering Minors

- Minor in Nuclear Engineering
- Minor in Engineering Entrepreneurship
- Minor in Environmental Engineering

International Engineering Program (IEP)

International Engineering Program combines a B.S. degree in any of the college’s engineering disciplines with a B.A. degree in a foreign language (German, Spanish, French, Chinese or Italian). The five-year program includes a year studying abroad. The first semester abroad is spent at the IEP’s partner university taking engineering, language, and culture courses in the host language. This is followed by a six-month paid internship with an international engineering firm in the same country.
Application Process

Transfer applicants are required to use the Transfer Common Application and submit official transcripts. Submitting “School Forms” is not required. A completed application includes:

- Completed Transfer Common Application submitted online
- $65 application fee
- Official electronic or official printed transcripts from all post-secondary institutions whether or not you desire or expect to receive credit for such work. Electronic transcripts should be e-mailed to transferadmission@uri.edu.
- Official high school transcript unless you have an Associate’s or Bachelor’s degree in a subject similar in content to what is offered at URI.
- If you have fewer than 24 credits, you must have your SAT or ACT scores sent electronically to URI by the testing agency.

Students with more than 40 credits and who have not complete pre-cal should contact Dean Jared Abdirkin at jabdirkin@uri.edu to discuss transfer options.

Credit Transferability

ABET (http://www.abet.org/) accredits both Engineering programs and Engineering Technology programs. However, these two programs are different and distinct. Therefore, the College of Engineering will not accept any engineering technology courses for transfer credits toward a Bachelor of Science Engineering degree.

Transfer Scholarships

No separate application is required for our merit-based scholarships, but all students who would like to be considered for any merit award must apply by June 1 for fall and December 1 for spring, and submit all supporting documents by June 15 for fall and January 15 for spring. Merit awards are not available to students who have already earned a bachelor’s degree.

Transfer Merit Award

Preference for our highest-level awards will be given to students with:

- A minimum of 24 transferable college credits (based on a semester system) in a diversified program of study.
- A cumulative grade point average of 3.3.

Scholarships are renewable for up to six consecutive semesters, as long as the student maintains full-time enrollment and a grade point average of 3.0 or higher.

Phi Theta Kappa Transfer Scholarship

Awarded to Phi Theta Kappa scholars holding an associate degree who have achieved a minimum grade point average of 3.5. Additional eligibility requirements include:

- Current membership in Phi Theta Kappa
- URI must be your first four-year institution

Scholarships are renewable for up to four consecutive semesters, as long as students maintain full-time enrollment and a grade point average of 3.0 or higher.
