

ABOUT THE FILM MEDIA DEGREE:

The BA program in Film Media is an interdisciplinary program offering hands-on experience in documentary, experimental, and new media production, balanced with an emphasis on international cinemas, film/media history, criticism and theory. Our curriculum reflects the dynamic and diverse nature of this field, approached from a perspective of film history and media theory. Students learn to work with the evolving and overlapping technologies involved in the production of moving images, (including film, digital video, and new media), with an understanding of the broadening and globalization of their cultural and aesthetic contexts.
