# **MECHANICAL ENGINEERING - Catalog Year 2025**

## Freshman Year Fall Semester

Course Code	Description	Cr	
CHM 101	General Chemistry Lec I (A1)	3	
CHM 102	General Chemistry I Lab	1	
EGR 105	Foundations of Engineering I (A4)	1	
MTH 141 +	Calculus I (A1, B3)	4	
PHY 203	Elementary Physics I (A1)	3	
PHY 273	Elementary Physics Lab I (A1)	1	
	General Education Outcome*	3	
		40	

### Sophomore Year Fall Semester

Course Code	Description	Cr	
ISE 240 and 241 <i>or</i> MCE 201	Mfg Processes and Systems (3), Mfg Processes and Systems Lab (1) Engineering Graphics (3)	3-4	
MCE 262	Statics	3	
MTH 243 +	Calculus for Func. Of Sev. Var. (A1, B3)	3	
CSC 200	Comp. Prob. Solving for Sc. and Eng.	4	
	3		
	16-	17	

## Freshman Year Spring Semester

Total Credits = 122-125

Course Code	Description	Cr	
EGR 106	Foundations of Engineering II (A4)	2	
MTH 142 +	Calculus II (A1, B3)	4	
PHY 204	Elementary Physics II (A1)	3	
PHY 274	Elementary Physics Lab II (A1)	1	
	General Education Outcome*	3	
	General Education Outcome*	3	
		16	

# Sophomore Year Spring Semester

Course Code	Description	Cr	
ISE 240 and 241 or	Mfg Processes and Systems (3), Mfg Processes and Systems Lab (1)	3-4	
MCE 201	Engineering Graphics (3)		
CVE 220	Mechanics of Materials	3	
MCE 263 +	Dynamics	3	
MTH 362	Advanced Engineering Mathematics	3	
	Science Elective**	4	
		16	-17

Admission to the COE required for enrollment in "300" level and higher COE courses. Admission requires at least a 2.0 cumulative GPA and a Cor higher in each of the following; EGR 105 & 106, CHM 101/102, MTH 141 & 142, PHY 203/273, and either PHY 204/274 or CHM 112/114.

Course Code	Description	Cr	
MCE 301 +	Application of Mechanics in Design	3	
MCE 341	Fundamentals of Thermodynamics	3	
MCE 354	Fluid Mechanics	3	
MCE 372	Engineering Analysis I	3	
EGR 316G	Engineering Ethics (A3,C1,G)	3	

### Senior Year Fall Semester

Course Code	Description	Cr	
MCE 401	Mechanical Eng. Capstone Design I	3	
MCE 414	Mechanical Eng. Experimentation	3	
CHE 333	Engineering Materials	3	
	Professional Elective***	3	
	Professional Elective***	3	
		15	

## Junior Year Spring Semester

	Junior real Spring Semester		
Course Code	Description	Cr	
ELE 220	Passive and Active Circuits	3	
MCE 302	Design of Machinery	3	
MCE 313	Intro to MCE Experimentation	3	
MCE 348	Heat and Mass Transfer	3	
MCE 366	System Dynamics	3	
		15	

### Senior Year Spring Semester

Course Code	Description	Cr	
MCE 402	Mechanical Eng Capstone Design II (D1)	3	
	Professional Elective***	3	
	Professional Elective***	3	
	General Education Outcome*	3	
	General Education Outcome*	3	
		15	

\*General Education Outcomes: if all Outcomes are satisfied in fewer spaces than provided, you must complete additional coursework of your choice (Free Elective) to ensure you have earned at least 120 credits as required to earn a BS degree. See the "General Education Outcomes" section at the bottom of page two for more information on satisfying these requirements.

\*\*Science Elective: choose one (1) from BIO 201, BIO 360, CHM 112 & 114, CHM 124 & CHM 126, CMB 201, or PHY 205 & PHY 275.

15

\*\*\***Professional Elective:** Must be satisfied by twelve (12) credits of professional electives, with a minimum of three (3) three (3)-credit MCE courses (no more than two (2) courses from the MCE 47\*/CHE 47\* series), two (2) of which must be taken at URI. The fourth course may be a 300-, 400-, or 500-level course offered by the College of Engineering, CHM, CSC, or PHY, or a 400- or 500-level MTH or STA course (with the exceptions of CSC 320, ELE 313, MTH 420, and PHY 322; STA 409 will not count for students with credit in MCE 411/ISE 311). Professional elective courses taken outside URI are subject to URI transfer credit rules and require prior written approval.

+ Course pre-requsites include grade requirements in previous coursework, see catalog or eCampus course description for details.

\*General Education Outcomes: at least 40 credits must be completed. (A1-D1) must be met by at least three credits. A single course may satisfy one or two outcomes, and at least one course must be a "Grand Challenge". No more than twelve credits can be from the same course code except HPR. General education courses may also be used to meet requirements of your major(s) or minor(s) when appropriate.

\*\*Science Elective: choose one (1) from BIO 201, BIO 360, CHM 112 & 114, CHM 124 & CHM 126, CMB 201, or PHY 205 & PHY 275. \*\*\*Professional Elective: Must be satisfied by twelve (12) credits of professional electives, with a minimum of three (3) three (3)-credit MCE courses (no more than two (2) courses from the MCE 47\*/CHE 47\* series), two (2) of which must be taken at URI. The fourth course may be a 300-, 400-, or 500-level course offered by the College of Engineering, CHM, CSC, or PHY, or a 400- or 500-level MTH or STA course (with the exceptions of CSC 320, ELE 313, MTH 420, and PHY 322; STA 409 will not count for students with credit in MCE 411/ISE 311). Professional elective courses taken outside URI are subject to URI transfer credit rules and require prior written approval.
