Business Admission Requirements

Transfer applicants with 60 or more credits must have a 2.5 CUM GPA and a minimum of a 2.7 GPA in the six courses listed above to transfer into the degree granting College of Business.

Students with less than 60 attempted credits should have a 2.8 CUM GPA and will need to meet the requirements to transfer from University College for Academic Success (UCAS) to the degree-granting College of Business.

The BSBA program requires courses that are quantitative. Transfer students who are interested in business majors will be asked to meet the same requirements to

transfer into the degree-granting College of Business.

Please note: if the Business Statistics course does not transfer as the equivalent to Business Statistics that is required at URI (BAI210 or STA308) students will be asked to stay in University College until they take the appropriate statistics course. Students may not know how their statistics course will transfer in advance.

Due to the nature of the AACSB-accredited BSBA program, courses need to be taken in order. Capacity in some of the courses is limited, particularly in majors that are popular. Please be aware that these constraints may extend the time to degree. Transfer students may seek J-Term and summer courses during their initial enrollment period, when other students may have already registered. Please plan to be flexible with your schedule and to take electives until you are in the degree-granting COB.
