

Business Analytics Minor Field of Study

1. Application for a **Business Analytics minor** for business and non-business majors must be filed in the academic dean's office no later than the beginning of the second semester of the student's senior year. Departments and programs may require an application for a minor in advance of the second semester of the senior year, but not before the semester in which 75 credits are completed. 18 credits of related coursework in the College of Business.
2. At least 12 of the 18 credits required for a minor shall be at the 200-level or above. A min. avg. of 2.00 GPA must be earned in for the minor.
3. At least three courses applied to the minor must be completed at the University of Rhode Island.
4. A maximum of two courses required in a major program may be used to apply to both the major and minor fields of study. Courses from other curricula that are recommended or required for the major may apply to the minor. Courses in General Education may be used for the minor. Courses in the minor may not be taken under the pass-fail grading option.
5. Approval of a minor does not guarantee space in any course required for the minor. MTH131/MTH141 in place of BAI111 and STA308 in place of BAI210 are strongly advised. Taking courses over the summer is also strongly advised.
6. If you have not completed all 18 required credits, list all courses already taken/planned to take, including the semester.
