

**College of Business
General Business Minor
for NON-Business Majors**

This 18-credit formalized minor is designed to give non-business students the opportunity to gain some analytical business career skills to supplement their majors.

REQUIREMENTS FOR GENERAL BUSINESS MINOR ARE:

1. Undergraduate non-business students should declare **General Business** as a minor field of study the semester when the student expects to complete 75 credit hours. Requirements are satisfied by completion of the 18 credits of related studies offered by the College of Business and the Department of Economics.
2. A minimum average of 2.0 must be earned in the 18 credits required for the minor.
3. At least 3 courses for the minor must be earned at the University of Rhode Island.
4. At least 12 of the 18 credits (4 courses) must be at the 200-level or above.
5. **ACC199 is preferred to ACC201 for business minors. Because business students must be accommodated first, approval of a minor does not guarantee space in courses during the fall or spring semester. Taking courses in summer is strongly recommended.**
6. *If you have not completed all 18 required credits, include all courses taken/planned to take along with the respective semester.*
