The College of the Environment and Life Sciences (CELS) along with The Center for Career and Experiential Education cordially invites you to attend our CELS Career Fair on Wednesday, December 12th with students, faculty, staff, alums, and other employers in the science, environmental, and energy fields.

The event includes a career fair, followed by a poster presentation from our students in the Coastal, Energy, Science and Engineering Fellows Programs. You can choose to engage in some or all of the day’s events.

The cost of the career fair is $100 for non-profit and $200 for profit organizations. Please see the agenda below:
