Announcements:

Dean Kirby
1. There is a continued interest in maintaining consistency with URI’s strategic communications policies, including institutional branding. Make sure any documents sent out for media, mass emails to constituents, etc, comply with the University branding policies. Refer to the URI Branding and Visual Standards Guide (http://www.advance.uri.edu/visualstandardsguide/resources/StyleGuide-sm.pdf) to guide communications design.
2. There will be personnel changes affecting the college – Brianne Neptin our Coastal Fellows Coordinator will be moving to A&S and getting a big promotion. Vice Provost Cliff Katz will be retiring March 15th.
3. The University-wide budget process is in full swing. The Provost’s office is looking closely at numbers all Gen-Ed & especially Grand Challenge courses submitted for approval by the colleges. Allocation of new faculty positions is being tied in part to GenEd course offerings, so departments are expected to assure that courses are getting along through the approval process, so we can get further new faculty positions in the next FY budget.
4. The Provost is having discussions with the Faculty Senate Executive Committee and the AAUP about establishing much more explicit workload statements about teaching, research, extension and service workloads in new faculty letters of hire so that expectations are clear for later evaluation for promotion and tenure.
5. The Governor’s scholarship program for students will coming online for the fall semester. Students will need to have 60 credits and be in good standing before junior year to receive funds. This puts on pressure to assure that students are adequately advised, be taking adequate course loads and maintaining grades C or above.
