The Executive Board is not allowed to officially represent their clubs at Council meetings. Responsibilities for each member of the Executive Board are outlined in the CSIC By-Laws.

**Section 3: Mission Statement**
The University of Rhode Island Club Sports Program is a competitive recreational sports program for university students, designed to fulfill athletic needs not met by existing intercollegiate programs. The basic philosophy and key to the success of the program, is the emphasis placed on season-long participation and competition. Each club is organized by students; coaches are selected by each team’s executive board, and perform without monetary compensation, unless funds are raised by the individual team specifically for that purpose.

**Section 4: Purpose Statement**
The Club Sports Program relies heavily on student initiative, organization, and financing to make the program effective. The Club Sports office considers its primary role in this area to be advisory in nature so as to preserve student initiative and leadership.

The purpose of the Club Sports Program is to:

- Offer a sporting and competitive activity for any interested student, who has the desire to participate, and develop skills in specific sports.
- Provide an opportunity for extramural competition.
- Foster the development and growth of individuals through satisfying competitive club sport experiences.
- To secure the use of facilities and to provide, if possible, equipment and instruction necessary for orientation and learning skill development.
- To serve as a guiding force to perpetuate existing clubs.
- To provide a basis for fellowship among students, around common interests.

**Section 5: Criteria for Recognition of Club Sport Teams**
Each team must satisfy all of the criteria listed below in order to maintain status as a URI club sport.

1. The mission and purpose of each club sport team must be athletic in nature and support the mission and purpose of the URI Club Sports Program and the Club Sports and Intramural Council (CSIC).

2. A constitution and team by-laws written in accordance with URI Student Senate guidelines must be kept on file in the club sports office and reviewed/updated every 3 years. This document shall include but not be limited to a statement of purpose and objectives, membership requirements (including nondiscrimination clause), policy for the collection of dues (must be in accordance with URI Club Sports Dues Policies), statement indicating the club will abide by all University policies, procedure for maintaining continuity (articles of succession), a list of Officers and their duties/responsibilities.
3. All teams must maintain sufficient membership. Sufficient membership is defined as at least ten (10) members and as many as is required to field a competitive team. Membership total must also be in compliance with league or national governing body policies.

4. Facility space for regular practice and competition must be available on-campus or within a reasonable distance from campus.

5. Collegiate and extramural competition must be available within a reasonable distance from campus.

6. If the sport is a duplicate of an existing intercollegiate varsity sport managed by the Department of Athletics, the Club Sport Team must be approved by both the Athletic Director and Vice President for Student Affairs.

7. Team is not funded independently by the URI Student Senate.

8. Team must be a part of a national governing body (NGB).

9. Team must have league, regional, and national competitions.

10. Team must be eligible for and actively compete toward a regional or national championship.

Section 6: Formal Process for Recognition of New Teams

1. Those students interested in initiating a new club sport team should schedule a meeting with the Coordinator of Club Sports and the Club Sports & Intramural Council (CSIC) Executive Board.

2. Prospective teams must obtain and maintain status as a Student Senate-recognized organization for two (2) consecutive academic semesters before applying for recognition as a club sport.

3. Prospective teams must satisfy all of the requirements outlined in section 5 of this manual and uphold the mission and purpose of the URI Club Sports Program and the CSIC.

4. Teams seeking recognition as a club sport should submit a formal application to the Coordinator of Club Sports before November 1 of the Fall Semester or March 15 of the Spring Semester.

5. In conjunction with the CSIC Executive Board, the Coordinator of Club Sports will review and evaluate all applications to determine if the eligibility requirements are met and make a recommendation to the full CSIC for approval or disapproval.

6. The application and the Coordinator’s recommendation will then be forwarded to the CSIC for review and a vote will be added to the agenda for the next scheduled CSIC meeting.

7. Members of the prospective team’s executive board should attend the CSIC meeting to present their application and to answer any questions.

8. An affirmative vote of two-thirds (2/3) of the voting membership of the CSIC is required for recognition of a new team.

9. If a team is denied membership, the team can reapply once every two (2) semesters.

10. Newly recognized teams will serve a probationary period of one year.

Funding for New Club Sport Teams

Funds for new clubs will come from the CSIC. A maximum of $1,000 is available to any new club team for their first budget request. Teams receiving recognition in the Fall semester may request funding from the CSIC for the current academic year. Teams receiving recognition in the Spring semester cannot request funding from the CSIC until the budget process begins for the following academic year.
Section 7: Club Membership and Participant Eligibility

Non-Discrimination
A club sport team shall not discriminate against any person due to race, color, sex, sexual preference, gender identity or expression, handicap, national origin, religious affiliation or belief.

Individual Requirements
Each participant must register online, complete the appropriate forms and sign the Club Sports Liability Waiver prior to participation in any club sport event and/or activity.

Individual Eligibility
1. All matriculated undergraduate or graduate students in “good standing” at the University of Rhode Island shall be eligible for membership on a club sport team. The following stipulations apply:
   - Graduate and part-time matriculated students must pay an additional $26 in dues, as the student activity fee that supports the CSIC is only collected from full-time undergraduate students.
   - Teams that hold tryouts and make cuts cannot have graduate students on their roster, as they would displace a fee-paying undergraduate student.
   - Part-time undergraduate students in their final semester prior to graduation shall be eligible for membership without incurring any additional fees.
2. Non-matriculated students who have graduated from high school, are enrolled in at least three (3) credits, and have a pending admissions application are eligible for membership on a club sports team for one (1) semester prior to matriculation, but must pay an additional $26 in dues.
3. Community members and non-matriculated students who do not have a pending admissions application or who have not graduated from high school are not eligible for membership.
4. All league and/or national governing body regulations regarding individual eligibility must be followed in addition to the policy outlined above.
5. Students are only allowed to participate for eight (8) semesters unless enrolled in an academic program intended to be more than 4 years (e.g. Pharmacy). Exceptions may be made for students with multiple majors, or students in good academic standing who changed majors through an appeal process and as long as national governing body eligibility allows.

Membership Dues
Participation in club sports may require an individual to pay annual membership dues. Paying dues does not guarantee playing time. **Dues can only be paid via cash, personal check or cashier's check.** Dues are not refundable after the competitive playing season begins or 10 business days after payment, whichever comes first. All club sport teams are considered yearlong activities. Teams may choose to split the annual membership dues over the two semesters, but in all cases the total annual membership dues must be paid in full.

Full payment of dues must be received by the first scheduled competition or by 5:00 PM on October 12, 2018, whichever comes first. If dues are collected each semester, second semester payment must be received by February 15, 2019.

For teams that do not split dues between semesters, if dues cannot be paid by the fall semester deadline due to extenuating circumstances, the Head Coach or team President must be notified. A payment plan may be created only with the written approval of the Head Coach, or team President. The Coordinator of Club Sports will draft the payment plan to be signed by the participant and the Coordinator of Club Sports. To establish a payment plan, a minimum of half of the amount due must be paid upon creation of the payment plan. The balance of the payment plan must be paid by 5:00 PM on December 11, 2018. If dues have not been paid within 10 days of the deadline, or the payment plan becomes delinquent, the participant will be notified via email that he/she has two weeks to pay the past due balance before a hold is placed on his/her e-Campus account and he/she will be prohibited from participating with the team until the payment plan is brought current.

Dues are non-refundable, non-transferrable, and must be paid in-full. Participants electing to quit due to injury or other health issues will not be issued a refund or released from a payment plan without a doctor’s note that explicitly restricts athletic activity. No payment plans will be allowed for teams whose annual dues is less than $500 or for teams who collect dues per semester.

Insurance/Physical Examinations
The University of Rhode Island assumes no responsibility for any student with existing health conditions that makes it inadvisable for him/her to participate. It is strongly recommended that all club sport members have adequate medical coverage and have an annual physical examination. Each URI Student is required to carry medical/health insurance.
Hazing

Hazing is strictly prohibited. Hazing is defined as any action taken or situation created (the willingness of individual to participate notwithstanding) upon which initiation, admission into, or an affiliation with an organization is directly or indirectly conditioned and which produces mental or physical discomfort, embarrassment, harassment, or ridicule.

Rosters

A club team roster must be submitted to the Club Sports Office as soon as it is finalized and kept up-to-date at all times.

Size of Membership

Due to the fee-funded nature of the Club Sports Program, club sport teams cannot arbitrarily place restrictions on the number of members allowed to join. However, teams may limit membership due to national governing body or league rules, availability of facility space, or safety concerns. The Coordinator of Club Sports and CSIC Executive Board must approve all membership caps.

Eligibility for Competition

Student-Athletes may be restricted from competition by the eligibility regulations of their team’s association, league and/or national governing body. Each team is responsible to ensure these regulations are followed. If a team’s governing body requires eligibility certification by the Office of Enrollment Services, the form must be submitted to the Club Sports office and requires a minimum of two weeks for processing. If league/NGB academic eligibility rules are more strict than URI’s academic eligibility rules, the league rules will supersede URI’s.

Section 8: Club Sport Coaches

Each team, is responsible for the selection of its own coach(es). The Coordinator of Club Sports must be involved in the selection process and approve the selection before an offer is made.

If deemed necessary, a search committee can be formed and a national search can be conducted. Contact the Coordinator of Club Sports to organize the search process for a coach.

The role of club sport coaches differs in scope from that of a varsity coach. Although it is encouraged that the club sport coach takes an active role in assisting and participating in all aspects of his/her sport, it should be carefully explained to each coach that a club sport is a student-run organization.

All coaches must complete all required coaches trainings annually.

- Head coaches must have a current adult CPR/AED & First Aid certification on file.

Upon approval, each coach must sign a coaching contract that specifically outlines agreements reached by the student officers, the prospective coach, and the Coordinator of Club Sports and/or the Director of Campus Recreation. Included in the contract and job descriptions are detailed explanations, guidelines, duties & responsibilities and clauses focusing on, but not limited to: payment, evaluations, and safety and risk management issues. Once approved and signed by all parties, the contract and job description becomes binding.

Coaching Responsibilities

Although coaching responsibilities differ from sport to sport, some basic guidelines all coaches must follow include: to develop and improve skills; to coordinate and direct team practices; to accompany team to all event/activities; to assist in planning, coordination and evaluation of fundraising activities; to follow and enforce safety guidelines; and to promote good sportsmanship.

Coaching Evaluation

Mid-Year Evaluation

- Officers will hold a team meeting at the end of the fall semester where the team will voice any concerns to the officers.
• Officers will share any concerns with the Coordinator of Club Sports.
• If a mid-year meeting with coach is necessary to discuss concerns, it will be done immediately upon return from winter break or prior to the start of the spring season with officers and at the officer’s request, the Coordinator of Club Sports.

**Year-end Evaluation**
• Evaluations will be conducted immediately at the completion of the team’s competitive season.
• The Coordinator of Club Sports will schedule a time for the entire team to evaluate coach. This may be done in-person at a team meeting or via SurveyMonkey. If SurveyMonkey is used, team members will need to sign in for administrative tracking purposes only. Individual survey responses will not be shared with Coach.
• The Coordinator of Club Sports will meet with team officers to review the evaluations.
• Officers will give opinions on the evaluation results and the status of renewing the Coach’s contract for the following season.
• After meeting with the officers, the Coordinator of Club Sports will make the final decision based on personal observations and interactions.

- Each team member’s emergency contact information should be on-hand at all practices/competitions

The Club Sports program provides Certified Athletic Trainers (ATC’s) for all home contests. At the very least, an EMT must be present at every club sport home contest.

The Club Sports program requires at least two (2) student-athletes and the Head Coach to be certified in adult First Aid and CPR/AED. A copy of certifications must be on file in the Club Sports office.

Should a serious injury occur, please contact on-site medical staff or campus police immediately at 401-874-2121. Emergency contact information for all student-athletes must be with the coach at all times, as well as the Coordinator of Club Sports emergency contact number. All injuries require that an Accident Report Form be filled out and turned into the Club Sports office as soon as possible.

**Section 17: Financial Policies**

Financial support for the Club Sports program is derived from the URI Student Senate and URI Campus Recreation. Financial policies of the Club Sports program are governed by the URI Student Senate Finance Handbook, URI Foundation and in some cases, the CSIC Constitution and By-laws.
**Annual Budgets**
Each club must submit a copy of their budget request for the next academic year to the Coordinator of Club Sports and the CSIC on or before April 1st. Any team that needs assistance may set up a meeting with the Club Sports Coordinator.

Budgetary requests submitted will be considered based on several criteria:
- Number of student-athletes in the sport
- Years in existence
- Club’s actual need
- Inventory Accountability
- Attendance and responsibility to CSIC
- Compliance with University policies
- Fundraising efforts (all club teams are required to fundraise 20% of their requested budget)

**Allocation Committee Members**
The committee will consist of the CSIC Executive Council and two representatives from each of the recognized Club Sports teams. The budget meeting will be held as a round table discussion where each team has the opportunity to explain their requests and answer questions. The Coordinator of Club Sports will provide the council with the total CSIC budget allocation from Student Senate and the committee must work together to fit the individual team requests into the overall budget. Each team should be knowledgeable of the previous year’s budget and use that as a model for creating their new request.

**Allocation Process:**
An administrative fee of $27,850.00 will be taken out of the budget, to pay for the Club administrative needs, i.e. fiscal clerk salary, office supplies, printing, and more. An additional $16,000.00 will be allocated annually to pay for athletic trainers or EMTs for home competitions and medical supplies for all teams. An additional $18,000.00 will be set aside as a contingency fund. Clubs may request money from the contingency fund for the purpose of regional/national championship competition or capital improvements. See the Contingency Funds Request section for request procedures.

Once the budgets are approved funds will be allocated according to the needs of each team in the following categories:
- National Governing Body/League Affiliation fees, tournament fees, and official fees
- Equipment that remains the property of URI
- Travel associated costs and facility rental needs
- Coaches’ salaries and team meals will not be funded through allocated funds

**Fiscal Accountability**
It will be the responsibility of both the Coordinator of Club Sports and the team officers to ensure that budgets are maintained and balanced. The Coordinator of Club Sports, the CSIC President and Business Manager must approve all expenditures.

**CSIC Contingency Funds**
CSIC contingency funds are maintained to support newly formed organizations, and to provide funding support to help a club sport team should they qualify for regional or national competition(s) (up to $1,000 per school year) if needed. If a team does not qualify for their regional or national competition, they may request to use contingency funds for capital improvements. Contingency monies will be disbursed according to the guidelines described in the CSIC Constitution and By-Laws, Article II, Sections 4 & 5. If funds are needed prior to playoffs, a request for a loan may be submitted.

Teams must submit a Club Sports Contingency request form prior to the competition and at least one week before the next CSIC meeting or funds will not be granted.

**Student Senate Contingency Funds**
The Student Senate maintains a contingency fund that is available to all recognized student senate organizations through a formal request process. CSIC member teams may apply for these funds only after approved and recommended by the CSIC and the Coordinator of Club Sports. All requests must be submitted to the Coordinator of Club Sports and the CSIC Executive Board prior to submitting to the Student Senate Finance Committee.

**Student Senate Accounts**
- All money allocated by CSIC is deposited into each team’s Senate account.
- Team operational expenses should be paid through Senate accounts at all times unless extenuation circumstances apply.
- All travel expenses are paid through Senate accounts.
- Dues money may be deposited into Senate accounts.
- Fundraised money (not donations) can be deposited into Senate accounts.

**Foundation Accounts**
- All donations must be deposited into Foundation accounts.
- Team dues may be deposited into Foundation accounts.
- Team Foundation accounts are used to pay all coaches. Only fundraised money or team dues can be used to pay coaches. No money allocated by CSIC can be used to pay a coach.
- Teams with available funds in their Foundation account may purchase equipment, supplies and reimburse team members/coaches with available funds. Foundation funds should not be used for team travel expenses.
- Teams must receive prior permission from the Coordinator of Club Sports to purchase equipment or reimburse a player or coach from Foundation funds.
- No after the fact invoices will be accepted for URI Foundation accounts- example:
  - o Submitting an invoice for goods that have already been delivered without prior authorization for the purchase from the Foundation account. The University will not accept the invoice and the team will be financially responsible for all costs incurred and the bill will be paid out of pocket from team members.
- Payment cannot be made until goods or services are delivered or provided. Deposits for special orders may be made upon request.

**Private Bank Accounts**
Private bank accounts are not allowed under any circumstances. All monies must be deposited in either the Student Senate or URI Foundation Accounts by completing a deposit slip and submitting to the Club Sports Office.

**Purchasing Process**
*Items where action by teams is required are BOLDED. All other steps are completed by the Club Sports Office.*

<table>
<thead>
<tr>
<th>Step 1: Intent to Purchase</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. All purchases are initiated by submitting an <strong>Intent to Purchase</strong> form to the Club Sports Office. Intent to Purchase forms must be submitted by the team’s President or Treasurer or their designee.</td>
</tr>
<tr>
<td>B. The Coordinator of Club Sports will review the Intent to Purchase within 24 hours of receipt and reach out to the team if there are any questions.</td>
</tr>
<tr>
<td>C. If the purchase is approved by the Coordinator of Club Sports, the expense will be logged as an encumbrance in the team’s budget.</td>
</tr>
</tbody>
</table>

If the Coordinator of Club Sports approves the usage of funds from a URI Foundation Account, Step 2 will be skipped. It is recommended that the Student Senate account be used for most purchasing as the URI Foundation purchasing process is lengthy and sometimes complicated. If necessary, funds can be transferred from the Foundation account to the Student Senate Account.

<table>
<thead>
<tr>
<th>Step 2: Purchase Order (Student Senate Account only)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. When the Intent to Purchase is approved by the Coordinator of Club Sports, the Club Sports staff will request a Purchase Order (PO) from the Student Senate Accounts office.</td>
</tr>
<tr>
<td>B. When the PO is typed, signed, and returned to the Club Sports Office, the team will be notified that the PO is ready.</td>
</tr>
</tbody>
</table>

If the purchase is for entry fees, league dues, or any other expense that does not require that items be delivered or a service be rendered, you may skip Step 3 and proceed to Step 4.

<table>
<thead>
<tr>
<th>Step 3: Place Order/Request Service</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. <strong>The order can now be placed with the vendor.</strong> A copy of the purchase order can be provided to the vendor if necessary.</td>
</tr>
<tr>
<td>a. The club sports credit card can only be used if the vendor will not accept a purchase order</td>
</tr>
<tr>
<td>B. <strong>If purchasing items that require delivery, the order MUST be shipped to the following Address:</strong> URI Club Sports, 75 Keaney Road, Kingston, RI 02881</td>
</tr>
<tr>
<td>a. When the items are received, the club sports staff will notify the team immediately</td>
</tr>
<tr>
<td>b. The team will take an inventory to verify that all requested items were delivered</td>
</tr>
</tbody>
</table>
The use of the Club Sports credit card is a privilege

Only Student Senate funds can be used for credit card purchases

The credit card is only allowed to be used for team travel (airfare/hotel) or online registration/entry fees.

To use the credit card, teams must follow the purchasing procedure, just as they would for a check. The only change is that a credit card authorization form, web link, or phone number must be provided at the payment request step (Step 4) in order to process the payment.

Any teams traveling using the credit card must obtain a receipt and submit it to the Club Sports Office within 5 business days after trip completion.

Failure to submit a receipt will result in the following fines:

- First Offense - $100
- Second Offense - ½ of the cost of the item charged
- Third Offense – Full amount of the item charged and loss of credit card privilege.

Service Contracts
Contracts are used for services provided by experienced vendors such as DJs, speakers, caterers, laborers, guest coaches, house rentals, etc. The “Team” should be the name listed on the contract, not a member of the team or coach.

Individual students cannot sign contracts. The Coordinator of Club Sports and the Director of the Memorial Union and Student Involvement must review and sign all contracts.

Deposit Slips
In order to deposit funds, a DEPOSIT SLIP is required and can be obtained from the Club Sports office. All money must be deposited to the club sports office within 3 days of receipt. The deposit slip will be signed by a Club Sports or Campus Recreation staff member. The white copy of the deposit slip remains with the deposit. The yellow copy will be placed in the team mailbox once the deposit is confirmed with Student Senate or the URI Foundation and should be retained by the team’s treasurer. The pink copy will be given to the individual making the deposit as their receipt.

Equipment Purchase
Before a team can purchase any new equipment, the team must have money remaining in its budget specifically for that purpose. The team must submit the specifications of the equipment to be purchased to the Coordinator of Club Sports for approval. All equipment purchased with team funds becomes the property of the University of Rhode Island.

Equipment purchases exceeding $5000 must be coordinated in advance with the Coordinator of Club Sports. A bid process may be required.

Section 18: Fundraising
Each year URI Club Sport teams organize fundraisers to help pay for their coaches’ salaries, equipment, travel expenses, league dues, officiating expenses and much more. In order to supplement their annual budgets, club sport teams are required to raise a minimum of 20% of their budgetary allocation during each academic year. Any teams that do not raise the 20% minimum required will have the following years budget cut by 20%.

Fundraising Rules and Regulations
All promotional materials must clearly indicate that the sponsoring group is a Club Sport, clearly show the Campus Rec logo and be approved by the Coordinator of Club Sports, Coordinator of Marketing, and/or the Director of Campus Recreation. Fundraising activities involving alcohol, tobacco, or drugs are prohibited. Any fundraising activities must be cleared through the Club Sports Office, prior to the execution of the event or activity. A “Fundraising Authorization Form” must be completed by a team officer and approved by the Coordinator of Club Sports.

URI Foundation
The URI Foundation is available to assist with fundraising for all club sports teams. The Foundation has a staff of professional fundraisers tasked with raising money for the University. The Foundation can assist with phone-a-thons, solicitation letters, crowd-funding and other fundraising initiatives. Contact the Coordinator of Club Sports to utilize the services of the URI Foundation.
Membership Dues
Membership dues are considered a fundraising activity, but should be kept minimal so that all are financially capable of participating. Teams should make an effort to raise as much as possible using other fundraising methods in order to reduce the amount of dues collected.

Crowdfunding (New in 2018)
Crowdfunding is the process of funding an event, trip, or capital item by collecting small amounts of money from a large number of people via the internet (think GoFundMe). The URI Foundation can set-up a crowdfunding website complete with a description, photos, videos, and a fundraising goal thermometer. The use of GoFundMe or other crowdfunding platforms is not permitted. Teams must use the URI Foundation Crowdfunding platform if they wish to use this fundraising method.

Raffles/Games of Chance
Raffles/Games of Chance must be approved in advance by the Coordinator of Club Sports. A license must be obtained from the Rhode Island State Police and the Town of South Kingstown. License applications must be turned in to the South Kingstown Police department. Please list 75 Keaney Road, Kingston, RI 02881 as the address where the drawing will take place. Please provide the original license to the Club Sports Office to be kept on file.

Phone-a-Thon
Club teams desiring to participate in a phone-a-thon must submit a list of potential donors and/or alumni to the Coordinator of Club Sports. Teams are then assigned a night(s) along with phone(s) to call for donations. A club teams’ success depends on advanced preparation and caller training. For more information, please contact the Coordinator of Club Sports.

Newsletters
The Club Sports office understands the importance of maintaining a close relationship with club sport alumni and friends. Several club teams send regular newsletters to keep alumni informed of upcoming events, general information, social gatherings and to solicit financial support. Although most newsletters are written by Club Sport student-athletes, the Club Sports office reserves the right to edit any material for content, layout and quality. The Club Sport staff is available to help any team prepare a professional newsletter. Newsletter and all other printed materials must be approved by the Coordinator of Club Sports and the URI Foundation.

Media Guides
The purpose of the book is to provide current media information about the program for players, families, friends and potential recruits. Vendors are encouraged to place a paid advertisement inside the book to help defray the cost of printing. In previous years, media guides have realized a profit of $500-$2000. Please consult with the Coordinator of Club Sports for more information.

Section 19: Equipment
All equipment purchased with team funds is the property of the University of Rhode Island and cannot be retained by individual members. Any items that are meant to be kept as personal items must be paid for by the individual members of the team. If team dues includes personal items in addition to membership, the cost of the personal items must be explicitly identified and explained to both the paying members, and the coordinator of Club Sports (e.g. if dues cost $250 and $50 of it goes toward team jackets, then dues are $200 and personal items are $50).

The Club Sports program has an equipment storage room where clubs can store equipment during the summer and off-season. Space is limited and on a first-come, first-served basis. An inventory listing is required at the end of every spring semester with equipment turn-in.

The coach and/or club officer/leader(s) is authorized (with permission of the Coordinator of Club Sports) to check out equipment and issue it to club members. Specific times should be set and announced for team members to pick up and return equipment. It is required that clubs label their equipment and sign it out by number to club members. If an individual does not return equipment, a hold will be placed on that individual’s e-Campus account, preventing future class registration, as well as access to transcripts and diplomas. The hold will be lifted once the item is returned or its replacement value is paid to the club sports office.

Section 20: Points System
Beginning in 2018, the club sports program will utilize a points system to ensure teams remain compliant with program requirements. Each requirement is assigned a value. Teams will be awarded points for each requirement completed by
the established due date. Teams can collect additional points or make-up missed points by completing bonus point items. The amount of points collected at the end of the year will directly impact each team’s CSIC allocation.

The point goal for 2018-2019 is **110 points**. Teams that exceed the year-end point goal may be eligible for a monetary award, if approved by the CSIC.

Teams that end the year with less than 95 points will have their CSIC allocations for the next year reduced by the following amounts:

<table>
<thead>
<tr>
<th>2018-2019 Point Total</th>
<th>Allocation reduction</th>
</tr>
</thead>
<tbody>
<tr>
<td>95 or more</td>
<td>No reduction. Team will receive 100% of allocation</td>
</tr>
<tr>
<td>85-94</td>
<td>5% allocation reduction</td>
</tr>
<tr>
<td>75-84</td>
<td>10% allocation reduction</td>
</tr>
<tr>
<td>65-74</td>
<td>20% allocation reduction</td>
</tr>
<tr>
<td>55-64</td>
<td>40% allocation reduction</td>
</tr>
<tr>
<td>0-54</td>
<td>50% allocation reduction</td>
</tr>
</tbody>
</table>

The following is a detailed description of the point system requirements.

Certain requirements are critical items and must be completed before team activities commence. The critical items are indicated with an asterisk (*). If these requirements are not completed by the corresponding due date, the team will not be allowed to practice, compete, spend money, or utilize any services offered by the Department of Campus Recreation until the requirement is completed. No points will be awarded for critical requirements turned in after the due date.

Section 21: Parking
All Club Sports participants and coaches must adhere to all URI parking regulations while parked on-campus. Club sport participants must park in the lots designated for their particular type of parking pass. Coaches will be provided with a Campus Recreation visitor’s parking pass and must park in the designated visitor’s lot.

Section 22: FERPA
The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The University of Rhode Island extends the definition of “student education records” to include records related to a student’s participation in club sports.

In order to remain compliant with FERPA, coaches and team officers should not disclose ANY information related to specific students to anyone (including a student’s parents) without their written consent.

If someone asks specific information about a student, kindly inform him/her that you are unable to disclose the information due to federal law. Best practice is to recommend that the student reach out to you directly to discuss their questions.

Section 22: Standards of Conduct and Disciplinary Procedures
Each club sport team and its individual members are obligated to conduct themselves in a mature responsible manner that does not threaten the safety of others or detract from the reputation of The University of Rhode Island. In addition, each club is required to abide by the URI Student Code of Conduct and Club Sports Code of Conduct. Any violation of University, State, or Local laws or policies may result in dismissal from the CSIC, loss of all privileges, and/or Campus Judicial Charges. Each team is also encouraged to establish an individual team code of conduct policy. This can be created by the team captains along with the coach or Club Sports Coordinator.

The CSIC Executive Board will review any action in violation of the Club Sports & Intramural Council or The University of Rhode Island policies or regulations. Matters of Federal, state, or local laws will be referred to the appropriate authority and the Campus Judicial Board.

Disciplinary Process
When the Coordinator of Club Sports or Director of Campus Recreation becomes aware of a violation of the Club Sport Athlete Code of Conduct, they will meet with the athlete and the coach/captain to gain information about the incident. After this meeting, the Coordinator, Director and coach/captain will determine the proper course of action. The coach/captain will notify the athlete of the consequences at an in-person meeting and the Coordinator will follow up in writing to the athlete and coach.

Penalties Available to the Coordinator (as suggested guidelines)
The following are examples of possible recommendations the Coordinator can offer as a disciplinary action.

For minor penalties the committee has the following options:
- Probation for a specified period of time, not to exceed one year from the time of the violation.
- Probation as well as community service.

For moderate penalties the committee has the following options:
- Probation for a specified period of time, not to exceed one year from the time of the violation.
- Probation as well as community service.
- Probation as well as cutting funding. Dependent upon the severity of the violation cut 1/3, 2/3, or 100% of the budget. Any funding that is cut due to disciplinary action shall be placed in the contingency fund.

For major penalties the committee has the following options:
- Probation for a specified period of time, not to exceed one year from the time of the violation.
- Probation as well as community service.
- Probation as well as cutting funding. Dependent upon the severity of the violation cut 1/3, 2/3, or 100% of the budget. Any funding that is cut due to disciplinary action shall be placed in the contingency fund.
- Suspension for a semester or year along with the team account being frozen. The team must provide team CSIC representatives to all CSIC meetings. The representatives will have no voting authority at the CSIC meetings. Should your club not provide representation you will be subject to further sanctions.
- Should a team have essential expenses that must be paid while under suspension, any debt incurred by Club Sports will be considered a loan that must be resolved upon re-recognition with Club Sports.
Appeals Process
All decisions of the Coordinator of Club Sports may be appealed by the following procedure:

Written notification of appeal must be filed with the Club Sports Coordinator within 5 days of receipt of the written notice of disciplinary action. This notification must address the specific ground for appeal, relief requested, and appellant’s position and reason in support of the relief requested. The Coordinator will convene a meeting of the CSIC Executive Board to discuss the appeal. Based on review of available information, the CSIC Executive Board may uphold, reverse, or modify the disciplinary actions.

Should any representative on the CSIC Executive Board be involved in the incident, they will not take part in the appeal process.

Code of Conduct
The University of Rhode Island values fair play and the generally recognized high standards associated with wholesome competitive sports. Participation on a club sport team is a privilege and should be treated as such. The Club Sports program and Club Sport athletes are a window to the University. Club Sport athletes often are in the spotlight; their behavior is subject to scrutiny by their peers, the campus, local and national communities, and the news media. The actions of one Club Sport athlete may reflect positively or negatively on the team, the Club Sports program, and the University. Therefore, Club Sport athletes at The University of Rhode Island are expected to represent themselves, their teams, and the University with honesty, integrity and character – whether academically, athletically, or socially.

Violations of Local, State, Federal Laws
Club Sport athletes are subject to city, state, and federal laws. A Club Sport athlete who is charged with violating local ordinances, state statues or federal law or who is arrested in connection with possible illegal activity may be subject to immediate suspension from the team activities pending further investigation.

Policy on Club Sport Athlete Conduct
Club Sport athletes are expected to:
- Abide by University, Club Sports, team, and National Governing Body policies;

Club Sport athletes must remember that they are representatives of The University of Rhode Island and your team. Club Sport participants are in the public eye more than other students. Please keep the following in mind as you participate on social networking websites:
- Before participating in any online community, understand that anything posted online is available to anyone in the world. Any text or photo placed online becomes the property of the site(s) and it completely out of your control the moment it is placed online – even if you limit the access to your site.
You should not post any information, photos, or other items online that could embarrass you, your family, your team, the Club Sports program, or The University of Rhode Island. This includes information that may be posted by others on your page.

Coaches, Club Sports, and Campus Recreation administrators may monitor these websites.

Local police and other law enforcement agencies may monitor these websites regularly as may potential employers and internship supervisors as a way of screening applicants. In addition, many graduate programs and scholarship committees also search these sites to screen applicants.

Club Sport athletes should be very careful when using online social networking sites and keep in mind the sanctions that may be imposed, including suspension or expulsion, if these sites are used improperly or depict inappropriate, embarrassing or dangerous behavior.

Consequences
The consequences for a violation of the Code of Conduct may include, but are not limited to: verbal warning; written reprimand; community service; mandatory behavioral assessment/counseling (including required chemical dependency assessment and/or treatment; anger management training; other counseling as determined by appropriate professionals); immediate suspension from the next regular or postseason competition(s); suspension from the team; and dismissal from the team. The University may impose additional sanctions, including probation, suspension from school, or dismissal from the University.

Process
A written copy of team rules and The University of Rhode Island Club Sport Code of Conduct will be provided to each Club Sport athlete at the start of each academic year. These will also be available online. Club Sport athletes will also be directed to the University of Rhode Island Student Handbook which is available online at http://www.uri.edu/judicial/studenthandbook.pdf.

It is a Club Sport athlete’s responsibility to report to his/her head coach or captain within 24 hours involvement in any violation of law or campus policies. The head coach or captain will immediately inform the Coordinator of Club Sports or Director of Campus Recreation, who then will inform the appropriate administrators. Self-reporting an incident may help to reduce sanctions.

A Club Sport athlete who is found responsible for violations of the Club Sport Athlete Code of Conduct will, at the first available opportunity, have an in-person meeting with the Coordinator of Club Sports, Director of Campus Recreation, and his/her head coach or captain. After collecting other information and speaking with appropriate parties the head coach or captain, Coordinator of Club Sports and the Director of Campus Recreation will determine the course of action. The head coach or captain will notify the Club Sport athlete of the consequence at an in-person meeting. The Coordinator of Club Sports and Director of Campus Recreation will follow up in writing to the Club Sport athlete and his/her head coach or captain.

A Club Sport athlete may appeal the decision of a disciplinary suspension to the Club Sports and Intramural Council Executive Board, a board comprised of four Club Sport athletes, and a Campus Recreation designee. Such a request must be in writing and must be submitted to the members of the CSIC Executive Board within 5 days after receipt of the notice of suspension. Based on a review of available information, the CSIC Executive Board may uphold, reverse or modify the suspension.

Violations of policies in The University of Rhode Island Student Handbook for which a Club Sport athlete is found responsible through the University’s judicial process are considered to be violations of the Club Sport Athlete Code of Conduct. The Dean of Students (or his/her designee) will report such violations, including charges and sanctions issued, to the Director of Campus Recreation or Coordinator of Club Sports, who in turn will immediately inform the Club Sport athlete and his/her coach or captain.

If a team without a coach is involved in any disciplinary situation, the Coordinator of Club Sports will assume the role as the coach and will administer team meetings.

Team or Club Sport sanctions may be imposed in advance of campus disciplinary actions or criminal proceedings.
