

THE UNIVERSITY OF RHODE ISLAND

SPRING 2024 COMMENCEMENT

May 17-19

FROM THE PRESIDENT

“University of Rhode Island graduates are the lifeblood of local communities, infusing them with new ideas and offering unique and valuable skill sets and a spirit of service. They are the leaders and innovators driving economic growth, promoting social change, fostering a sense of belonging, and leaving a lasting impact on the places they call home. I am proud of our URI graduates—one of the University’s greatest assets.”

—Marc Parlange

Dear Class of 2024,

Congratulations on reaching this remarkable milestone in your academic journey. I have been inspired by your hard work, resilience, and determination, and I am so proud of your accomplishments and your contributions to our incredible URI community. You have faced unparalleled challenges, both academic and personal. You’ve shown strength, perseverance, and agility in times of deep uncertainty. These experiences have shaped you into the individuals you are today and undoubtedly equipped you with the skills to succeed wherever you go from here.

It is my hope that URI has not only afforded you a degree that you can leverage for a lifetime but has instilled in you a set of values that will guide you on your journey ahead: integrity, empathy, generosity, and courage. Integrity has shaped you as leaders, both in and outside the classroom, and it should continue to serve as the foundation of all your actions and decisions. I have seen you cultivate empathy in your service to one another and to our community. Continue to listen, be open minded, and strive to make a positive impact on those around you. Your generosity has expanded well beyond material giving, and you have wholeheartedly shared your time, knowledge, and kindness with so many across our campuses and beyond. Keep uplifting others and create that culture of generosity wherever you go. Finally, you have courageously and willingly stepped outside your comfort zone, taken risks, and lent your voice to causes you believe in. I hope you continue to embrace new opportunities with enthusiasm and determination and act with conviction and confidence.

As we celebrate this significant achievement together, let’s also thank those who have supported you along the way—your family, friends, peers, teachers, and mentors. You join a robust Rhody network that is here to support you and the endeavors you may undertake.

Class of 2024, your future holds endless possibilities. Stay true to those values of integrity, empathy, generosity, and courage and you will leave a legacy far greater than you can imagine. Congratulations, once again.

Kind regards,

A handwritten signature in cursive script that reads "Marc Parlange". The signature is written in dark ink and is positioned above the printed name.

Marc B. Parlange
President, University of Rhode Island

ALMA MATER

All hail to thee, Rhode Island,
We pledge our faith anew,
While our heroes bring thee honor
With our banner of white and blue.
In truth we owe her much, for she's shown us the way
To achieve and be of service to the world.
So all hail our Alma Mater,
Rhode Island, our guide whate'er we do.

Think big. It's what we do every day at URI. It has been our hallmark ever since a small group of people acted on a big idea more than 130 years ago. Foresight, perseverance, and integrity have been the very foundations of the University since its beginnings in 1888, when several South Kingstown residents, the South Kingstown Town Council, and the state of Rhode Island made a collective donation of \$5,000 to purchase the 140-acre Oliver Watson Farm to establish a state agricultural school and experiment station.

Their action exemplified the vision of President Abraham Lincoln and the Morrill Land-Grant Act of 1862, that education of the people and for the people was, and is, America's and the world's best hope for enduring prosperity and peace. In 1892, the Rhode Island College of Agriculture and Mechanic Arts was formed, graduating its first 17 students just two years later. In 1951, the college became the University of Rhode Island, and those 140 original acres have grown into a 1,200-acre Kingston Campus, with additional locations throughout Rhode Island, including the Narragansett Bay Campus, the W. Alton Jones Campus, and in Providence, the state's capital city.

Much has happened during the past 132 years. The University is known locally and globally for its big ideas and innovative research across a broad

range of disciplines, striving for practical solutions to the world's most important challenges.

URI's colleges of nursing, pharmacy, business, engineering, arts and sciences, environment and life sciences, health sciences, and education, and the Graduate School of Oceanography are signature centers of scholarship and research. Some 200 undergraduate and graduate degree programs inspire students and spark their creativity.

Research conducted at URI transforms society's understanding of the world. Researchers are helping scientists deduce the volume of sea ice production and improve climate models of deep ocean currents. Visionary creative thinkers are imagining new ways of experiencing music and the visual arts that encourage inclusion and diversity. Innovators are isolating new molecules from blooms of cyanobacteria for potential therapeutic use against a wide range of diseases.

URI is not only a leading global education and research institution—its Kingston Campus is also a national historic site. In 2017, the U.S. Department of the Interior recognized the beauty and architectural significance of the historic Quadrangle, designating the area as the University of Rhode Island Historic District, now

part of the National Register of Historic Places.

At URI, historic preservation is paired with remarkable progress. Since 2007, the University has invested more than \$1 billion in campus capital projects and improvements. Among those improvements are two projects supported by Rhode Island voters through bond referendum approvals. The University is nearing completion of a comprehensive renovation of the Fine Arts Center, which serves more than 5,000 students each year and brings more than 50,000 visitors to the Kingston Campus annually for plays, concerts, gallery shows, and smaller exhibits. And transformative investments in the Narragansett Bay Campus will bolster URI's role as a leader in the blue economy and make it a cutting-edge home for the new National Science Foundation regional class research vessel *Narragansett Dawn*.

With a bold vision for the future, the University's enrollment has grown to more than 17,000 undergraduate and graduate students. Today, URI has some 145,000 alumni around the world, including more than 60,000 who call Rhode Island home. We congratulate our newest graduates and welcome them to the proud University of Rhode Island alumni community.

INDIVIDUAL COLLEGE CEREMONIES

Friday, May 17, 2024–Sunday, May 19, 2024

Friday, May 17, 2024

- 11 a.m. BUSINESS
Dean Sean Edmund Rogers
Thomas M. Ryan Center
- 3 p.m. PHARMACY
Dean Kerry LaPlante

THE COMMENCEMENT EXERCISES AND ACADEMIC PAGEANTRY

Over the centuries, banners and flags have lent drama to public ceremonies, and the flags you see today represent the University and international communities from which our students come.

Gonfalons are flags or banners, hung from crosspieces on poles that have been used since medieval times as symbols of state or office and are now traditionally used by colleges and universities. The Commencement gonfalons represent the degree granting colleges and schools that make up the University. Traditional colors of the academic disciplines have been used: Arts and Sciences, white and golden yellow; Business, drab; Education, light blue; Engineering, orange; Environment and Life Sciences, maize; the Graduate School, blue and gold; Health Sciences, sage; Nursing, apricot; Oceanography, aqua; and Pharmacy, olive green.

The international flags remind us of the importance of cultural diversity, internationalization, and global awareness.

The grand marshal, carrying the university mace, will lead the academic procession. The candidates for degrees and faculty will follow the grand marshal.

Academic dress has its origin in the colorful gowns and hoods of the Middle Ages. In the United States, a common code of academic dress was not adopted until 1895. This decreed three kinds of gowns and three hood lengths for bachelor's, master's, and doctoral degrees. Hoods are lined with the color or colors of the university conferring the degree and are bordered with a color representing the subject of study for which the degree is conferred.

Throughout the Commencement exercises, one may see reflected the pomp and ceremony of a feudal society and the intricacies of the medieval art of heraldry—in the ritual, the dress, the ceremonial accoutrements, such as the university mace, and in the wording of the degrees conferred.

UNIVERSITY MACE

The university mace was donated by the Class of 1963. It is made of gold-plated sterling silver and is mounted on a 3-foot rosewood staff. The URI seal, 3 inches in diameter, crowns the staff, with a sketch of Davis Hall on the back. Davis is one of the University's oldest buildings and is the site of the university bell tower.

2024 NATIONAL SCHOLARSHIPS

Some national scholarship programs are so prestigious that one can only apply if nominated by the University. This year, the following students have been recognized in such competitions:

Lina Al Taan Al Hariri '24 was selected as a finalist in the 2024 Rhodes Scholarship competition. The oldest and most celebrated international fellowship award in the world, it provides full financial support to pursue a postgraduate degree at the University of Oxford in the United Kingdom. Scholars and finalists are chosen not only for their outstanding scholarly achievements, but for their character, commitment to others and to the common good, and for their potential for leadership in whatever domains their careers may lead.

A 2023 Truman Scholar, Al Taan Al Hariri was selected as a finalist in the 2024 Marshall Scholarship competition this year, as well. Established in 1953 by an act of British Parliament to commemorate the generous economic aid provided by the United States through the European Recovery Program, the Marshall Scholarship selects up to 40 young Americans of high ability each year for graduate study at any university in the United Kingdom.

Four URI students have been selected as 2024 Boren scholars: Si Ying Chen '25, Tyler Dion '25, Juliana Nguyen '24, and Paula Porro-Vasquez '25. Three of the four are members of the Chinese Flagship Language Program and will spend their capstone year abroad in Taiwan. The fourth student,

Juliana Nguyen, will participate in the Southeast Asian Flagship Languages Initiative, Vietnamese. An initiative of the National Security Education Program, the David L. Boren Awards provide funding opportunities for U.S. undergraduate and graduate students to study less commonly taught languages in world regions critical to U.S. interests. In exchange for funding, Boren scholars and fellows commit to working in the federal government for at least one year after graduation.

Faith Simonini '24 has been offered a 2024 grant award from the Fulbright U.S. Student Program. She will serve as a Fulbright English Teaching Assistant at Athens College in Greece for the academic year. Written into law by President Harry S. Truman in 1946, the Fulbright U.S. Student Program is the flagship international educational exchange program sponsored by the U.S. government.

HONORARY DEGREES

VIOLA DAVIS Doctor of Letters

Viola Davis is a critically revered artist, activist, producer, philanthropist, and *New York Times*' bestselling author. Davis has earned EGOT status through her Emmy, Grammy, Oscar, and multiple Tony Award wins. She was honored in 2017 in *Time* magazine's Time 100 as one of the world's most influential people and, in 2022, was honored with the Public Counsel's William O. Douglas Award for her commitment to social justice causes. Davis has partnered with multiple programs to eradicate childhood hunger in the United States.

In 2012, Davis and her husband Julius Tennon founded their production company, JuVee Productions, with a focus on giving a voice to the voiceless through strong, impactful narratives. JuVee creates scripted and unscripted television, film, documentary, theater, and digital immersive content for global audiences. It remains at the forefront of innovation, while developing and producing a library of socially relevant entertainment, defined by inclusion. A graduate of The Juilliard School, Davis received an honorary doctorate during its 109th commencement ceremony and also holds an honorary Doctor of Fine Arts degree from her alma mater, Rhode Island College.

DEBORAH GOODRICH ROYCE Doctor of Humane Letters

Deborah Goodrich Royce is an author renowned for her thrillers, including *Reef Road*, a national bestseller, named one of the best books of 2023 by Kirkus Reviews and an Indie Next pick by the American Booksellers Association. *Ruby Falls* won the Zibby Award for Best Plot Twist, and *Finding Mrs. Ford* was hailed by *Forbes*, Book Riot, and *Good Morning America*.

In partnership with Bank Square Books, Royce hosts the Ocean House Author Series, which brings world-class authors to Watch Hill, R.I. It has featured a wide range of writers, including Chris Bohjalian, Katie Couric, Zibby Owens, and Emma Straub.

Royce began her career as an actress on *All My Children* and in multiple films before transitioning to the role of story editor at Miramax Films. She and her husband have worked together to restore the Avon Theatre in Stamford, Conn.; the historic Deer Mountain Inn in Tannersville, N.Y.; Martin House Books in Westerly, R.I., and other Main Street revitalization projects in Rhode Island and the Catskills. They have also led preservation projects such as the Mountain Top Library and Fromer Market Gardens, both in Tannersville, and the restoration of Westerly's Ocean House, a Victorian-era seaside resort that reopened in 2010. Also in Westerly, they led the restoration of the United Theatre, which was completed in 2022 and has become a cultural center bringing together art, music, and dance.

Royce holds a bachelor's degree in modern foreign languages and an honorary Doctor of Humane Letters from Lake Erie College in Painesville, Ohio.

CHARLES M. 'CHUCK' ROYCE Doctor of Humane Letters

Charles M. 'Chuck' Royce is chair and portfolio manager of Royce and Associates, LLP, retiring in 2015 as president and chief executive officer of the firm that he founded in 1972. The firm specializes in investments in domestic and international small capitalization stocks. He received a bachelor's degree in economics from Brown University in 1961 and a master's degree in business administration from Columbia University in 1963.

Royce is a fellow emeritus of the Corporation of Brown University. He previously served three terms as trustee of Brown University; established the Royce Fellowship in 1996, which supports undergraduate research and enrichment projects; and established the Royce Family Professorship for Teaching Excellence in 2004 to foster, promote, and reward undergraduate teaching. Royce serves as a trustee for The Frick Collection, along with the Berkeley School of Divinity at Yale University, the Bruce Museum, and the Preservation Foundation of Palm Beach, Fla.

Royce and the Royce Family Fund were instrumental in building the Westerly Education Center and are working on Westerly, R.I.'s Tower Street Center, a multipurpose community space being repurposed from an abandoned school.

He served on the vestries of Trinity Church Wall Street in New York City and Christ Church in Greenwich, Conn., where he was instrumental in founding "Courage and Faith," a series that presents leading writers and artists to the Greenwich community.

This program includes faculty members who were granted emerita/us status as of May 1, 2024.

SHAW K. CHEN
Professor of Business

Shaw Chen holds a Ph.D. from Ross School of Business, University of Michigan, and an M.A. in economics from National Taiwan University. During his 37 years at the University of Rhode Island, he served in various roles to facilitate student learning, promote research, establish new programs, and engage in professional services. His continuous administrative roles from 1995 to 2023 within the College of Business include program director for Ph.D. candidates, Finance Research Center, and the International Business Program, as well as associate, acting, and interim dean. Professor Chen published in business and management journals and served as editorial board member for many academic journals. He served as president, board member, and in other leadership capacities with the Northeast Decision Sciences Institute and the American Statistical Association.

CORNELIUS (KEES) DE GROOT
Professor of Secondary Mathematics Education

Cornelius (Kees) de Groot studied teacher training in his native country, the Netherlands. After immigrating to the United States, he taught high school in New York. He earned his Ph.D. from New York University in 2000 and joined the URI faculty in 2008. Recently, he has served as the executive director of the Rhode Island Mathematics Engineering and Science Achievement outreach program, also known as RIMESA. His research interests are in teacher development of mathematics content/pedagogical content knowledge, the role of mathematical practices in classrooms, the use of technology for math instruction, issues related to equity and social justice in education, and issues related to math anxiety.

ANNE L. HUME
Professor of Pharmacy

Anne Hume received her Bachelor of Science in pharmacy from the University of Pittsburgh and her Pharm.D. from the Virginia Commonwealth University. She joined the College of Pharmacy faculty in 1985. During her years at URI, Professor Hume taught in diverse areas including preventive cardiology, geriatrics, and integrative medicine. Among her research interests were medication use in vulnerable nursing home populations and the clinical use of dietary supplements. She authored more than 100 research publications, multiple book chapters, and cocreated a book on the clinical use of botanicals. Among her career honors, Professor Hume was a fellow of the American College of Clinical Pharmacy.

MARY MACDONALD
Professor, University Library

Mary MacDonald earned her M.L.I.S. from URI in 1996. She joined the faculty at the URI Libraries in 1997 and served the URI community by providing research assistance and instruction for 26 years. Alongside her colleagues, she established library credit-bearing courses that teach students to develop effective, efficient information research strategies. Her scholarship focused on the teaching and assessment of K–20 information literacy competencies. Professor MacDonald received the URI Graduate School of Library and Information Studies Outstanding Librarian Award in 2007, the Sheila Black Grubman Faculty Outstanding Service Award in 2013, and the Association of College and Research Libraries' Miriam Dudley Instruction Library Award in 2017. She has served on local, regional, and national library committees.

DAVID R. NELSON
Professor of Cell and Molecular
Biology

David Nelson received his A.B. (1972) and Ph.D. (1979) from the University of California, Los Angeles, and an M.S. (1974) from the University of Wisconsin-Madison. He joined the Department of Microbiology at URI in 1982 following a postdoc at the University of California, Berkeley. During his tenure at URI, he was major professor to 33 graduate students. He published extensively and served as an editor and reviewer of journal articles. He received \$11 million in research funds and was named the College of the Environment and Life Sciences Research Scientist of 2001. He created and was director of the Genomics and Sequencing Center on campus. Professor Nelson has served on numerous committees at URI and in the local public schools. He was on the Science Advisory Board for Team Phonak Cycling Team. His research on pathogenic bacteria has resulted in four patents.

GARY STONER
Professor of Psychology

Gary Stoner earned his Ph.D. in psychology from the University of Rhode Island in 1986 and completed postdoctoral fellowships at the Johns Hopkins University School of Medicine and the University of Massachusetts. Before returning to URI in 2007, he held tenured professorships at the University of Oregon and the University of Massachusetts Amherst. He served as director of the URI graduate programs in school psychology from 2007 to 2018. Professor Stoner's work focused on professional school psychology and support for students. He was privileged to serve as major professor to 36 Ph.D. students and more than 100 master's degree students.

PATRICIA STOUT
Clinical Associate Professor of Nursing

Patricia Stout joined the URI College of Nursing faculty in 1990. She received her nurse practitioner certification in 2003 and Doctor of Nursing Practice degree from URI. She worked as a certified nurse practitioner in private practice and in free clinics in Rhode Island. During her 34 years at URI, Professor Stout served on numerous university committees and within the College of Nursing. She served on the Partnership to Reduce Cancer in Rhode Island for several years and is currently chair of the group's board of directors.

JACQUELINE F. WEBB
Professor of Biological Sciences

Jacqueline Webb received her Bachelor of Science from Cornell University and her Ph.D. from Boston University. During 18 years at URI, she was director of the URI Marine Biology Program, the George and Barbara Young Chair in Biology, the recipient of the CELS Research Excellence Award, and a finalist for the URI Foundation Excellence Award in Teaching. She is an internationally known expert on the mechanosensory lateral line system of fish and published more than 50 papers and book chapters. Her recent work uses computational modeling to understand sensory receptor function and climate change effects on sensory system development. Her research was supported by the National Science Foundation, the National Institute for Undersea Vehicle Technology, and the American Philosophical Society.

COLLEGE OF
ARTS AND SCIENCES

Some names of degree candidates may have been added or withdrawn from the official graduation list after this program was published. Notations of distinction for graduation—cum laude, magna cum laude, and summa cum laude—are those in effect at the time of publishing.

DOCTORAL DEGREES

- Ebtessam Abdulshakoor, *Nursing* †
Sickle Cell Disease Self-Management
Mary Sullivan, Major Professor
- Alyssa M. Abreu, *Health Sciences* †
Oyster Consumption and Fe, Zn, and Cd
Brietta Oaks, Major Professor
- Eren Ada, *Biological and Environmental Sciences* †
Utilization of Large-Scale Genomic Data
Rachel Schwartz, Major Professor
- Vitul Agarwal, *Oceanography*
Quantitative Methods in Ecology
Colleen Mouw, Major Professor
- Winifer Mercedes Ali, *Pharmaceutical Sciences* †
USP2 Regulation in HCC by FXR Signaling
Ruitang Deng, Major Professor
- Gillian Amaral, *Business Administration* †
Dissertation Examining Mindfulness
Christy Ashley, Major Professor
- Janine Andrys, *Oceanography* †
H₂O and fO₂ in Subduction Zone
Magmatism
Katherine Kelly, Major Professor
- Ian W. Bishop, *Oceanography* †
Adaptive Potential of SO Phytoplankton
Tatiana Rynearson, Major Professor
- Xin Shao Zhang Bush, *Pharmaceutical Sciences* †
CHO metab in str cond to supp mAb qual
Roberta King, Major Professor
- Jiangping Cai, *Philosophy in Education*
The Lived Experiences of MLLs
Wayne He, Major Professor
- Steven Campo, *Business Administration* †
How Infrastructure Impacts the Economy
Christy Ashley, Major Professor
- Matthew J. Card, *Chemical Engineering*
Characterization of Carbon Nanotubes
Daniel Roxbury, Major Professor
- Michael A. Carlino, *Philosophy in Education* †
Community College Readiness in Math
Jay Fogleman, Major Professor
- Kristin Carvalho, *Business Administration* †
Bank Stress Testing
Georges Tsafack, Major Professor
- William C. Danilczyk, *Electrical Engineering* †
Digital Twin for Intelligent Cyber-Physical Systems
Haibo He, Major Professor
- Annmarie E. Demichiel, *English*
House of Horrors
David Faflik, Major Professor
- Thais Harder De Palma, *Biological and Environmental Sciences* †
Essential Genes of H. parainfluenzae
Matthew Ramsey, Major Professor
- Luran Dong, *Environmental and Natural Resource Economics* †
Wind Turbines and Housing Prices
Corey Lang, Major Professor
- Matthew Braden Dunn, *Oceanography* †
Validating a Passive Sampler for PFAS
Rainer Lohmann, Major Professor
- Michael A. DuPont, *Physics*
Peptide for Tumor Imaging and Therapy
Oleg Andreev, Major Professor
- Jesse Duroha, *Industrial and Systems Engineering* †
SESI
Gretchen Macht, Major Professor
- Tatiana Duvanova, *English*
The Empire, a Dystopian Novel
Derek Nikitas, Major Professor
- Mohamed Anis Ferchichi, *English* †
Brains, Minds, & Metamodernism
Ryan Trimm, Major Professor
- Diana N. Fontaine, *Oceanography*
U.S. Northeast Shelf Plankton Dynamics
Tatiana Rynearson, Major Professor
- Shannon Forkus, *Psychology* †
Interpersonal Trauma and Substance Use
Nicole Weiss, Major Professor
- Michael Forte, *Business Administration* †
Pension Risk Taking After GASB 67 & 68
Shingo Goto, Major Professor
- Victoria Madison Fulfer, *Oceanography*
Assessment of Coastal Plastic Pollution
J.P. Walsh, Major Professor
- Laken Ganoë, *Biological and Environmental Sciences*
Fisher Ecology and Distribution in RI
Jason Parent, Major Professor
- Hayley E. Genereux, *Psychology* †
Parenting Style and Help-Seeking
Ellen Flannery-Schroeder, Major Professor
- Andrea Gonsalves, *Pharmaceutical Sciences* †
Biomimetic Pulmonary Nanotherapeutics
Jyothi Menon, Major Professor
- Mdtahsin Hasan, *Environmental and Natural Resource Economics* †
Efficacy of Behavioral Nudges
Emi Uchida, Major Professor
- Yarisbel A. Melo Herrera, *Health Sciences*
WIC Mom's Diet Quality & Online Ordering
Alison Tovar, Major Professor
- Howard Holmes, *Business Administration* †
Effects of Nudge in Acquiring New Client
Medhi Hossain, Major Professor
- James Paul Houghton, *Industrial and Systems Engineering*
Extrapolating Voter Arrival Behavior
Gretchen Macht, Major Professor
- Mansur Ali Jisan, *Oceanography*
Modeling of Landfalling Hurricanes
Isaac Ginis, Major Professor
- Aubree Jones, *Biological and Environmental Sciences* †
Lateral Line Form and Function
Jacqueline Webb, Major Professor
- Shweta Kamat, *Pharmaceutical Sciences* †
NK1-RA use Among Breast Cancer Patients
Ami Vyas, Major Professor
- Emily Kaye, *Pharmaceutical Sciences*
Adverse Liver Effects from PFAS Exposure
Angela Slitt, Major Professor
- Erin Killeavy, *Biological and Environmental Sciences*
Defining the Active Site of the Ribosome
Steven Gregory, Major Professor
- Athina Kominia, *Philosophy in Chemistry* †
Signature of Energetic Materials
Jimmie Oxley, Major Professor
- Timo Kuester, *Chemical Engineering* †
SERS Detection of Anionic Pollutants
Geoffrey Bothun, Major Professor
- Ashutosh Kumar, *Mechanical Engineering and Applied Mechanics*
A μ Pad for Quantitative Elisa
Mohammad Faghri, Major Professor
- Jamie M. Lamkin, *Biological and Environmental Sciences*
Cellulose Synthase Complex Formation
Alison Roberts, Major Professor
- Brittany Lewis, *Computer and Statistical Science* †
Designing Accessible Authentication
Krishna Venkatasubramanian, Major Professor
- Hepeng Li, *Electrical Engineering* †
Reinforcement Learning
Haibo He, Major Professor
- Yibo Li, *Pharmaceutical Sciences*
Novel Adjuvants and Mechanism Study
Xinyuan Chen, Major Professor

† Requirements completed in 2023

Li Liu, *Business Administration*
Multi-tier Supply Chains in ICT Industry
Koray Özpolat, Major Professor

Hiranya Malshani Madawala, *Philosophy in Chemistry* †
Electrochemical Application of Emulsions
Jiyeon Kim, Major Professor

Jennifer Mattar, *Interdisciplinary Neuroscience*
Lifestyle Intervention Rat Model of Load
John K. Robinson, Major Professor

Christine N. McGrane, *Nursing* †
Group Respite for Family Caregivers
Susan DeSanto-Madeya, Major Professor

Seyed Mohamad Sadegh Modaresi, *Pharmaceutical Sciences*
PFAS Mechanism and Toxicokinetic Study
Angela Slitt, Major Professor

Akongnwi Nfor Ngwa, *Mechanical Engineering and Applied Mechanics*
Implosion of Composite Structures
Arun Shukla, Major Professor

Sarah E. Nickford, *Oceanography* †
Carbon and Heat Flux in the Gulf Stream
Jaime Palter, Major Professor

Farah Nusrat, *Civil and Environmental Engineering* †
Forecasting Geospatial Diarrheal Disease
Ali S. Akanda, Major Professor

Bridget Anne Owens, *Health Sciences* †
Stress, Intuitive Eating, and Adiposity
Brietta Oaks, Major Professor

Felicia M. Page, *Biological and Environmental Sciences* †
Sea Turtle Conservation in Cape Cod Bay
Nancy Karraker, Major Professor

Justin S. Pantano, *Philosophy in Chemistry* †
Materials with Environmental Impacts
Matthew Kiesewetter, Major Professor

Emma Anne Pascuzzi, *Health Sciences*
Adverse Outcomes of Divorce
Hans Saint-Eloi Cadely, Major Professor

Priscilla Y. Pena, *Business Administration*
Woke-Washing to Authentic Brand Activism
Lauren Labrecque, Major Professor

Rupasinghe Arachchige T. N. Perera, *Electrical Engineering* †
Subset-Target Automated Tracking
Paolo Stegagno, Major Professor

Tara Plee, *Biological and Environmental Sciences*
Enhancing Green Sea Urchin Production
Coleen Suckling, Major Professor

Jacquelyn O. Potvin, *Health Sciences*
Implementation of Project stRide
Sarah Amin, Major Professor

Kevin M. Rivera, *Chemical Engineering* †
Intrinsic and Extrinsic Sensors for CMCs
Otto Gregory, Major Professor

Jennifer Rogers, *Electrical Engineering*
Data Augmentation for Smart Grids
Yan Sun, Major Professor

Leah Rynearson, *Philosophy in Chemistry*
Electrolytes for Lithium-Ion Batteries
Brett Lucht, Major Professor

Sangwoo Ryu, *Pharmaceutical Sciences* †
PFAS Toxicokinetic Mechanisms
Angela Slitt, Major Professor

Julian M. Saad, *Psychology* †
The Self-Health Movement
James Prochaska, Major Professor

Brenda Santos, *Philosophy in Education* †
Culturally Sustaining History Teaching
Julie Coiro, Major Professor

Samantha P. Setta, *Oceanography* †
The Impact of Nutrients on Diatoms
Tatiana Rynearson, Major Professor

Brian S. Sheetz, *Philosophy in Chemistry*
Development of Nanopore Sensors
Brett Lucht, Major Professor

Russell J. Shomberg, *Ocean Engineering* †
Advances in Deep-Sea Imaging and Soft Robotics
Brennan Phillips, Major Professor

Shiva Gopal Shrestha, *Biological and Environmental Sciences* †
Climate stress in Hydrology
Soni Pradhanang, Major Professor

Delaney Smith, *Biological and Environmental Sciences* †
Effect of CVP on Periparturient Sheep
Maria Hoffman, Major Professor

Jacob Levi Smith, *Mathematics*
Fitting Ideals Without a Presentation
Thomas Sharland, Major Professor

Virginie Sonnet, *Oceanography* †
Diverse Time Series of Phytoplankton
Colleen Mouw, Major Professor

Emma L. Strand, *Biological and Environmental Sciences* †
Stress Tolerance Mechanisms in Corals
Hollie M Putnam, Major Professor

Jeremy Sylvester, *Physics* †
Dynamics of Phonons in Cubic Perovskites
Feruz Ganikhanov, Major Professor

Lauren E. Thompson, *Interdisciplinary Neuroscience* †
EF Interventions for ADHD
Lisa Weyandt, Major Professor

Michael Toomey, *Business Administration* †
Product Management Structure
Kevin Sample, Major Professor

Nikolas Townsend, *Mathematics* †
High-Speed Cops and Robbers
William Kinnerley, Major Professor

Susan Trolle, *Mathematics* †
Dynamics of Non-Autonomous Systems
Mustafa Kulenovic, Major Professor

Jane Lazar Tucker, *Nursing*
Racial Disparities in Breastfeeding Care
Thaís São-João, Major Professor

Diana Turken, *English*
Heaven or Hell
Ryan Trimm, Major Professor

Adam B. Vanasse, *Physics*
Biodosimetry and Photodynamic Therapy
Michael Antosh, Major Professor

Jarron A. Van Ceylon, *Environmental and Natural Resource Economics* †
Economics of Land Conservation
Corey Lang, Major Professor

Hannah M. Visca, *Physics* †
Biophysical Study of pHLIP
Yana Reshetnyak, Major Professor

Blast Mitigation
Arun Shukla, Major Professor

Shuang Wang, *Pharmaceutical Sciences* †
Outcomes and Maternal Opioid Exposures
Xuerong Wen, Major Professor

Zhenhua Wang, *Electrical Engineering* †
Distributed Control of Islanded μ -grids
Haibo He, Major Professor

Thomas Wright, *Philosophy in Chemistry* †
Esters used in Polymers and Pesticides
Matt Kiesewetter, Major Professor

Alexander Heng-Yu Yin, *Ocean Engineering*
Underwater Bio-Inspired Soft Actuators
Brennan Phillips, Major Professor

Weizhou Yue, *Pharmaceutical Sciences* †
Localized Drug Delivery for Diseases
Xinyuan Chen, Major Professor

Xianhao Zhou, *Pharmaceutical Sciences*
DNA Damaging, Modification and Repair
Deyu Li, Major Professor

WELCOME TO THE ALUMNI COMMUNITY

Today you are joining a strong and talented community of about 145,000 alumni worldwide. You'll find many ways to stay connected to URI and your Rhody friends—through social gatherings, special events, reunions, and great networking opportunities. In addition, be sure to follow [@AlumniURI](#) on Facebook, X, and Instagram. Visit alumni.uri.edu/young-alumni to find resources for recent alumni.

SUPPORT FOR YOUR CAREER

The alumni community is a powerful resource to help you along your career journey. You'll find hundreds of alumni ready to offer advice within **URI CareerConnect**, a career mentoring platform that matches you with alumni advisors based on degree, field, location, and other criteria. Set up your profile and schedule a one-on-one conversation with a fellow Ram right away! Alumni Career Services also offers webinars and workshops throughout the year to support your career journey. Visit alumni.uri.edu/careers to take advantage of these resources.

ANSWER THE RHODY SENIOR CHALLENGE

Congratulations! Before officially becoming alumni, we invite you to take part in the tradition of making a gift to RhodyNow, which provides immediate support to all facets of the University. Gifts of all sizes make an impact, and your participation is what matters most! Help answer the challenge, and encourage your classmates to do the same! Leave your mark, and be counted! Visit uri.edu/give.

A special thank-you to the class members who stepped up to answer the challenge and can be seen wearing the philanthropy honor cord. Every gift does make a difference, and we are grateful for yours.
