

THE UNIVERSITY OF RHODE ISLAND

SPRING COMMENCEMENT

May 15–17, 2026

FROM THE PRESIDENT

“The research university remains one of the most powerful forces for progress. At URI, that’s reflected in our graduates—prepared not just with knowledge gained during their time here, but with the experience and perspective to make a real and lasting difference in the communities where they live and work.”

—Marc Parlange

To the Class of 2026,

Congratulations! Though your time at URI may come to an end, commencement, by definition, marks the start of something new—your next chapter, shaped not only by what you learned, but by how you experienced the journey.

I will share a sentiment I offered last year’s class—one that remains true today: You are graduating from a flagship public research university, the best in New England, a place where discovery, rigor, and a commitment to the public good define our work. But what is even more apparent is how that mission comes to life in the everyday experiences that define us and have transformed you.

When you leave URI, I hope what stands out most are the moments. Science and humanities classes where you fully engaged with your professor and your peers. Theatre performances where you held a room. Competing—and winning—in your sport with focus and discipline. Art openings where you invited conversation and perspective. Lab work where you followed an idea down the many paths it led you. Poster sessions and case studies where you brought concepts to life in real time. And ceremonies where you stepped into professions grounded in care and responsibility. You walked our trails and coastline, and you learned by digging, testing, observing, and asking questions.

No single experience defines URI, but it is the depth of inquiry and the willingness to explore that shaped your time here. Many of you changed direction, added a second major, or followed an interest that was not part of your original plan. That is not incidental, but it is central to what URI makes possible. You leave here with more than a degree. You leave with a way of thinking, a set of experiences, and relationships that will stay with you.

Take a moment to recognize those who helped you reach this point. Behind every graduate is a network of support—family, friends, professors, mentors, and staff. As you move forward, stay connected to the University. Share your story. And when the time is right, give back. Your continued involvement will strengthen URI for generations to come.

We are so proud of you. We believe in you. And we can’t wait to see what you’ll do next. Congratulations!

Kind regards,

A handwritten signature in cursive script that reads "Marc Parlange".

Marc B. Parlange
President, University of Rhode Island

ALMA MATER

All hail to thee, Rhode Island,
We pledge our faith anew,
While our heroes bring thee honor
With our banner of white and blue.
In truth we owe her much, for she's shown us the way
To achieve and be of service to the world.
So all hail our Alma Mater,
Rhode Island, our guide whate'er we do.

Think big. It's what we do every day at URI. It has been our hallmark ever since a small group of people acted on a big idea more than 130 years ago. Foresight, perseverance, and integrity have been the very foundations of the University since its beginnings in 1888, when several South Kingstown residents, the South Kingstown Town Council, and the state of Rhode Island made a collective donation of \$5,000 to purchase the 140-acre Oliver Watson Farm to establish a state agricultural school and experiment station.

Their action exemplified the vision of President Abraham Lincoln and the Morrill Land-Grant College Act of 1862, that education of the people and for the people was, and is, America's and the world's best hope for enduring prosperity and peace. In 1892, the Rhode Island College of Agriculture and Mechanic Arts was formed, graduating its first 17 students just two years later. In 1951, the college became the University of Rhode Island, and those 140 original acres have grown into a 1,200-acre Kingston Campus, with additional locations throughout Rhode Island, including the Narragansett Bay Campus, the W. Alton Jones Campus, and in Providence, the state's capital city.

Much has happened during the past 134 years. The University is known locally and globally for its big ideas and innovative research across a broad range of disciplines, striving for practical solutions to the world's most important challenges.

In February 2025, the University ascended to the United States' highest level of research universities by earning the prestigious R1 designation in the Carnegie Classification of Institutions of Higher Education,

placing it among the top 5% of degree-granting postsecondary institutions nationally. The recognition reflects URI's broad impact and evolution into a world-class hub for research, innovation, entrepreneurship, and public scholarship.

Research conducted at URI transforms society's understanding of the world. Researchers are helping scientists deduce the volume of sea ice production and improve climate models of deep ocean currents. Visionary creative thinkers are imagining new ways of experiencing music and the visual arts that encourage inclusion and diversity. Innovators are isolating new molecules from blooms of cyanobacteria for potential use as therapeutics against a wide range of diseases.

URI's colleges of nursing, pharmacy, business, engineering, arts and sciences, environment and life sciences, health sciences, and education, and the Graduate School of Oceanography are signature centers of scholarship and research. Some 200 undergraduate and graduate degree programs inspire students, spark their creativity, and prepare them for the future.

Twice named the No. 1 public university in New England by *The Wall Street Journal*, URI is not only a leading global education and research institution—its Kingston Campus is also a national historic site. In 2017, the U.S. Department of the Interior recognized the beauty and architectural significance of the historic Quadrangle, designating the area as the University of Rhode Island Historic District, now part of the National Register of Historic Places.

At URI, historic preservation is paired with remarkable progress. Since 2007, the University has invested more than \$1 billion in campus capital projects and improvements. The University is nearing completion of a comprehensive renovation of the Fine Arts Center, which serves more than 5,000 students each year and brings more than 50,000 visitors to the Kingston Campus annually for plays, concerts, gallery shows, and exhibits. Notable renovations are underway on the University's athletics and recreation facilities. In the fall of 2025, the University broke ground on three new on-campus student residence halls being constructed under an innovative public-private partnership. And transformative investments in the Narragansett Bay Campus will bolster URI's role as a leader in the blue economy and make it a cutting-edge home for the new National Science Foundation regional class research vessel *Narragansett Dawn*.

In the fall of 2024, Rhode Island voters approved an \$87.5 million investment for a biomedical sciences building on the Kingston Campus, which will enable the University to continue to lead with advanced research and education across a range of biomedical, biotechnology, and science-related fields.

With a bold vision for the future, the University's enrollment has grown to more than 17,000 undergraduate and graduate students. Today, URI has more than 150,000 alumni around the world, including more than 60,000 who call Rhode Island home. We congratulate our newest graduates and welcome them to the proud University of Rhode Island alumni community.

COLLEGE CEREMONIES

Friday, May 15–Sunday, May 17, 2026

All ceremonies take place at the Thomas M. Ryan Center

Friday, May 15

- 11 a.m. HEALTH SCIENCES
Dean Patrick Vivier
- 4 p.m. BUSINESS
Dean Sean Edmund Rogers

Saturday, May 16

- 9 a.m. ARTS AND SCIENCES
Interim Dean Brenton DeBoef
- 2 p.m. NURSING
Dean Danny G. Willis
- 5 p.m. ENGINEERING
Dean Anthony Marchese

Sunday, May 17

- 9 a.m. ENVIRONMENT AND LIFE SCIENCES and
GRADUATE SCHOOL OF OCEANOGRAPHY
Dean Jean VanderGheynst and Interim Dean Steven D'Hondt
- 1 p.m. EDUCATION
Dean Danielle V. Dennis
- 4 p.m. PHARMACY
Dean Kerry LaPlante

UNIVERSITY OF RHODE ISLAND
COLLEGE OF HEALTH SCIENCES
COMMENCEMENT EXERCISES

*In the Thomas M. Ryan Center at 11 a.m.
Friday, May 15, 2026*

PRELUDE AND PROCESSIONAL	The Rhode Island Brass Quintet
CONVOCATION OPENING	Sue K. Adams, <i>Vice Provost for Academic and Faculty Initiatives</i>
THE NATIONAL ANTHEM	Louise Joyce, <i>Class of 2026</i>
LAND ACKNOWLEDGMENT	Yune Arienzu Jackson, <i>Class of 2026</i>
WELCOME	Marc B. Parlange, <i>President</i>
REMARKS	Margo L. Cook '86, <i>Chair, University of Rhode Island Board of Trustees</i>
REMARKS	Patrick Vivier, <i>Dean of the College of Health Sciences</i>
CONFERRAL OF DOCTORAL DEGREES	President Parlange, assisted by Beth Meyerand, <i>Vice Provost and Dean of the Graduate School</i>
HOODING OF DOCTORAL DEGREE RECIPIENTS	Major professors, assisted by Vice Provost Adams
CONFERRAL OF MASTER'S DEGREES	President Parlange, assisted by Vice Provost Meyerand
CONFERRAL OF BACCALAUREATE DEGREES	President Parlange, assisted by Vice Provost Adams
STUDENT ADDRESS	Julia Johnson, <i>Class of 2026</i>
CLOSING REMARKS	President Parlange
ALMA MATER	Andrea Sims, <i>Class of 2027</i>
RECESSIONAL	The Rhode Island Brass Quintet

*The audience is requested to remain seated during the recessional.

THE COMMENCEMENT EXERCISES AND ACADEMIC PAGEANTRY

Over the centuries, banners and flags have lent drama to public ceremonies, and the flags you see today represent the University and countries our students hail from.

Gonfalons are flags or banners, hung from crosspieces on poles, that have been used since medieval times as symbols of state or office and are now traditionally used by colleges and universities. The Commencement gonfalons you see today represent the degree-granting colleges and schools that make up the University of Rhode Island. Traditional colors of the academic disciplines have been used: Arts and Sciences, white and golden yellow; Business, drab (light brown); Education, light blue; Engineering, orange; Environment and Life Sciences, maize; the Graduate School, blue and gold; Health Sciences, sage; Nursing, apricot; Oceanography, aqua; and Pharmacy, olive green.

The international flags remind us of the importance of cultural diversity, internationalization, and global awareness.

The grand marshal, carrying the university mace, will lead the academic procession. The candidates for degrees and faculty will follow the grand marshal.

Academic dress has its origin in the colorful gowns and hoods of the Middle Ages. In the United States, a common code of academic dress was not adopted until 1895. This decreed three kinds of gowns and three hood lengths for bachelor's, master's, and doctoral degrees. Hoods are lined with the color or colors of the university conferring the degree and are bordered with a color representing the subject of study for which the degree is conferred.

Throughout the Commencement exercises, one may see the pomp and ceremony of a feudal society and the intricacies of the medieval art of heraldry reflected—in the ritual, the dress, the ceremonial accoutrements, such as the university mace, and in the wording of the degrees conferred.

UNIVERSITY MACE

The university mace was donated by the Class of 1963. It is made of gold-plated sterling silver and is mounted on a 3-foot rosewood staff. The URI seal, 3 inches in diameter, crowns the staff, with a sketch of Davis Hall on the back. Davis is one of the University's oldest buildings and is the site of the university bell tower.

2026 NATIONAL
SCHOLARSHIPS AND
FELLOWSHIPS

The Office of Fellowships@
URI congratulates our
graduating students who
have cumulatively received
more than \$200,000
for competitive external
opportunities.

This year, URI has received
our first Luce Scholar
Finalist—Lina Altaan Al
Hariri '24 is one of 25
students to have been
selected to interview for
one of the most prestigious
opportunities for professional
development Asia.

The University of Rhode
Island has been named
an all-time Top Producing
Institution over the past
25 years for the Gilman
Scholarship Program.
Funded by the U.S.
Department of State, the
Gilman Program provides
students demonstrating
excellence and need up
to \$8,000 to study abroad
through an accredited
program. Congratulations to
our eight Gilman scholars.

An initiative of the National
Security Education Program,
the David L. Boren Awards
provide funding opportunities
for U.S. undergraduate
and graduate students
to study less-commonly
taught languages in world
regions critical to U.S.

interests. In exchange for
funding, Boren scholars and
fellows commit to working
in the federal government
for at least one year after
graduation. Two URI
students—Hannah White '27
and Meadow Sherlock '27,
both participants in the URI
Chinese Language Flagship
Program—have been
selected as 2026 Boren
scholars to support their
capstone year abroad in
Taiwan. One other student,
Phoebe Nichols '27, has
been named as an alternate.

The National Oceanic and
Atmospheric Administration's
Ernest Hollings Scholarship
program provides successful
undergraduate applicants
with awards that include
academic assistance (up
to \$9,500 per year) for two
years of full-time study
and a 10-week, full-time
paid internship at a NOAA
facility during the summer.
Congratulations to Makenzie
Denzler '28, Kaitlyn Muller
'28, and Nathan Riello
'28 for being among the
120 students annually
selected nationwide for this
opportunity.

HONORARY DEGREES

KATHERINE ANGELL BREWSTER Honorary Doctor of Humane Letters

Katherine Angell Brewster has served as CEO of Jonnycake Center for Hope in South Kingstown, R.I., for more than a decade, leading the organization through a period of significant growth to become a cornerstone of support for residents facing economic hardship and providing food, financial assistance, housing, and youth programming to more than 2,000 individuals.

During her tenure, Brewster has led the organization's expansion into new initiatives, including the development of affordable housing and the creation of the Jonnycake Youth Center. Her career has spanned direct service and public policy, giving her a deep understanding of the systemic challenges families face and the practical solutions that help communities thrive.

Prior to the Jonnycake Center, Brewster was executive director of the Economic Progress Institute, Rhode Island's leading anti-poverty research and advocacy organization. She has also served on the boards of several prominent organizations, including the Rhode Island Community Food Bank and Thundermist Health Center.

In 2022, she was honored with the Murray Family Prize in recognition of her commitment to improving the lives of Rhode Islanders in need. Brewster holds a Bachelor of Arts degree in sociology from the University of Rhode Island and a Master of Social Work from Rhode Island College.

DANIEL L. HARPLE JR. Honorary Doctor of Science

A technology entrepreneur and CEO for more than 30 years, Daniel L. Harple Jr. is considered an internet pioneer who has founded and built technologies, companies, and products used by billions of internet users. He has founded, grown, and merged companies with Netscape Communications, Oracle, and Sina, among others, driving at-scale global innovation and impacting users the world over. These innovations established foundational standards for internet collaboration, media streaming, and voice-over internet protocol, used daily by billions across such platforms as Zoom, Skype, and YouTube.

Harple is chair and CEO of Context Labs BV, a company he founded based on his Massachusetts Institute of Technology research. The company delivers AI-driven, auditable intelligence for industrial data, carbon management, and compliance. It provides AI-ready data infrastructure for global energy markets, creating context for the world's most challenging persistent problems.

He is the recipient of numerous awards, including *Inc. Magazine's* Entrepreneur of the Year, the Red Herring Watch Award, the Upside Hot Startup Award, the University of Rhode Island's Alumni Excellence Award for Contributions to Science and Technology, and the New Enterprise Associates President's Award.

Harple holds an advanced degree from MIT and bachelor's degrees in mechanical engineering and psychology from the University of Rhode Island.

MARC RANDOLPH Honorary Doctor of Laws

Marc Randolph is best known as the co-founder and first CEO of Netflix. Over a career spanning more than four decades, he has built a reputation as a serial entrepreneur, founding or co-founding more than half a dozen successful startups. He has also mentored countless early-stage entrepreneurs and invested in a wide range of successful technology ventures.

Most recently, Randolph co-founded Looker Data Sciences, which was acquired by Google in 2019 for \$2.6 billion. He currently serves on the board of the National Outdoor Leadership School in Lander, Wyoming; the Truckee Donner Land Trust; and Cheeze Technologies.

Randolph is the author of the international bestselling memoir *That Will Never Work: The Birth of Netflix and the Amazing Life of an Idea*. He is the entrepreneur-in-residence at High Point University, an entrepreneurship leadership fellow at MIT, and a featured investor on *Entrepreneur* magazine's "Elevator Pitch" web series.

He holds a Bachelor of Arts degree in geology from Hamilton College.

This program includes faculty members who were granted emerita/us status as of May 1, 2026.

JAMES AGOSTINUCCI
Associate Professor of Physical Therapy

James Agostinucci earned his Bachelor of Science in occupational therapy in 1975 and his Doctor of Science in anatomy and physiology, with a specialization in applied neuroscience, in 1988 from Boston University. He worked as a staff therapist, an occupational therapy director, a director of rehabilitation and, currently, an associate professor at the University of Rhode Island Department of Physical Therapy. His experiences range from physical rehabilitation, department management, program/curricular development, and scientific research. Professor Agostinucci's research interest is in peripheral nervous system physiology and its role in the regulation of motoneuron excitability and muscle tone.

FARHAD ATASH
Professor of Landscape Architecture

Farhad Atash earned his Ph.D. from Rutgers University and came to URI in 1985. He taught courses in community planning, site planning, urban design, and landscape architecture. His research covered three areas: land use and transportation planning, sustainable transportation, and urban design. His peer-reviewed articles have been published in the following journals: *Cities: The International Journal of Urban Policy and Planning*, *Habitat International*, *Journal of Architectural and Planning Research*, *Land Use Policy*, *Journal of Planning Education and Research*, *Journal of Urban Planning and Development*, and *Transportation Quarterly*. He received the College of the Environment and Life Sciences' Teaching Excellence Award in 2012.

SANDRA BASLEY
Clinical Associate Professor of Nursing

Sandra Basley received her Ph.D. from the University of Rhode Island and has dedicated 15 years to the URI College of Nursing, having served as a clinical assistant professor for many years and as a clinical associate professor. She has made significant contributions to nursing education, curriculum development, and student mentorship. She played a pivotal role in advancing nursing pedagogy, interprofessional education, and medical nursing. She helped launch the R.N.–B.S. pathway for nursing through an online format. Her leadership in Sigma Theta Tau International Honor Society of Nursing, curriculum development, and clinical instruction has left a lasting impact on the college.

MATTHEW M. BODAH
Vice Provost for Academic Personnel and Budget, Professor of Business

Matthew M. Bodah, M.S. '88, earned his Ph.D. from Michigan State University and joined the URI faculty in 1992. He was named Department of Economics chair in 2009, received the College of Arts and Sciences Administrative Excellence Award (2012), and was director of the Charles T. Schmidt Jr. Labor Research Center (2015–2016). In 2017, he led URI's institutional reaccreditation and was appointed vice provost for academic personnel and budget. He received the Myron C. Taylor Award and the Reverend Charles P. Quirk Award (2011) and was recognized by the R.I. Labor History Society (2015). He also maintained a practice as a labor arbitrator and mediator.

TERRY BRADLEY
Professor of Aquaculture

Terry Bradley earned his Ph.D. from the University of Idaho and has been a professor in the URI Department of Fisheries, Animal and Veterinary Science for 41 years. He taught an array of fish and aquaculture courses covering all aspects of the discipline, from fish physiology to basic practices of aquaculture, culture of salmonids and marine finfish, to systems design and operation. His research ranged from production and analysis of transgenic trout to development of techniques for culture of novel marine species and investigations of the effects of nanoparticles on development and growth of larval fish. He happily mentored many promising and enthusiastic undergraduate and graduate students.

ROBERT L. DUFRESNE
Professor of Pharmacy

Robert L. Dufresne, professor of pharmacy and distinguished specialist in psychiatric pharmacotherapy, is a quadruple URI graduate (B.S. '80, M.S. '86, Ph.D. '89, Ph.D. '90). He served as a psychiatric pharmacotherapy specialist at the Providence VA Medical Center, where he provided psychiatric care and significantly advanced pharmacy education through dedicated teaching and mentorship. A founding member and fellow of the American Association of Psychiatric Pharmacists (formerly the College of Psychiatric and Neurologic Pharmacists), he was honored in 2022 with its highest professional achievement award. His enduring legacy is reflected in the many students he inspired to pursue advanced neuropsychiatric pharmacy training.

ISAAC GINIS

Professor of Oceanography

Isaac Ginis has been a tenure-track faculty member at the URI Graduate School of Oceanography since 1998. He earned his Ph.D. in geophysics from the Institute of Experimental Meteorology in Russia. His research focused on coupled ocean-atmosphere systems, tropical cyclone-ocean interactions, surface waves in high winds, and hurricane boundary layer dynamics. His pioneering work significantly improved hurricane intensity forecasting through contributions to the Geophysical Fluid Dynamics Laboratory and Hurricane Weather Research Forecast models used by the National Hurricane Center. He advanced the U.S. Navy's Coupled Ocean/Atmosphere Mesoscale Prediction System for Tropical Cyclones and codeveloped the educational platform "Hurricanes: Science and Society" for science educators nationwide.

WILLIAM R. GORDON JR.

Associate Professor of Landscape Architecture

William R. Gordon Jr. began his academic career with a B.A. in geography from the University of Southern Maine (1977). He earned two master's degrees—an M.A. in geography (1980) and a Master of Marine Affairs (1981) from the University of Rhode Island—and completed a Ph.D. from Texas A&M University (1987). He taught for seven years and received tenure at Southwest Texas State University, finishing his career with 35 years at URI. He has written numerous articles and professional publications and has consulted with federal, regional, and state agencies on artificial marine habitat and environmental planning.

TETSU HARA

Professor of Oceanography

Tetsu Hara has been a tenure-track faculty member at the URI Graduate School of Oceanography since 1992. He earned his Ph.D. in civil engineering from the Massachusetts Institute of Technology in 1990, followed by a postdoctoral position at Woods Hole Oceanographic Institution. His research focused on ocean-atmosphere interactions, particularly ocean surface waves, turbulence, and air-sea fluxes of heat, momentum, and mass. In collaboration with Professor Isaac Ginis, he studied how sea surface conditions influence tropical cyclone intensity and prediction. Professor Hara taught courses in geophysical fluid dynamics, air-sea interaction, and storm-surge modeling.

SHANETTE HARRIS

Professor of Clinical Psychology

Shanette Harris received her Ph.D. in clinical psychology from Virginia Polytechnic Institute in 1989. After serving as an assistant professor at the University of Tennessee from 1989 to 1994, she joined the University of Rhode Island faculty as an assistant professor of psychology and African and African American studies in 1994. She served as president of the Association of Social and Behavioral Scientists. Her research focused on understanding the factors that influence the educational, psychosocial, and physical health of African heritage populations, including eating disorders in Black women, Black male masculinity, and barriers to Black men's college success.

DAVID HESKETT

Professor of Physics

David Heskett earned a bachelor's degree in physics from Brown University in 1978 and a doctorate in physics from the University of Pennsylvania in 1985. He joined the University of Rhode Island physics faculty in 1988 and was promoted to full professor in 1998. He has written more than 80 scientific publications and is the author of *The Physics of Sports: A Textbook (with Answers)*. Professor Heskett has mentored numerous graduate and undergraduate students. His research has been supported by external funding from agencies including the National Science Foundation and the U.S. Department of Energy.

JIEN-CHUNG (J.C.) LO

Professor of Electrical, Computer, and Biomedical Engineering

Jien-Chung (J.C.) Lo earned his Ph.D. from the University of Southwestern Louisiana. He has served as a professor of electrical, computer, and biomedical engineering at URI since 1989. He played a pivotal role in building and strengthening the computer engineering program, with major contributions to curriculum design and academic leadership. His research focused on digital circuit design on FPGA, VLSI testing and reliability, and system-on-chip and hardware accelerators. He holds three U.S. patents. A dedicated researcher, educator, and mentor, he is respected and valued by students and colleagues in the college, as well as in professional society.

DAVID NELSON

Professor of Microbiology

David Nelson earned an M.S. (1974) from the University of Wisconsin-Madison and a Ph.D. (1979) from the University of California, Los Angeles, joining URI's Department of Microbiology in 1982 after postdoctoral work at the University of California, Berkeley. He mentored 33 graduate students and published extensively, serving as a journal editor and reviewer. He secured \$11 million in research funding and was named College of the Environment and Life Sciences Research Scientist of 2001. He founded and directed the Genomics and Sequencing Center at URI, served on numerous university and local school committees, and advised the Team Phonak Cycling Team. His research on pathogenic bacteria led to four patents.

KATHERINE PETERSSON

Professor and Chair, Department of Fisheries, Animal and Veterinary Sciences

Katherine Petersson, professor and chair of the Department of Fisheries, Animal and Veterinary Sciences at the University of Rhode Island, earned her B.S. in animal science from Texas A&M (1982) and her M.S. (1986) and Ph.D. (1990) from Cornell University. Professor Petersson's integrated research and outreach program focused on three areas: using natural plant products and *Bacillus thuringiensis* proteins against gastrointestinal nematodes in small ruminants; enhancing immune responses of sheep and goats to gastrointestinal parasites; and promoting adoption of integrated parasite control practices among small ruminant producers to improve livestock health and welfare.

JOËLLE ROLLO-KOSTER

Professor of Medieval History

Joëlle Rollo-Koster received her Ph.D. from Binghamton University in 1992 and joined URI's faculty in 1996. A public and academic scholar, her honors include appointment as Chevalier de l'Ordre des Palmes Académiques by the French government in 2016 and fellow of the Medieval Academy of America in 2024. At URI, she received the URI Research and Scholarship Excellence Award (advanced career faculty, social sciences, arts, and humanities) in 2017 and the URI Foundation Scholarly Excellence Award in 2018. She was chair of the URI Department of History (2011–2013) and vice chair and chair of the URI Faculty Senate (2014–2016).

PETER F. SWASZEK

Professor of Electrical Engineering

Peter F. Swaszek earned his Ph.D. in electrical engineering from Princeton University. During his 42 years at the University of Rhode Island, he taught numerous engineering courses, providing service at the department, college, and university levels, and researched in his chosen field of statistical signal processing. The highlights of his URI career include teaching random process theory to graduate students and basic electronic circuits to sophomores; being the "project shepherd" for The Fascitelli Center for Advanced Engineering construction project; and taking a serendipitous sabbatical that led to an amazing 25+-year research collaboration on electronic navigation systems.

YEQIAO WANG

Professor of Terrestrial Remote Sensing

Yeqiao Wang, a professor in terrestrial remote sensing in the URI Department of Natural Resources Science, joined URI in 1999 after four years on the faculty of University of Illinois Chicago. He received his Ph.D. from the University of Connecticut in 1995. His teaching subjects and research specialties focused on remote sensing analysis of landscape dynamics and land change science. His achievements include the Presidential Early Career Award for Scientists and Engineers Award endorsed by NASA and bestowed by the president in 2000. He is the editor-in-chief of *All Earth*, a journal publishing interdisciplinary research relevant to all fields of Earth science.

COLLEGE OF ARTS AND SCIENCES

Some names of degree candidates may have been added or withdrawn from the official graduation list after this program was published. Notations of distinction for graduation—cum laude, magna cum laude, and summa cum laude—are those in effect at the time of publishing.

 Kyle Wingate †

DOCTORAL DEGREES

- Nafise Aalipour, *Business Administration* †
Three Essays on Investment Strategies, ML
Georges Tsafack, Major Professor
- Samuel W. Adams, *Marine Affairs*
Points of Interest
Austin Becker, Major Professor
- Sheriff O. Aliu, *Biological and Environmental Sciences*
Sustainability Evaluation of CEA
Patrick Baur, Major Professor
- Jamal Shinya Andrews, *Biological and Environmental Sciences*
Effect of Phages on Pathogen-Probiotic
Marta Gomez-Chiarri, Major Professor
- Juliana Agudelo Areiza, *Pharmaceutical Sciences* †
PFAS Disposition and Proteomic Effects
Angela Slitt, Major Professor
- Jill Ashey, *Biological and Environmental Sciences* †
Non-coding RNAs in Corals
Hollie Putnam, Major Professor
- Sydney Dara Bartman, *Interdisciplinary Neurosciences* †
Mechanisms of Aging and AD
Jaime M. Ross, Major Professor
- Anna Battye, *Education* †
Decision-Making and College Food Pantries
Virginia Killian Lund, Major Professor
- Avery Jo Beatty, *Psychology* †
ADHD, CD and Substance Use in JIY
Lisa Weyandt, Major Professor
- Margaret K Bernish, *Oceanography*
Modeling Phytoplankton Physiology
Keisuke Inomura, Major Professor
- Niraj Bhatt, *Mechanical Engineering and Applied Mechanics* †
ML-guided Thermal Transport in Materials
Ashutosh Giri, Major Professor
- Nidhi Mehta Bodurtha, *Mechanical Engineering and Applied Mechanics*
Shock Mitigation Using Bubble Screens
Arun Shukla, Major Professor
- William Bowden, *English* †
Textual Sediments
Ryan Trimm, Major Professor
- Audreyana Brown-Nash, *Chemistry* †
Method Variability in CSIA-AA
Kelton W. McMahon, Major Professor
- Erik Vernon Carlson, *Physics* †
Multispectral View of High-z Quasars
Douglas Gobeille, Major Professor
- Qiwen Chen, *Pharmaceutical Sciences*
Dysregulation of USP2b in HCC
Ruitang Deng, Major Professor
- Meghan Clifford, *Biological and Environmental Sciences*
Kelp Supplementation in Laying Hens
Maria L. Hoffman, Major Professor
- Steven Michael Connors, *English*
The Speculative Mode of the Image
Ryan Trimm, Major Professor
- Michael Alexander Conti, *Computer and Statistical Science* †
Retaining Underrepresented CS Students
Victor Fay-Wolfe, Major Professor
- Cecile Cres, *Biological and Environmental Sciences* †
Omics Data Analysis with Deep Learning
Ying Zhang, Major Professor
- Megan E. Delatte-Guidry, *Biological and Environmental Sciences*
Stress Responses in Early Life Oysters
Jonathan Puritz, Major Professor
- Jessica B. Desrochers, *Ocean Engineering* †
Acoustic Propagation in the Beaufort Sea
Lora Van Uffelen, Major Professor
- Francesca A. Dunlevy, *Business Administration* †
Market Segmentation of Undergraduates
Christy Ashley, Major Professor
- Erica M. Ewton, *Oceanography* †
Quantifying Coastal Mixoplankton
Susanne Menden-Deuer, Major Professor
- John Henry Fellingham, *Business Administration* †
The Impact of Passive Investing
Georges Tsafack, Major Professor
- Renato B. Fernandes, *Business Administration* †
Entrepreneurial Selling
Georges Tsafack, Major Professor
- Maleesha Tehani Fernando, *Chemistry*
Ion Infrared Action Spectroscopy
Daniel Thomas, Major Professor
- Carmen R. Ferrara, *Mathematics*
Global Dynamics in Math Biology Models
Mustafa Kulenovic, Major Professor
- Dillon T. Fontaine, *Mechanical Engineering and Applied Mechanics*
Submerged Struct. Under Complex Loading
Arun Shukla, Major Professor
- Viviane M. Fornasaro-Donahue, *Psychology* †
A Hispanic-Latino Approach to Obesity
Ceren Gunsoy, Major Professor
- Jordann Rawlins Frank, *Psychology* †
MI for Improving Contraceptive Use
Lynda Stein, Major Professor
- Rosemarie Oldham Fusco, *Marine Affairs* †
Incentives for Seaport Resilience
Austin Becker, Major Professor
- Meng Gao, *Oceanography*
Coarse-grained Models for Microorganisms
Keisuke Inomura, Major Professor
- Lauren Gaspar, *Pharmaceutical Sciences* †
Effects of Nano/Microplastics Exposure
Jaime M. Ross, Major Professor
- Aura Fajardo Grandidge, *Biological and Environmental Sciences* †
1st Year Experience of Biology Students
Marta Gomez-Chiari, Major Professor
- Asmail Habach, *Mathematics* †
Dynamics of Discrete Population Models
Mustafa Kulenovic, Major Professor
- Asta Z. Habtemichael, *Oceanography* †
7324CECs in Marine Environment
Rainer Lohmann, Major Professor
- Jonas B. Halley, *English*
Edmund Burke and his Interlocutors
J. Jennifer Jones, Major Professor
- Noah J. Hallisey, *Marine Affairs*
Co-Producing Decision Support Tools
Austin Becker, Major Professor
- Daniel S. Honeycutt, *Chemistry* †
Functional Group Conversion on Peptides
Fang Wang, Major Professor
- Megan E. Howe, *Education*
Youth at the Center: Learning in OST
Virginia Killian Lund, Major Professor

† Requirements completed in 2025

Mamoon Y. Ismail, *Biological and Environmental Sciences*
Assessment of Groundwater Resources
Soni M. Pradhanang, Major Professor

Erin L. Jones, *Oceanography*
Ocean Heterotroph Diversity and Function
Tatiana Rynearson, Major Professor

John M. Jones, *Mathematics*
Search Games On Graphs
William Kinnersley, Major Professor

Burcu Kaplan, *Psychology* †
Culturally Informed Neuropsychology
David Faust, Major Professor

Pravin Karna, *Mechanical Engineering and Applied Mechanics* †
Electron-Phonon Coupling in Extremes
Ashutosh Giri, Major Professor

Kendra Louise Keenan, *Chemistry*
Chemistry Student Studying Approaches
Justin Pratt, Major Professor

Madhukara U. Kekulandara, *Computer and Statistical Science*
Scalable and Fair Redistricting with MCM
Edmund Lamagna, Major Professor

Mark Donald Kraics, *Business Administration* †
Will I Go to My Appointment?
Sean Edmund Rogers, Major Professor

Alex Joseph Labossiere, *Biological and Environmental Sciences* †
Developing an In Vitro Model for Health
Steven T. Gregory, Major Professor

Claude Lawrence II, *Business Administration*
Lean Thinking vs. Design Thinking
Maling Ebrahimpour, Major Professor

Christina Suzanne Lee, *Education*
Preparing Teachers to Teach Argumentation
M. Shane Tutwiler, Major Professor

Huifang Li, *Pharmaceutical Sciences* †
Natural Products Modulate Checkpoints
David Rowley, Major Professor

Bradley Michael Lipka, *Chemistry* †
Rapid Electrophilic Cysteine Arylation

WELCOME TO THE ALUMNI COMMUNITY

Today, you're joining a strong and talented community of more than 150,000 URI alumni around the world. There are countless ways to stay connected to URI and your Rhody friends—from Homecoming and social gatherings to special events and valuable networking opportunities.

Wherever your next steps may take you, remember there are Rams nearby—ready to connect, support, and cheer you on. We're so excited to stay in touch as you join our alumni community and can't wait to see all you accomplish. You'll always have a home here, so stay connected and keep being part of your Rhody family.

Be sure to follow **@AlumniURI** on Instagram, LinkedIn, and Facebook, and visit alumni.uri.edu/young-alumni to explore upcoming events, opportunities, and resources designed especially for recent graduates.

ANSWER THE RHODY SENIOR CHALLENGE

Congratulations! Before officially becoming alumni, we invite you to take part in the tradition of making a gift to RhodyNow, which provides immediate support to all facets of the University. Gifts of all sizes make an impact, and your participation is what matters most! Help answer the challenge, and encourage your classmates to do the same!

Leave your mark, and be counted! Visit uri.edu/give.

A special thank-you to the class members who stepped up to answer the challenge and can be seen wearing the philanthropy honor cord. Every gift does make a difference, and we are grateful for yours.
