

2024 Rhode Island EFNEP Impact Report

Our Program Reach

EFNEP participants improved food & physical activity-related behaviors from the start to end of our series of classes!

Program Success Story With EFNEP:

“During the adult nutrition education series, a participant really took the unit pricing and budgeting to heart and through careful label reading and comparing products **was able to come in under budget on their grocery costs!**”

-Sophia Paglierani,
EFNEP Educator

Two youth participants learning knife skills at an after school program
