Review the Managing Biohazardous Waste SOP, Appendix H of the University’s biosafety manual, as there have been some important changes: [https://web.uri.edu/ehs/files/Appendix-H.pdf](https://web.uri.edu/ehs/files/Appendix-H.pdf)

Pickups are scheduled every other Tuesday. Dates with Biohazard symbols below are the days for Biowaste Pickups. Please use our new Biohazardous Waste Pickup Request form which is available at: [https://web.uri.edu/ehs/biohazardous-waste-pickup-request-form/](https://web.uri.edu/ehs/biohazardous-waste-pickup-request-form/) Submit the online form by noon on Friday before the pickup. EHS may contact you to arrange an earlier pickup.

Have boxes sealed and ready by 9:30 am the morning of pickup (no earlier) at the designated pickup site if EHS has not contacted you.

NOTE: Pharmacy is the only scheduled stop so if you are in Pharmacy, you do not need to email a request. All others do.
