

ELECOMP CAPSTONE DESIGN PROGRAM **FALL 2023 SEMESTER**

HOMEWORKS 12 & 13

(You will incur a 5% penalty if a Homework is not submitted on time)

Homework 12

Review videos of 3-5 presentations from the May 9th, 2023 Summit. Go to:

<https://web.uri.edu/elecomp-capstone/project-details-by-team/>

List 5 key points, in bullet form, from each presentation, that are important to you & impressed you, and which you will try to **REPLICATE** in your upcoming presentation.

Due: TUESDAY, 12/05; 5pm. in Room 150, ELECOMP Capstone Lab, Fascitelli Engineering Building (FCAE); Hard copy for Professor Sunak.

Homework 13

Study the following presentation on how to prepare a good slide presentation

http://web.mit.edu/me-ugoffice/communication/slides_talk.pdf

Rethinking the Design of Presentation Slides

by Michael Alley, Virginia Tech

“In this presentation, Michael Alley goes through the many nuances surrounding what defines “good presentation slides”. Alley focuses on key concepts including: typography, attractive headlines, image use and function, and overall styling guidelines. An excellent resource, anyone looking to present using Microsoft PowerPoint or similar software can benefit from this resource.”

OTHER HOMEWORKS WILL BE POSTED ON THE WEB OR DISCUSSED DURING TUESDAY MEETINGS.
