Make your #RhodyReady emergency kit today

Your **Basic Emergency Kit** should include essential items you might need in the event of an emergency. The contents will easily fit in a drawstring bag that you can use to shelter in place or take with you if you must evacuate.

- (3) Bottles of water
- Nonperishable food items such as protein bars
- Flashlight with batteries
- Cell phone charger
- Feminine supplies and personal hygiene items (if applicable)
- Non-prescription medications (e.g., pain relievers, anti-diarrhea medication, antacids, laxatives)
- Prescription medications (3-days supply)
- Spare prescription eyeglasses and/or contact lens solution (as applicable)
- Copies of personal documents (e.g., medication list, medical information, passport, license)
- Family and emergency contact information
- Spare house and car keys
- Extra cash
