## **GERMAN IEP - Entering Fall 2023**

The BA program in German requires a minimum of 30 credits (excluding GER 101, 102, and 111). You must take one GER class in each semester, GER 302 before going abroad for your 4<sup>th</sup> year, at least two 400-level GER courses, and at least two courses in German Literature (at least one of those courses at the 400-level). If you are starting out at a higher level in German at URI and have taken 3-4 years of German or more during HS, you might be able to receive 3 credits of GER toward your German major (https://bit.ly/urilanginccred).

There are various 1 credit courses (GER 202, 221; 302, 321) that can additionally help you to get ready for the year abroad. GER 215 (3 GER cr., offered during the summer), the URI Berlin Summer School (8 GER cr., uri.edu/berlin), and summer immersion courses at TUBS/TUDa are additional options. Please note you will need to pay a "credit overload" fee for each credit enrolled above 19 in any given semester (you will also need permission from your Dean's Office). Summer and winter coursework similarly incur additional costs beyond your fall and spring semester tuition.

General Education Outcomes can be completed when possible, including while abroad (one GER course will cover outcomes A3 and C2).

Requirements for each College of Engineering major can be found at: http://uri.edu/engineering/students/program-curriculum-check-sheets/

	Freshman Year Fall Semester	Cr.	Grade		Freshman Year Spring Semester	Cr.	Grade
GER 111 (or GER 101)	Intensive Beginning German I (or Beginning German I)	4 (or 3)		GER 112 (or GER 102)	Intensive Beginning German II (or Beginning German II)	4 (or 3)	
	Sophomore Year Fall Semester	Cr.	Grade		Sophomore Year Spring Semester	Cr.	Grade
GER 213 (or GER 203)	Intermediate German I+ (or Intermediate German I)	4 (or 3)		GER 214 (or GER 204)	Intermediate German II+ (or Intermediate German II)	4 (or 3)	
	Junior Year Fall Semester	Cr.	Grade		Junior Year Spring Semester	Cr.	Grade
GER 301	German through Media: Literary Encounters	3		GER 302	German through Media: TV Shows, News & Debates	3	

GER 315/316

Please note that at the end of the junior year, your proficiency level should be Intermediate-High on the ACTFL scale.

	Semester Abroad	Cr.	Grade
GER 2XX/3XX	September Intensive Language	3	
GER 2XX/3XX	German Language Course	3	
GER/EGR 411	Technical German Course	3	
EGR 491/XXX	Engineering Course in German	3	
	General Education Outcome(s)	3	

	<i>Note:</i> For more information about how to prepare for your year
i	abroad, please visit our online Preparation Abroad page and
	survival guides at <a href="https://bit.ly/giepyrprep">https://bit.ly/giepyrprep</a> . Aside from the Intensive
	Language Course, you have to pass at least two courses in German
	in order to get the six-months internship, and to keep/extend your
	student visa status. Credits completed abroad will vary by
i	eligibility, what is offered at the partner institution, and your
	successful completion of the course. GER 315/316 (IBP: 497/498)
	are taught by URI German faculty, and will appear on your URI
	transcript.

## **Preapproved Engineering Curriculum Adjustments:**

Do not deter from the prescribed engineering curriculum sheet you are following unless confirmed with your engineering advisor. The following preapproved adjustments correspond to the engineering-specific curriculum sheet you are following:

*Chemical Engineering*: ECN 201 should most easily fit in the Sophomore Year Fall Semester (although can be taken in any fall or spring semester, and is normally offered in the summer).

*Civil Engineering*: STA 409 should be attempted in the Junior Year Spring Semester (seek to complete 1 **Professional Elective** during your year abroad or during a summer or winter term at URI). **CVE 355** can be taken in the Senior Year Fall Semester (your 5<sup>th</sup> year, after you return from your year abroad).

Computer Engineering: MTH 215 can be attempted in Sophomore or Junior Year Spring (and is normally offered in the fall and summer).

*Industrial and Systems Engineering*: enroll in MCE 201 in the Sophomore Year Fall Semester and ISE 240/241 in the Sophomore Year Spring Semester.
