### INSTRUCTIONS FOR STUDENT

Late adds or drops are approved only for unusual exceptional circumstances. Full documentation supporting these circumstances must be provided. Requests for late drops must be made by the last day of classes. If you believe that a late add or drop is justified, complete this petition as follows:

1. Complete all pertinent information above these instructions.
2. On a separate sheet of paper, state the reasons you believe you qualify for the late transaction(s) requested above. Your name and URI ID number should be included on the sheet.
3. Attach documentation supporting your claim of exceptional circumstances (e.g., a medical report is expected in case of significant illness.) Failure on assignments/exams, or lack of attendance do not alone, constitute exceptional circumstances.
4. Have your course instructor(s) complete the instructor portion of the petition below. For Online Courses, you may submit an email from the instructor specifying the last date you attended class and indicating permission to drop. Online Course instructors may also submit this email directly to your academic dean.
5. Submit this completed petition, your statement, and supporting documentation to your dean's office representing your school or college (e.g., UC, A&S, BUS, etc.) Submitting this petition does not assure that it will be approved, so be sure to continue attending the affected course(s) while your petition is being evaluated.
6. If your College requires, the week following the submission of this petition, return to the dean's office to learn the results of your petition. If approved, continue with the remaining two steps.
7. If approved, you will be given this petition to take to the Office of Enrollment Services.
8. Failure to present this petition to the Office of Enrollment Services within ten days of approval will require that it be resubmitted for approval to your academic dean. Requests for late drops must be requested/approved by the last day of classes for the term in which the drop is sought.
