

COLLEGE OF THE ENVIRONMENT AND LIFE SCIENCES (CELS)

Marine Technical Undergraduate Certificate

1. Students who have been admitted to an undergraduate degree program may enroll in the Marine Technical Undergraduate Certificate while completing their degree requirements.
2. Requirements may be satisfied by completing 12 credits from the courses listed below. Students must receive a minimum grade of C in each class and an overall average of B (3.0) or higher.
3. Transfer credits may not be used to fulfill requirements.
4. Courses may be used to apply to both the major and minor fields of study.
5. Courses may not be taken under pass-fail grade option.
6. Credits applied must have been taken within eight years of enrolling in the certificate and cannot total more than one quarter of the total number of credits required.
7. Students must complete all requirements within 5 years of their certificate enrollment date and prior to or upon degree conferral.
8. The certificate form should be filed with the Dean's office that represents the department/program sponsoring the Certificate prior to applying for graduation but after receiving the signature of the FAVS Department Chair or Marine Technical Certificate coordinator.
9. Enrollment in the certificate does not guarantee space in any required course.
10. Upon completion the credentials will be listed on the student's permanent academic record and an official certificate will be mailed to the student within 6-8 weeks.

Required Courses (9 credits):

AFS 270: Basic Scuba Diving in Science and Technology
 AFS 290: Small Boats: Their Equipment and Operation
 AFS 433: Research Diving Methods

Supporting Courses: Select one course from the following list (3 credits):

AFS 395: Underwater Photography
 AFS 396: Marine Technical Practicum
 HIS 396: Maritime History and Underwater Archaeology Field School
