

Graduate Student Association

Senator Registration Form

The URI GSA Senator Process

Thank you and congratulations about becoming a Senator.

Each Department at URI elects 1 Senator for every 20 Graduate Students. The method of the election can vary between departments, but regardless of the process, Senators must fill out this form to be recognized.

To fill out the form include your department, contact information, and attach the documentation describing your department's election method along with the official results indicating your successful election. Since the URI GSA Senator position is allocated based on a department's number of enrolled graduate students and URI GSA Senators must represent students in their respective departments, please also provide a list of graduate students in your department who recognize you as their representative.

This formal process also makes sure that those you represent can contact you.

Examples of Documenting Department's Election Method

“Self-selected (then approved by colleagues)”

“Election held in department in person or over email. Election results are then attached.”

Other. Just describe the process.

Using The Form

1. Talk with graduate students in your department and have them approve of you representing them in the URI GSA Senate.
2. Fill the out the form in its entirety (electronically, or print and use ink).
3. Be sure that all names and email addresses are legible and valid. Names must be of currently enrolled graduate students in your department.
4. (Scan and) send page 5 of this form to gsa@etal.uri.edu with the Subject: Senator Application.
5. The GSA will verify the names of Graduate Students in your department, and will send you an email to Approve, Request more Information or Reject and the reason why.

Good luck!
