ARTICLE VII
ACADEMIC FREEDOM

7.1 Faith in the fundamental importance of freedom forms a major theme in the history, government and tradition of the State of Rhode Island and Providence Plantations and of the United States of America. Freedom is also recognized on practical grounds as vital to the scholar in their search for and dissemination of truth. Although academic freedom is not written into law, it is well established in custom and grounded in traditions of long standing in the colleges and universities of the Western world, protecting professional scholars
and teachers from interference with their obligation to pursue the truth. Though it is a specific kind of freedom peculiar to members of the teaching profession in higher education, its benefits ultimately accrue as much to the public at large as to the scholars themselves. In fact, the present age of accelerating change emphasizes that education must stress development of the capacity for critical thought, a capacity that can be achieved only when freedom in inquiry and discussion prevail. Therefore, in accordance with the ideals of state and nation, and in order that the institutions under its jurisdiction might perform well the functions for which they are established, the Council and the Association affirm their unqualified acceptance of the principle of freedom in inquiry and expression.

7.2 Academic freedom has been defined and codified in a statement of principles that was prepared by representatives of the American Association of University Professors and the Association of American Colleges. Adopted by both organizations in 1941 and later endorsed by many other professional and learned societies, it is known as the “The 1940 Statement of Principles on Academic Freedom and Tenure.” The Council and the University of Rhode Island unconditionally endorse the 1940 Statement, including the following pertinent passages:

“Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher* or the institution as a whole. The common good depends upon the free search for truth and its free exposition. [“The word “teacher” as used in this document is understood to include the investigator who is attached to an academic institution without teaching duties.]

“Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspects is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights. 

“The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his/her other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

“The teacher is entitled to freedom in the classroom in discussing his/her subject, but he/she should be careful not to introduce into his/her teaching controversial matter which has no relation to his/her subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

* The word “teacher” as used in this document is understood to include the investigator who is attached to an academic institution without teaching duties.
“The college or university teacher is a citizen, a member of a learned profession, and an officer of an education institution. When he/she speaks or writes as a citizen, he/she should be free from institutional censorship or discipline, but his/her special position in the community impose special obligations. As a person of learning and an educational officer, he/she should remember that the public may judge his/her profession and his/her institution by his/her utterances. Hence he/she should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he/she is not an institutional spokesperson.”

7.3 The university faculty member is a citizen, and like other citizens, should be free to engage in political activities so far as a faculty member is able to do so consistent with their obligations as a faculty member.

7.4 Many kinds of political activity (e.g., holding part-time office in a political party, seeking election to any office under circumstances that do not require extensive campaigning, or serving by appointment or election in a part-time political office) are consistent with effective service as a member of a faculty. Seeking election to the Office of United States Congress or State General Offices, may be limited by Council Policy (p-11.0 9/20/1984), Rhode Island General Law, or the Hatch Act Modernization Act of 2012.

7.5 A leave of absence incident to political activity should, when practicable, come under the university’s normal rules and regulations for leaves of absence without pay.

ARTICLE VIII
PROFESSIONAL ETHICS AND RESPONSIBILITIES

8.1 The URI Chapter of the AAUP endorses the Statement of Professional Ethics prepared by the American Association of University Professors:

“Professors, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their subject is to seek and to state the truth as they see it. To this end professors devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although professors may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.

“As teachers, professors encourage the free pursuit of learning in their students. They hold before them the best scholarly and ethical standards of their discipline. Professors demonstrate respect for students as individuals and adhere to their proper roles as intellectual guides and counselors. Professors make every reasonable effort to foster honest academic conduct and to ensure
that their evaluations of students reflect each student's true merit. They respect the confidential nature of the relationship between professor and student. They avoid any exploitation, harassment, or discriminatory treatment of students. They acknowledge significant academic or scholarly assistance from them. They protect their academic freedom.

“As colleagues, professors have obligations that derive from common membership in the community of scholars. Professors do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas professors show due respect for the opinions of others. Professors acknowledge academic debt and strive to be objective in their professional judgment of colleagues. Professors accept their share of faculty responsibilities for the governance of their institution.

“As members of an academic institution, professors seek above all to be effective teachers and scholars. Although professors observe the stated regulations of the institution, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. Professors give due regard to their paramount responsibilities within their institution in determining the amount and character of work done outside it. When considering the interruption or termination of their service, professors recognize the effect of their decision upon the program of the institution and give due notice of their intentions.

“As members of their community, professors have the rights and obligations of other citizens. Professors measure the urgency of these obligations in the light of their responsibilities to their subject, to their students, to their profession, and to their institution. When they speak or act as private persons they avoid creating the impression of speaking or acting for their college or university. As citizens engaged in a profession that depends upon freedom for its health and integrity, professors have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.”

Faculty members shall adhere to University policies and procedures for: class attendance, course scheduling, final examinations, course expectations and grading policies, development and distribution of course syllabi, availability for student conferences and advising, the timely submission of grades, and maintaining and retaining records of grades and all student products not returned to the students.

**ARTICLE IX**

**SELECTION OF DEANS**

9.1 **Dean Selection Committee:** Whenever a vacancy occurs in one of the following positions: Dean of the College of Arts and Sciences, Dean of the College of Business, Dean of the ASF College Education and Professional Studies, Dean of the College of Engineering, Dean of the College of the Environment and Life Sciences, Dean of the College of Health Sciences, Dean of the College of
Nursing, Dean of the College of Pharmacy, Dean of the Graduate School, Dean of the Graduate School of Oceanography, Dean of University Libraries, and Dean of University College for Academic Success, the President shall appoint an advisory committee to assist in filling the vacancy. The committee shall have five (5) members. Two (2) faculty members shall be selected by the Association and student members shall be appointed by the President when deemed appropriate by the committee. The committee membership may be enlarged by the President when wider representation of interest is desirable.

9.2 Review of Qualifications: The advisory committee shall help assemble by various means a list of suitable candidates for the vacant office; shall screen the candidates by reviewing their qualifications; shall make recommendations regarding the candidates to the President.

ARTICLE X
DEPARTMENT CHAIRPERSONS

10.1 Position of the Chairperson: Department Chairpersons are essentially department administrators. They are responsible to the college Dean and then the President for administering University policies and for providing administrative support and leadership to the department or which they are active members, and which they are appointed to lead.

The duties and responsibilities of department chairpersons are as follows: A department chairperson shall have administrative responsibility for the program of the department under the Dean of the college; provide leadership to department members in planning and developing policies and programs; evaluate the instructional, research and administrative processes of the department and make recommendations to the Dean; evaluate periodically the department members and report the evaluations as required; recommend appointments, reappointments, award of tenure, promotions and dismissals of department members; facilitate the relationship between the administration and faculty; ensure that adequate supervision, advice and training are provided to new department members and others who might benefit therefrom; generally promote the welfare of the department and the University by appropriate means; and carry out other such duties as are set forth in the University Manual.

10.2 Dual Role of the Chairperson: Chairpersons have a dual role: on the one hand, they have the obligation to perform research/scholarship and teaching as do the regular faculty; on the other hand, they must work with the administration to administer, promote, and facilitate the effective implementations of the University’s policies. The Association supports the chairperson in their faculty role as regular faculty are supported.

10.3 Search Committee: When it is determined that the position of chairperson of a department will become vacant, the Dean of the college shall appoint within thirty (30) days of such determination a Search Committee to be charged with
the compilation of a list of recommended candidates for submission to the Provost and to the President.

This Committee shall consist of no fewer than five (5) and no more than seven (7) members of the full-time faculty, at least one (1) but not more than two (2) of whom shall be chosen from outside the department in question, but with interests closely allied to those of the department. Every effort shall be made to have representatives of women and protected classes on the search committee. The outgoing department chairperson shall not be a member of the Search Committee. An acting chairperson may be a member of the Search Committee if they are not a candidate for the position. In the case of departments with fewer than four (4) members, the Dean shall appoint the Committee, provided that the membership chosen from outside the department shall not exceed the total number of department representatives. The Committee shall choose its own chairperson.

10.4 Screening and Interviews: The Search Committee shall solicit names of possible candidates from the University faculty and elsewhere. Names of candidates from within the present faculty, as well as those from without, may be considered. The Search Committee shall adhere to the principles of Affirmative Action and will arrange for on-campus interviews of candidates in conjunction with the Dean of the college, who will arrange in advance through the Provost for necessary travel reimbursement for the candidates. The number of candidates invited to visit the campus will be decided by the Search Committee and the Dean. Any candidate visiting the campus will meet with the faculty of the department and the Dean, and whenever possible with the Dean of the Graduate School, the Provost and the President of the University. The candidate shall also be given the opportunity to meet with graduate and undergraduate students of the department under such conditions as can conveniently be arranged.

10.5 Choice of Candidate: After the Search Committee has conducted appropriate interviews and completed its screening, it shall submit to the Dean the name(s) of acceptable candidates in order of preference, if any. The Dean will forward with recommendation(s) the name(s) of the candidate(s) to the Provost and the President. The President may appoint one of the candidates recommended by the Search Committee. If the President cannot accept any of the candidates suggested, the President shall explain in writing to the Chairperson of the Search Committee the reason(s) for the decision, and will request the Committee to continue its search until a candidate acceptable to the Committee and the President is appointed.

10.6 Duration of Appointment: The initial appointment of a department chairperson shall be for a three-year period, and it may be renewed for terms of three (3) years each upon the recommendation of the Dean subject to conditions set forth under Section 10.7 below. A chairperson will normally serve no more than four (4) consecutive terms for a total service of twelve (12) years. Upon petition of two-thirds of the department faculty on full-time continuing appointment of the rank of instructor or above, and upon approval of such
petition by the Dean of the college presented to the President no later than March 15 of the third year of the chairperson’s fourth term of office, the President may appoint a chairperson for an additional three-year term. If the President declines to appoint the chairperson to a fifth term, the President shall explain the reasons in writing to the Dean and to the department faculty by April 1, and shall request that a search for a new chairperson be instituted under the provisions of Section 10.3 of this Agreement. Any further reappointment beyond a five-term limit shall be the subject of special negotiations among the department faculty, the Dean of the college, the Provost, and the President.

If a department chairperson resigns before the end of any three-year term, an acting chairperson shall be appointed by the President upon the recommendation of the Dean of the college in consultation with the members of the department.

10.7 **Renewal of Appointment**: The President shall reappoint a chairperson upon the advice of the Dean of the college, who shall meet with and receive the vote of the full-time members of the department on a continuing appointment with the rank of instructor or above. This meeting and the vote of the faculty shall be held no later than February 15 of the third year of the chairperson’s term.

The meeting shall be convened by the Dean, and the chairperson shall not be in attendance. The Dean shall solicit from the full-time and continuing faculty written recommendations regarding the retention of the chairperson. These recommendations, received from those faculty who may choose to submit them, shall be forwarded by the Dean together with the vote and his own written recommendation, to the Provost and thence to the President no later than March 15, and the chairperson and the department faculty shall be advised concurrently in writing of the Dean’s recommendation. If the Dean’s recommendation is positive and the President accepts it, the chairperson shall be notified of their reappointment no later than April 30. If the President does not accept the recommendation of the Dean or the department, the President shall explain the reason(s) in writing to the Dean and the department.

10.8 **Annual Review**: The chairperson shall be subject to all of the procedures to be followed for all faculty in matters of recommendation for their own promotion, retention, non-renewal, termination, or award of tenure as a faculty member as provided under Article XV: The Annual Review. The Dean of the college shall prepare the Annual Review of the chairperson in the same manner as it is prepared by the chairperson for other faculty. All peer evaluations as required under Section 15.7 shall be submitted to the Dean. The chairperson’s Annual Review shall remain with the Dean so long as the chairperson holds the position. The chairperson shall have the same access to their own Annual Review as provided for all other faculty. Once the chairperson resigns the position, either to return to the teaching faculty of their department, to leave the University, or to retire, a copy of their file of Annual
Reviews shall be forwarded by the Dean to the department for filing or other disposal in the same manner practiced within the department for all other faculty.

10.9 Chairpersons shall be appointed at a salary and rank commensurate with their professional qualifications.

10.10 A chairperson shall be given a calendar year appointment when the responsibilities and duties of his/her office warrant it. This will be determined by the Dean of the college and the Provost.

10.11 A chairperson appointed on an academic year basis shall be eligible to recontract for the summer at no less than 6% and no more than 22% of their academic salary, the amount to be determined in consultation with the Dean and Provost upon approval of the President. The Provost shall notify the chairperson of the amount by June 1. If the chairperson is recontracted on this basis and chooses in addition to teach or to conduct other work for remuneration (e.g., outside grants) the combined amount shall not exceed 25% of the chairperson’s academic salary.

10.12 Summer Replacement for Chairpersons: A chairperson on academic year contract who does not recontract for the summer when the requirements of the position make it necessary as determined by the Dean and the Provost, may designate with the concurrence of the Dean a senior ranking faculty member within the department to act on their behalf during the summer term. Such faculty member shall be eligible to recontract for the summer at no less than 4% and no more than 20% of their academic salary, the amount to be determined in consultation with the Dean and Provost upon approval of the President.

10.13 Relinquishment of Position for Other Duties: If a chairperson accepts any administrative duty on a temporary or emergency basis (interim or acting Dean, Assistant or Associate Dean, interim or acting Vice-President, or any similar or related position) the chair shall be removed immediately from the bargaining unit, and shall at once relinquish their position as chairperson. Upon recommendation of the Dean and consultation with the department faculty, the President shall appoint an interim or acting chairperson to serve for the length of time that the chairperson occupies such administrative position for the balance of the academic year if the position is accepted before the academic year has begun. Upon completion of the emergency or temporary duties, the chairperson, at their own discretion, may return to their position as chairperson and will immediately be returned to the bargaining unit. If the chairperson undertakes temporary or emergency administrative duty before the beginning of the academic year, continues to serve into a second academic year after undertaking the duties during the course of an academic year, or chooses to remain in the administrative position, or chooses to return to the department as a faculty member, relinquishing the chairship, the position of chairperson shall be declared vacant and a new chairperson shall be chosen under the provisions of sections 10.3 through
10.14 Position after Retirement, Dismissal, or Resignation: A chairperson may resign their position at any time within the specified appointment period without prejudice. While they will normally give notice of one (1) year, they may step down at any time, at which time an acting chairperson shall be appointed by the President as noted in Section 10.6, pending selection of a replacement through the Search Committee. A chairperson who has resigned their position, provided their rank is tenured and they are not retiring or resigning from the University, will be placed on an academic or calendar year appointment. If the chair held a calendar year appointment and is placed on an academic appointment, their salary shall be adjusted in accordance with Section 11.14 Change of Calendar or Academic Year Appointment. Any additional remuneration because of the position of chairperson shall be relinquished.

10.15 Leave Replacement: In the event that a chairperson will be absent because of extended leave (sabbatical, leave without pay, and so on) for a period of one (1) semester or longer, a temporary replacement shall be appointed by the President under the conditions which obtain under Section 10.13 above.

10.16 All of the provisions of Article X are subject to the grievance and arbitration procedures.

10.17 Nothing in this Article shall prevent a department from permitting students to be consulted in the selection process.

10.18 Removal of Chairperson: The following procedures shall apply in case it is determined that a chairperson should be removed from office prior to the expiration of their three-year appointment period.

10.18.1 If the department faculty determines that the chairperson is not properly fulfilling their responsibilities, the faculty may forward to the President or Provost a petition for removal of the chairperson signed by two-thirds of the full-time members of the department on a continuing appointment with the rank of instructor or above, excluding the chairperson, with reasons for such determination stated in writing. The President or Provost shall then hold a hearing on the matter with the parties involved, including representation from the Association. Upon conclusion of the hearing, the President shall render a decision in writing with reasons therefore within thirty (30) calendar days to the full membership of the department faculty and to the Dean.

10.18.2 If the President or Provost determines that the chairperson is not properly fulfilling their responsibilities, they may terminate the appointment of the chairperson, explaining their reasons in writing to the Dean of the college, to the chairperson, and to the department faculty. If requested by the chairperson, the President/
Provost or designee shall hold a hearing on the matter with the parties involved under the conditions which obtain in Section 10.18.1 above.

10.19 Department chairs shall receive supplements for the duties and responsibilities delineated in Article 10.1. The amount of the supplement shall be based upon the following criteria:

1. Total number of undergraduate majors (previous AY)
2. Total number of matriculated graduate students (previous AY)
3. Total credit hours taught by department/unit faculty (previous AY)
4. Total number of summer and J-term courses taught (previous FY)
5. Total number of degree and certificate programs (previous AY)
6. Total number of accredited programs (previous AY)
7. Total amount of research expenditures (previous FY).
8. Total number of faculty FTEs (including tenure and nontenure track, part-time faculty, and graduate teaching assistants. Part-time faculty equal .125 FTE per three-credit course taught. Graduate teaching assistants equal .5 FTE for 20 hour/week assistantship. Joint appointees will be credited accordingly) (previous FY).

Data shall be provided by the Office of Institutional Research except for research funding, which shall be provided by the Research Office.

There shall be three levels of department chairs. (Department Chair A, Department Chair B and Department Chair C). The chairs shall be compensated according to the supplement schedule listed below.

Department Chair A shall be defined as at or below average of the above criteria.

Department Chair B shall be defined as above average in four (4) criteria.

Department Chair C shall be defined as above average in six (6) of the above criteria.

All calendar year department chairs shall be categorized as Department Chair C.

Average is the department/unit mean across departmentalize colleges.
The Provost’s Office shall provide each dean and the Association with a list of departments sorted by the criteria above in July of each year. The category to which a faculty member undertaking the responsibilities of chair is assigned shall be a matter of agreement between the faculty member and the appropriate Dean.

The supplement shall not be part of a chair’s base salary, except for the purposes of summer recontracting, and only then if the chair has received the supplement for at least one full academic year. The supplement will terminate when the chair’s position is vacated.

**ARTICLE XI**  
**SELECTION AND APPOINTMENT OF FACULTY MEMBERS**

11.1 All members of a department at the rank of instructor and above shall be informed of vacancies and new positions within their departments by the department chairperson.

11.2 Unless circumstances prohibit, a department meeting shall be held to determine the basic specifications of each position to be filled, including academic credentials and experience in teaching and research.

11.3 The chairperson will review all applications received with all those members of the department who have full-time regular and continuing University appointments and shall report to the Dean of the college candidates to be personally interviewed.

11.4 When candidates are brought to the campus, department members shall be informed and arrangements shall be made for the candidate to meet with as many department members as possible. The candidates’ schedule of visits shall also include the Dean of the college involved and normally the Dean of the Graduate School. The Provost and the President of the University shall at their request be included in the interview.

11.5 The chairperson shall seek the opinions of all those members of their department who have full-time regular and continuing university appointments on their choice of candidates before the chair’s final recommendation for appointment is submitted to the Dean of the college. The chairperson’s recommendation shall include a report of the comments of those members of the department who were consulted.
11.6 Teaching and research effectiveness shall be principal factors in deciding faculty appointments, but the balance between the two activities may vary from position to position.

11.7 Each candidate who is appointed shall be informed in writing by the department chairperson of the personnel policies of particular importance to new staff members and of their specific official duties.

11.8 All faculty appointed to a position in more than one department shall have the conditions of tenured status, the position responsible for conducting annual reviews, and the teaching, research, and service expectations for each department specified in writing and agreed to by the Provost and faculty member at the time of appointment.

11.9 Each candidate who is appointed shall be informed in writing at the time of appointment by the Dean of the general criteria that will be used to judge their acceptability for promotion and/or tenure at URI.

11.10 If the appointment is approved by the Dean of the college, the Dean shall recommend the appointment of the candidate to the Provost who, if the Provost approves, makes a recommendation to the President. If the President approves, the President shall appoint the faculty member.

11.11 When the majority of a department judges that the size of their department makes it difficult for all members to participate in the selection procedures, the department may form a selection committee to act in its behalf. Departmental selection committees shall be elected from members of the department and shall be representative of all academic ranks in the department. It shall assume the powers and duties of the department in the selection procedure. The department chairperson shall serve as chairperson of the selection committee.

11.12 Nothing in this Article shall prevent a department from permitting students to participate in the selection process.

11.13 New faculty shall receive an appointment form Personnel Memorandum (USP-2), stating all special conditions of employment. A copy of same shall be furnished to the Association within thirty (30) days after execution.

11.14 Faculty shall receive a copy of Personnel Action Form (CS-3) with every salary change.

11.15 Change of Calendar or Academic Year Appointment: Any faculty member on calendar year appointment who so requests may be permitted to revert to an academic year appointment upon approval of said request by their Dean. The academic year salary of any faculty member going to academic from calendar year appointment shall be no less than but not necessarily limited to their calendar year salary divided by 1.2.

Whenever it is desirable, after consultation among the faculty members,
the department chairperson, the Dean and the Provost, to change a faculty member from an academic to a calendar year appointment, the adjusted salary shall be 1.2 times the academic year salary.

11.16 Personnel Files: As of the effective date of this Agreement, each Dean shall maintain a college personnel file for each member of the college faculty. Such file shall contain copies of all personnel transactions, all official correspondence with the faculty member, and all evaluation reports, except peer evaluations (submitted under Article XV prior to July 1, 1979).

11.16.1 No anonymous material whatsoever shall be placed in a faculty member’s college personnel file, or in any other University file.

11.16.2 Materials shown to be false or unsubstantiated shall be removed from all such files. In the event of any dispute as to the removal of such material from any file, the faculty member may submit a written rebuttal which shall become a part of that file. By mutual agreement between the faculty member and the dean, negative materials in the file relating to a particular instance or conduct shall be removed after five (5) years, assuming no other similar instances relating to that conduct have been placed in the personnel file. This clause shall not refer to evaluation reports, i.e. annual reviews.

11.16.3 The grievance file shall be maintained separately from the faculty member’s personnel file.

11.16.4 If documents of record as specified in Section 11.15 are missing from the file, the faculty member may resubmit copies of these documents to complete the file.

11.16.5 Right of Examination. The faculty member shall have the right to examine and to reproduce at their own cost any document in any of their own personnel files at any time during normal business hours and to file a statement in response to any item placed in his file, provided, however, that any letters of recommendation solicited confidentially in connection with their initial appointment shall not be available to the faculty member.

A designated member of the Association, having written authorization from the faculty member concerned, and in the presence of a representative of the University, may examine any personnel files of that faculty member, except for the limitation provided in the preceding paragraph, if the examination relates to a filed grievance in preparation, or a written charge or charges preferred against the faculty member by the University.

11.17 Nothing in Article XI of this Agreement shall prevent the University from recruiting specific individuals for appointment to the University for fully or partially endowed or gift-funded positions without a search provided that faculty members in the department (or relevant unit of appointment) are given
the opportunity to vote on the suitability of the individual for appointment prior to their final appointment and the provisions of Article XIX concerning eligibility for tenure are followed. Nothing in this provision is intended to interfere with the prerogatives of the Office of Affirmative Action, Equal Opportunity, and Diversity concerning search waivers.

ARTICLE XII
WORKLOAD

12.1 Functions and goals of departments and colleges differ throughout the University. Because the various subject areas have evolved from different academic and professional traditions, the precise manner in which each department contributes to teaching, research and public service cannot be specified uniformly on a University wide, college-wide nor even on a department-wide basis. Furthermore, as is the case with other professionals, University faculty members can be most effective only if there is reasonable flexibility in determining the manner in which they shall carry out their responsibilities. Individual workload assignments shall take into account scholarly and/or creative activities, teaching, and service and the needs of departments and colleges.

12.2 The determination and assignment of faculty workloads shall be made by the department chair after consultation with the faculty and subject to the approval of the dean. In colleges with no departments, the determination and assignment of faculty workloads shall be made by the dean after consultation with the faculty.

12.2.1 The following shall be considered when making assignments:

a) The needs of the department or program, the faculty member’s qualifications and expertise, and the faculty member’s scholarly interests

b) The nature of the course, as to whether it is undergraduate or graduate and whether it is being offered for the first time or with extensive revision.

c) Contact hours, as to whether they are lectures, recitations or laboratories and whether the recitations and laboratories require a great deal of preparation.

d) Total number of students, as to whether the time required by the course is directly related to the number of students (e.g., if term papers are required, the number of students is directly related) and whether graduate student assistance is available.

e) Joint courses taught by two or more faculty members or special problems courses for individual students must be related to overall teaching load.

f) Other duties, especially department chairing, Faculty Senate chairing,
honors colloquium direction, committee work, special administrative duties or in-service work with groups in the state.

g) Because the University requires of its faculty varying levels of creative/scholarly activity, teaching, and service (depending on the position), a proper integration, balance, and level of these components of workload must be maintained throughout a faculty member’s career and may be adjusted based on the needs of the department or program, the faculty member’s qualifications and expertise, the faculty member’s scholarly interests, and the faculty member’s contemporaneous commitments to creative/scholarly activity, teaching and service.

h) Advisees, as to their number, the number of theses/dissertations being directed and the number of, and the level of effort required for, graduate committee assignments.

**ARTICLE XIII**

If two (2) State employed spouses hired into state service on or after July 1, 2015 are covered under one State family insurance plan, the co-share set forth in this Collective Bargaining Agreement shall be determined based on the income of the higher earner of the two (2) spouses as determined by the total rate of pay. Further, the spouse that does not receive insurance through the State but is covered by their State employed spouse will not receive the waiver payment.

For clarification purposes only, employees on paid or unpaid leave are responsible for their regular co-share payment for health.
insurance (i.e. medical, dental, and vision). Failure to make such payments may result in termination of such benefits upon thirty (30) days’ notice.

14.3 Disability Insurance. All faculty members covered by this Agreement are subject to and have the benefits of the State ERS or TIAA Group Insurance Policy whichever applies, in accordance with rules and regulations of such systems.

14.4 Retirement Program. Full-time members of the faculty who are exempt
from the merit system of the State of Rhode Island shall be required to participate in the Teachers Insurance and Annuity Association-College Retirement Equity Fund (TIAA-CREF) or an equivalent program offered by the Council on Postsecondary Education (such as VALIC or Metropolitan Life Insurance Company which are also currently offered as of July 1, 1997) after two (2) years of service and attainment of age thirty (30) as a condition of employment and as provided by law. Faculty members who are members of the Rhode Island Employee Retirement System at the time of employment shall be accepted. Participation is permitted, on a voluntary basis, on completion of two (2) years of employment for eligible employees under thirty (30) years of age.

14.4.1 Part-time faculty shall participate.

14.5 Tuition. Tuition waiver is applicable only to full-time non-classified employees of the Council on Postsecondary Education. Waiver of fees shall be limited strictly to tuition. Tuition waiver only applies to institutions under the jurisdiction of the Council on Postsecondary Education. This waiver applies to the employee’s spouse or domestic partner, as defined in RIGL §36-12-1, and dependent children, as defined below, who are pursuing courses in a regular study program for credit at the first baccalaureate level only at any institution, and who are taking courses at one of the three institutions under the Council on Postsecondary Education’s jurisdiction. In the event of an employee’s death, the tuition waiver benefit shall be provided for those spouses or domestic partners, as defined in RIGL §36-12-1, and dependent children, as defined below, who have been accepted or are enrolled at the time of such death and who maintain continuous enrollment. For purposes of this policy, “dependent children” is intended to refer to a child, as defined in Internal Revenue Code §§ 117(d), 132(h), and 152(f)(1), of the eligible employee, for whom the eligible employee is entitled to claim and does claim a dependency deduction on their federal personal income tax return under Internal Revenue Code Section 152, including Section 152(e), or both of whose parents are deceased and who has not attained age 25.

An employee must provide evidence of marriage, domestic partnership, or dependency in order to receive a tuition waiver hereunder.

However, pursuant to RIGL §16-97.7 no eligible employee of the Council on Postsecondary Education, his or her spouse, domestic partner or dependent children, shall receive a tuition waiver as a result of employment status with the Council on Postsecondary Education, without first consenting to the public disclosure of the existence and amount of the waiver. This applies to any waiver at the Community College of Rhode Island, Rhode Island
College, and/or the University of Rhode Island.

To be eligible to receive a tuition waiver for any semester or session at an institution under the Council's jurisdiction, an employee of the Council on Postsecondary Education must be a full time employee on the date of the first day of classes for that semester or session.

If an employee is an otherwise “eligible employee” but is on leave without pay, neither the employee nor his or her spouse or domestic partner, as defined in R1GL §36-12-1, or dependent children are eligible for tuition waiver unless specifically approved by the institution.

Tuition waivers are not applicable to non-credit courses.

Present employees whose dependents receive a graduate tuition waiver shall continue to receive graduate tuition waivers.

ARTICLE XV
THE ANNUAL REVIEW

15.1 Purpose. Each faculty member is entitled to know in writing what is expected of them, and to be informed as to how they are performing their professional duties. It shall be the purpose of the Annual Review to provide this information on a cumulative basis. To achieve this purpose, the Annual Review shall consist of a process of department evaluation of its faculty and a written report submitted by the department chairperson to the Dean. Faculty shall be informed in writing by their dean about the expectations that the Department, College and/or University has for that individual in terms of research, teaching and service, and their relationship to the mission of the Department, College or University.

15.2 Use. The information accumulated in the Annual Review shall provide the basis upon which each faculty member is recommended by the department chairperson for retention in rank, promotion, or award of tenure. The information may also be a basis for termination or non-renewal.

15.3 Eligible Faculty. All faculty on continuing appointment shall be subject to and eligible to participate in the Annual Review.

15.4 Frequency. The following shall be the normal frequency for the conduct of the Annual Review.

a) All eligible non-tenured faculty of whatever rank shall be reviewed annually until such time as tenure is awarded, except that faculty in their first year of appointment may be reviewed at the option of the department chairperson.

b) Tenured faculty holding the rank of assistant or associate professor shall be reviewed every third year. No review need be conducted following the
year of promotion to assistant or associate rank, but a review shall always be conducted whenever a recommendation for promotion is involved.

c) Tenured full professors shall be reviewed every four years. No review need be conducted following the year of promotion to full professor.

Upon request to the department chairperson by an individual faculty member, or upon the initiative of the department chairperson or dean, any faculty member shall be accorded a review during any year, whether or not such review falls within the department schedule. At the initiative of the dean, and with the concurrence of the faculty member and the chair, the review cycle of an associate or full professor may be delayed one year. Reviews for tenured faculty may be postponed under unusual circumstances such as illness or leave without pay as determined by the Dean. A review shall always be conducted whenever a recommendation for promotion is involved, regardless of scheduled review sequence.

15.5 **Period Covered.** The Annual Review shall cover the faculty member’s performance during the period since the previous Annual Review. Annual Reviews which involve promotion and/or decisions concerning award of tenure shall cover the faculty member’s entire professional career, with special attention to the period since initial appointment and/or previous promotion.

15.6 **Dossier.** In order to provide a full record of accomplishments throughout their professional career and in order to assist in the Review process, each faculty member shall prepare an electronic dossier containing vital statistics and tabulating all professional accomplishments, including a list of courses taught at the University of Rhode Island within the preceding three years. This dossier may be supplemented by such other materials as the faculty member deems appropriate. The electronic dossier and all supplemental material shall be kept on permanent file by the department chairperson, who shall make it available for full consideration by all faculty participating in the Review as provided under Section 15.7 below. The Dean shall have access to the electronic dossier under Section 15.8 as part of the chairperson’s written evaluation. Once prepared, the dossier shall be revised annually by the addition of whatever new material is pertinent to the year or years under review.

15.6.1 **Tabulation of Accomplishments.** The tabulation of accomplishments may include but shall not necessarily be limited to, applicable items among the following:

a) Contributions to the instructional program of the department, including student advising, thesis supervision, and such evidence as the faculty member may wish to present to demonstrate excellence in teaching, and as to library faculty, excellence in librarianship and/or teaching. As it relates to librarianship, the phrase “and/or teaching” means credit earning
instruction which is assigned as part of library faculty workload. In addition, the reference to “librarianship” in this section shall not at any time be construed to relieve library faculty of their responsibility to perform in other areas enumerated in 15.6.1, including sections (b) and (c) unless otherwise provided in the letter of appointment and in this Agreement.

b) Journal articles and books published or accepted for publication, public reports, publications for the public good, and papers presented at professional meetings.

c) Research activities and accomplishments, including funded and non-funded research.

d) Creative artistic achievements.

e) Services to the University.

f) Offices held in and services rendered to professional societies; special services such as journal editor or consultant to professional periodicals and organizations; memberships in professional and honor societies.

g) Compensated and uncompensated professional services for the community and clinical practice.

h) All academic degrees received, professional certifications, experience, and training.

i) Any statement(s) in the outside evaluation(s) regarding the faculty member’s worthiness for retention, promotion or granting of tenure at the outside reviewer’s institution shall not be solicited nor shall it be considered relevant.

15.7 Process of Department Peer Evaluation.

No later than May 1 of the spring semester, the department chairperson shall consult with the department faculty by such procedure for peer evaluation as the faculty shall devise through annual department discussion and vote. Methods shall be at the discretion of the department so long as each faculty member is given the right, without prejudice to any party involved, to abstain from participation in the entire procedure or to abstain from such portion of the procedure as affects an individual faculty member. No process of peer evaluation adopted by a Department shall include provision for anonymous polling or balloting. No method of department peer evaluation may deny any faculty member the right to submit a written evaluation of any or all faculty which shall be included in the material forwarded to the Dean with the chairperson’s written evaluation. Prior to May 1st, the department will also
determine a procedure for the annual peer evaluation for lecturers.

During the consultation process, the chairperson shall inform the faculty that no recommendation for tenure and promotion or promotion will be submitted to the Dean without an Annual Review of the individual concerned. Once the department procedure is established, and no later May 1, the chairperson shall provide to the department faculty, to the College Dean, and to the Dean of the College of Continuing Education, as appropriate, the names of those scheduled for review and the names of those who have requested a review.

Faculty dossiers shall be submitted by October 1st for all departments.

External reviews shall be required for tenure and/or promotion. The selection of external reviewers shall be made by October 1st with a preferred return date of the evaluations by November 1st. In colleges with departments, the process for the selection of external reviewers will consist of the candidate and department chair selecting names with information about who they are and the relationship to the candidate. The chair will submit a list of external reviewers to the Dean, who shall have the opportunity to comment on the selection of the external reviewers. In colleges with departments, the chair will request the evaluations from the external reviewers. In colleges without departments, the process for the selection of external reviewers will consist of the faculty member and the Dean selecting names with information about who they are and the relationship to the candidate. In colleges without departments, the Dean will request the evaluations from the external reviewers. All external evaluations received shall be included in the dossier and each dossier shall have a minimum of four (4) external reviews, whenever possible. Reviewers shall be selected from recognized scholars in the discipline of the faculty being considered for tenure and/or promotion. External reviewers shall be asked to address their knowledge and relationship with the candidate. External evaluation letters shall be shown to the faculty member upon request. Distribution of the external evaluations to the other faculty members of the department shall be determined by such procedure for peer evaluation as the faculty shall devise through annual department discussion and vote.

15.8 The Chairperson’s Evaluation. The department chairperson shall prepare in triplicate a written evaluation of each eligible faculty member scheduled for or requesting an annual review. One copy shall be forwarded to the Dean of the college by December 1st. The second copy shall be given to the faculty member at least five (5) working days prior to submission to the Dean. The third copy shall be retained by the chairperson in a permanent department file. All tenure-track and tenured faculty members within the department will be required to vote yes, no or abstain on each tenure and/or promotion recommendation to the Chair and Dean. Peers may also submit a written evaluation of the candidate in addition to voting.

15.8.1 Content. The chairperson’s written evaluation shall include:

a) A statement of the duties and responsibilities of the individual
faculty member for the period covered by the Review, including all teaching assignments.

b) An assessment of the quality and quantity of the faculty member’s professional work in the execution of those duties and responsibilities, including an evaluation of the faculty member’s teaching and an assessment of the material submitted by the faculty member under 15.6.1 (a) above.

c) A statement of the future duties and responsibilities reviewed with and expected of the faculty member.

d) A copy of the vital statistics and tabulation of accomplishments prepared by the faculty member under Section 15.6 above as part of the dossier.

e) Such other supporting material as the chairperson may wish to select from the individual dossier or to solicit from the faculty member.

f) Specific recommendations for retention in rank, termination or non-renewal, promotion or award of tenure, either early or mandatory, for all faculty except tenured full professors. For cases involving mandatory tenure decisions, the recommendations shall be submitted in proper time to meet the requirements of Section 19.5 of this Agreement. When, through promotion, if granted, the faculty member becomes eligible for tenure because of the higher rank, tenure and promotion shall be considered simultaneously.

15.8.2 Inclusion of Department Evaluation. In writing evaluations, the department Chair shall give full consideration to all opinions and evaluations obtained by consultation with the department faculty. At the time the Chair submits their evaluations to the Dean the Chair shall append a detailed description of the department’s consultation process and such peer evaluations as may be utilized under Section 15.7 above.

15.9 Right of Response. The faculty member shall submit to the Dean such written comments as they may wish to make in response to the chairperson’s written evaluation at the same time this evaluation is submitted to the Dean, and they shall provide a copy to the chairperson. Lack of response shall not be construed as agreement by the faculty member with the chairperson’s evaluation.

15.10 Distribution and Access. Distribution of the chairperson’s written evaluation shall be limited under the provisions of Section 15.8. Access to the evaluation shall be limited to the faculty member, the chairperson, the Dean, Provost and the President. All material pertinent to the Annual Review, including such information, opinions, and evaluations as may be provided
under Section 15.7, shall be made available to all parties concerned, except
that peer evaluations prepared prior to July 1, 1979 shall be made available
only in cases of a grievance at any level under Article XXIV, Grievance
Procedure.

15.11 Pre-tenure review. The Dean’s written evaluation of all pre-tenure reviews
shall be forwarded to the faculty member no later than February 15. By
February 15 of the fourth year of appointment of tenure-track assistant
professors, the Dean shall forward their written evaluation (copying the chair
and faculty member) and the complete dossier to the Provost. By the end
of the academic year the Provost shall provide their evaluation to the faculty
member of progress toward promotion and tenure. Faculty with more than
one (1) year of credit toward promotion and tenure are not eligible for such
evaluation. All rights granted to the Provost under this Agreement, including,
but not limited to, those enumerated in Article XV through Article XX are
retained.

15.12 Student Evaluation of Teaching. Student evaluation of teaching (SET)
instrument shall be administered as recommended by the Joint AAUP-
University Committee on Student Evaluation of Teaching and approved by
the Association and the University. SET results are to be regarded as but one
source of information about a faculty member’s teaching.

15.13 Procedures in Colleges and Divisions Without Chairpersons. In the case of
a college or division within the University in which no formal departmental
structure exists, the Provost shall appoint a committee of no fewer than
three (3) tenured faculty from within the college or division who will fulfill the
responsibility of department chairperson specified in Section 15.8 unless
the faculty of that college elects to assign those duties to the Dean of that
college. In such cases the Dean shall make every effort to comply with
annual review timetables of the department chair.

ARTICLE XVI
PROMOTION

16.1 Criteria for Promotion. Promotion shall be based upon a faculty member’s
accomplishments in teaching, research and service. Clinical Faculty
research expectations are limited to practice scholarship as defined in
“Definitions”. There is no research criteria for Lecturers, Senior Lecturers,
and Teaching Professors (see Article 25.3).

16.2 The provisions of Article XV, the Annual Review, provide the basis for
promotion. If a faculty member is not recommended for promotion by their
Dean or is denied promotion by the President, the faculty member shall
receive a written statement from the Dean or President providing guidance
as to what accomplishments would be necessary to achieve promotion.

16.3 A faculty member may be promoted at any time under the prescribed
procedures. Either the department chairperson or the faculty member may initiate a request for promotion. The department chairperson shall forward such requests, peer evaluations, the chairperson’s recommendation, and supporting materials to the Dean under the provisions of Section 15.8.1 (f) of Article XV, the Annual Review.

If a chair is being considered for promotion, the chair may nominate another faculty member to serve for him/her as the chair does for other faculty members.

16.3.1 After receiving the chairperson’s recommendation(s) on December 1, the Dean shall meet as soon as possible with the department chairperson to discuss the status of each faculty member recommended for promotion. Following the conference with the chairperson, but no later than February 15, the Dean shall convey their decision in writing to each individual under consideration, with a copy to the department chairperson.

If the Dean does not support a recommendation for promotion submitted by the chairperson, the Dean shall state the reasons for such denial in his/her written communication.

16.3.2 The faculty member may submit to the Provost such written comments as the faculty member wishes to make in response to the Dean’s written evaluation. The faculty member shall provide a copy of the response to the Dean.

16.3.3 Lack of response shall not be construed as agreement by the faculty member with the chairperson’s evaluation.

16.3.4 The Dean’s recommendation shall be forwarded to the Provost for transmittal to the President no later than February 15. A copy of the Dean’s recommendation, whether positive or negative, shall be forwarded to the faculty member no later than February 15. Whether the Dean’s recommendation is positive or negative, the faculty’s dossier will be forwarded to the Provost for transmittal to the President no later than February 15. The President (or the Provost acting as the President's designee) shall take appropriate steps to decide whether or not to promote the individual and to notify all parties concerned no later than April 15, and if positive to make public such promotions at that time. If the promotion brings with it the award of tenure because of the higher rank, the President shall notify all parties concerned of the President’s recommendation for promotion, but the President shall also stipulate that the promotion cannot be final until approval of the tenure by the Council on Postsecondary Education as specified under Article XX Tenure Process. Names of those for whom tenure is thus a factor shall not be included on the publicized list, but shall appear on a supplemental list after approval of tenure by the
Council.

16.3.5 If the Dean believes that a faculty member who does not receive recommendation from the chairperson should nonetheless be promoted, the Dean shall make their recommendation to the chairperson at the time of the meeting called under Section 16.3.1. If the Dean receives no recommendations for promotion from a department chairperson, but believes that a promotion or promotions within that department are in order, the Dean shall request the chairperson to meet with the Dean to discuss the matter. If the chairperson does not agree that any promotion is in order, the Dean may initiate the recommendation.

16.3.6 If the Dean initiates a recommendation for promotion, the Dean shall inform the individual involved in writing, with a copy to the department chairperson, and shall also inform the chairperson at the same time, in writing, of the reasons for the Dean’s decision. Once the Dean has initiated a recommendation for promotion, the recommendation shall proceed as all other recommendations as provided in Section 16.3.2

16.3.7 The faculty member, at any time in the promotion process, may ask that their name be removed from consideration.

16.4 If the department chairperson and the Dean disagree as to the promotion of a faculty member, or if the recommendation for promotion is supported only by the Dean or by the department chairperson, then the President’s decision in regard to promotion shall not be grievable beyond the President’s level so long as the decision is based upon the President’s professional judgment.

16.5 If the President disagrees with the decision of the department chairperson and the Dean to promote, or if the President disagrees with a recommendation initiated by the Dean under Section 16.3.3, the faculty member, regardless of time in rank, may file a written grievance of the President’s decision at the President’s or Commissioner’s level within the established grievance procedures.

16.6 Faculty promoted between 7/1/2018 through 7/1/2020 shall receive the following annual salary increases effective the date of their promotion:

<table>
<thead>
<tr>
<th>Faculty Member</th>

ARTICLE XVII
NON-RENEWAL

17.1 Notice of Non-Renewal. Notice of Non-Renewal, or of intention not to recommend renewal of faculty members in the ranks of assistant professor, associate professor, and professor who have not yet acquired tenure shall be given in writing by the Dean, Provost, or the President, in accordance with the following standards: 1) not later than March 1 of the first academic year of service, if the appointment expires at the end of that year; or if a one-year appointment terminated during an academic year, at least three (3) months in advance of its termination; 2) not later than December 15 of the second academic year of service, if the appointment expires at the end of that year; 3) at least one academic year before the expiration of an appointment after two or more years of service. Reasons for non-reappointment shall be given in writing by the person making the decision. A copy of the notice and reasons shall be provided to the Union at the same time.

17.2 Promotion of Instructors. Contracts shall be given to an instructor for a maximum period of four (4) years, a copy shall be forward to the Union at the same time. At the end of each contract year, the instructor shall be eligible for reappointment in rank, contract termination or promotion, a copy shall be forward to the Union at the same time. If the instructor is not to be reappointed, the faculty member and the Union must be informed at least three (3) months in advance of termination except that at the end of the third year, if it is known that the instructor will not or cannot be promoted at the end of the fourth year, the instructor must be informed of this fact before the faculty member receives the fourth year appointment. Any instructor who remains through the fourth year with the assurance of reappointment at the end of that year, must also be assured of promotion to an assistant professorship effective at the beginning of the fifth year. Nothing in this paragraph shall be construed to mean that an instructor cannot be promoted before the end of four (4) years. Upon recommendation of the department, the President may, under special conditions, extend the appointment for a maximum of one (1) year.

ARTICLE XVIII
STATEMENT OF PRINCIPLES OF TENURE

18.1 Statement of Principles of Tenure. The purpose of any system of tenure is two-fold: 1) to protect the individual; 2) to protect the institution. The University during a stated number of years has the opportunity to observe and evaluate the capabilities and services of a faculty member. Each time a contract comes up for renewal, the administration is charged with the responsibility of judging all the qualifications of every faculty member. This should be an affirmative and not a passive judgment. Upon this judgment must be based a decision not to reappoint those who have failed to adapt themselves to the standards of this institution, or to promote those who have achieved beyond the normal expectations or who have performed
satisfactorily over a period of years. No system of tenure will work unless the administration acts with firmness in not renewing contracts of those who are not adapted by training, experience, or temperament to the institution. It goes without saying that lack of success here does not necessarily imply lack of success elsewhere. In most instances, persons whose contracts are not to be re-renewed should be aided by the administration in obtaining another position.

After a faculty member has served an apprenticeship for a specified number of years and has been found worthy of retention on the faculty, the faculty member should be granted tenure and be given the assurance of continuous appointment which cannot be terminated except for cause after the individual has been accorded the rights of due process.

18.2 Fair Discipline and Discharge. The parties wish to encourage open communication between administrators and faculty and agree that, whenever possible, problems should be resolved informally before these procedures are initiated. The parties agree that this Article shall not be used to restrain faculty members in the exercise of their academic freedom or their rights as citizens.

The parties agree that, except for serious misconduct, dismissal should occur only as the final step in a progressive disciplinary system and each instance of misconduct shall be judged solely on its own factual situation.

Discipline shall be for just cause. Members of the faculty may be disciplined by removal, suspension with or without pay, or any lesser form of discipline for one or more of the following reasons:

a) Gross Incompetence;

b) Neglect of duty;

c) Physical or mental incapacity that is permanent in nature;

d) Moral turpitude. This provision shall not be interpreted so as to constitute interference with academic freedom.

Disciplinary proceedings shall be initiated only by the President of the University, who shall serve a written notice of intent to prefer charges upon the faculty member which shall set forth:

a) The specific charges against the faculty member;

b) The proposed penalty.

Within 15 days of service of the written notice of intent to prefer charges, a meeting shall be conducted by the President or the President’s designee, with the faculty member who may be accompanied by a representative of the AAUP, to discuss the notice, the proposed charges, the proposed penalty,
and the basis of the charges.

Within 15 days of the meeting described above, the President shall, in writing, either:

a) Withdraw the notice of intent to prefer charges, or

b) Prefer charges, including a recommended penalty.

Within 10 days of the receipt of the President’s letter, the faculty member shall, in writing, either:

a) Accept the President’s decision, or

b) Appeal, in writing, the President’s decision to the Commissioner of the Council on Postsecondary Education.

If the faculty member or Union decides to appeal the President’s decision, the President’s recommended penalty shall be held in abeyance.

The Commissioner, or Commissioner’s designee, shall conduct a hearing within 15 days. He shall issue a decision within 15 days of the hearing. The Commissioner’s decision shall be in writing.

Within 15 days of the Commissioner’s decision, URI/AAUP, in consultation with the faculty member, shall decide to accept the Commissioner’s decision, or to appeal it, under 24.3 of the collective bargaining agreement. If URI/AAUP decides to proceed to arbitration, the Commissioner’s recommended penalty for tenured faculty shall be held in abeyance up to six (6) months from the effective date pending the arbitrator’s decision. The Commissioner’s decision on non-tenured faculty shall be implemented immediately.

At arbitration, the burden of proof shall be on the University, which proof shall be by clear and convincing evidence.

**ARTICLE XIX**

**ELIGIBILITY FOR TENURE**

19.1 Instructors shall not be eligible for tenure.

19.1.1 Continuing part-time faculty of the rank of assistant professor, associate professor shall be eligible for tenure, provided the time requirements are equivalent to full-time service.

19.2 Assistant Professors shall be eligible for tenure when they have accumulated five (5) years of full-time service, credited as follows: years of service in the rank of instructor at the University of Rhode Island; years of service in the rank of assistant professor (or its equivalent) at the University of Rhode Island; years of service at another accredited four-year academic institution.
in the rank of assistant professor or above, to a maximum of three (3) years of credit. The amount of credit to be allowed toward tenure for service at other institutions shall be indicated in the initial contract. For an assistant professor, a decision whether or not to award tenure must be made no later than the end of the 6th year of full-time service. Tenure will be granted prior to the mandatory year only in unusual circumstances. It is understood that when a faculty member has been on sick leave, family leave, or military or military training leave for at least six weeks within an academic year the tenure clock shall be extended upon the faculty member’s notification to the Dean and Provost provided such notification is made as soon as possible but in no event less than one year prior to the mandatory tenure decision date.

The mandatory tenure decision year of a non-tenured faculty member who becomes the biological or adoptive parent of a child under the age of twelve (12) shall be delayed by one year upon written notification of the birth or adoption by the faculty member to the Dean and Provost, provided such notification is made as soon as possible but in no event less than one year prior to the mandatory tenure decision date.

Faculty who notify the Dean and Provost of a tenure clock extension due to the circumstances above, reserve the right to apply for promotion and tenure according to the tenure clock in their original appointment letter.

Tenure clock extensions for any other leave shall only be granted at the discretion of the President (or designee) and in highly unusual circumstances.

19.3 Associate Professors who have completed a minimum of two (2) years of full-time service at this institution shall be eligible for tenure. Tenure may be awarded to become effective beginning with the third, fourth or fifth year. A tenure decision relating to the fifth year shall be a mandatory tenure decision (see Section 19.5). Tenure will be granted prior to the mandatory year only in unusual circumstances.

19.4 Professors shall be eligible for tenure beginning with the first year of full-time service. Tenure may be awarded to become effective beginning with the first, second, third or fourth year. A tenure decision relating to the fourth year shall be a mandatory tenure decision (see Section 19.5). For initial appointments with tenure, the department chairperson shall consult with all tenured members of the appointing department and report on the recommendations to the college Dean for consideration prior to offering the appointment to the individual. Tenure will be granted prior to the mandatory year only in unusual circumstances.

19.5 Mandatory Tenure Decisions. Whenever a faculty member, in accordance with Sections 19.2, 19.3, 19.4 preceding, has accumulated sufficient years of service that a mandatory tenure decision is required, one of the following decisions must be made: 1) award tenure to the faculty member;
2) terminate the affiliation of the faculty member with the University. For cases in which mandatory decisions are necessary, the process shall follow articles 15 and 16. If in the instance of a mandatory tenure decision it is determined that a faculty member will be denied tenure, the faculty member shall be notified in writing with reasons stated for denial by the President of the University at least twelve (12) months in advance of the date the faculty member is required to terminate his/her affiliation with the University.

19.6 Credit Toward Tenure. A full academic year of service (dating from the beginning of the academic year) shall accrue credit of one (1) year toward tenure. Service begun after the start of the academic year will not accrue credit toward tenure. Time spent on leaves of absence, sabbatical leaves, or education leaves shall not accrue credit toward tenure.

19.7 Should a person who has held the position of Research Associate at this University be employed by the University at some later time in the rank of instructor or above on a full-time basis, the faculty member shall be credited with one (1) year toward tenure for each two (2) years of prior employment under such title, to a maximum of two (2) years of credit.

ARTICLE XX
TENURE PROCESS

20.1 The Process for Granting Tenure. The department Chairperson shall be responsible for initiating formal proposals for granting tenure to members of their department. The Chair shall prepare a report annually according to procedures described in Section 15.8 of Article XV, the Annual Review.

20.2 After receiving the written report, the Dean shall meet with the department chairperson to discuss each proposal. After the meeting, the Dean, by February 15, shall state in writing to the department chairperson the Dean's decision concerning each proposal. The Dean shall forward to the Provost for transmittal to the President no later February 15 the Chair's recommendation concerning tenure. In the event of a denial of tenure, the Dean shall state his/her reasons in writing. The faculty member and the department chair shall receive copies of this letter.

20.3 The President or Provost acting as designee shall have until April 15 to decide on the Dean's recommendation and the faculty's promotional package, if applicable. The President (or Provost) shall communicate such decision to the faculty member with copies to the dean and the department chair. In cases where the President recommends tenure the President's decision shall be forwarded to the Council for inclusion on the next upcoming available meeting.

20.4 If a faculty member disagrees with the decision of the President, the faculty member may file grievance at the President's level, in accordance with the time limits of the grievance procedure, Article XXIV.
20.5 If tenure is denied by the Council, the individual may proceed to arbitration in accordance with Section 24.3.

20.6 If through the granting of tenure a faculty member may also be eligible for promotion, tenure and promotion shall be considered at the same time.

20.7 The faculty member may at any time in the tenure process ask that their name be removed from consideration.

ARTICLE XXI
LEAVES

21.1 Sabbatical Leaves.

A. Definition. Sabbatical leaves of one half (1/2) year at full pay or one (1) full year at half (1/2) pay are intended to provide faculty with an uninterrupted period for scholarly enrichment, typically for research or creative activities.

B. Eligibility.

1. A faculty member is first eligible for sabbatical leave when the faculty member has served full-time at the University for a period of at least six (6) years and, by the time of the sabbatical leave, has achieved the rank of associate professor or above with tenure or is a clinical full professor.

2. Subsequent eligibility occurs by serving periods of a minimum of six (6) full years following the year of a prior sabbatical leave. A faculty member shall not be eligible for consecutive or multiple periods of sabbatical leave within a six (6) year time period regardless of the time between sabbatical leaves. If a faculty member’s sabbatical leave is postponed by the University because of replacement or other operational difficulties, time toward a subsequent sabbatical leave begins at end of the year that the sabbatical was originally scheduled. If a faculty member is granted permission to postpone their sabbatical leave, the time toward a subsequent sabbatical leave begins at the end of the year that the sabbatical was taken.

3. No more than five percent (5%) percent of the total number of tenured and tenure-track faculty and clinical full professors shall be eligible for sabbatical leave during a single fiscal year. This number is determined by the faculty census of September 15 of the prior fiscal year.

C. Procedures.

1. The criteria and guidelines for sabbatical leave shall be posted on the Provost’s Office website. The Association will receive prior notice
of changes in criteria and guidelines.

2. A faculty member who desires a sabbatical leave shall apply in writing to their department chairperson who, no later than September 15 of the fiscal year prior to the period of leave, shall provide the dean a written evaluation of the request and a plan for carrying on the faculty member’s work during the period of absence. If replacement is needed, the chairperson must specify the nature of replacement in the evaluation submitted to the dean (e.g. overload teaching, a part-time faculty member, or temporary lecturer).

3. The dean may deny a request for sabbatical leave if the dean can demonstrate that the faculty member’s absence will place an undue burden on the department, program, or college. By October 15 of the fiscal year prior to the period of leave, the dean shall forward all requests for sabbatical leave not denied for the previously stated reason to the Provost’s Office with their recommendations.

4. If applications for leave exceed the number that can feasibly be granted without jeopardizing course offerings or other work of a department, selections for approval shall be based on the number of years of service since granting of the last sabbatical leave.

5. The Provost (or the Provost’s designee) shall create a sabbatical proposal review committee of no fewer than five (5) faculty members. The committee shall reflect the disciplinary scope of the University. The committee’s decisions shall be guided by the posted criteria for sabbatical leave.

6. By December 1 of the fiscal year prior to the period of leave, the Provost (or the Provost’s designee) shall inform faculty of the status of their application, i.e. approved, conditionally approved, placed on a waiting list, or denied. A list of such decisions will also be provided to the Association. Such determinations are not subject to the grievance procedure as long as the total number of leaves granted is not less than 5% of the eligible faculty.

7. A faculty member whose application for sabbatical leave has been denied shall be entitled to know the reasons for the denial.

8. By January 15 of the fiscal year prior to the period of leave, faculty shall notify the Provost’s Office of their acceptance or rejection of the offered leave. Requests for postponements or changes in the conditions of the leave (e.g. its length) shall be granted after January 15 only in extenuating circumstances. Faculty must seek permission for such changes from their chair and dean before requesting a change from the Provost’s Office.

D. Other terms and conditions.
1. While on sabbatical leave, a faculty member is entitled to receive reimbursement for travel expenses, fellowships, grants-in-aid, and/or financial assistance from sources other than the University so long as such payments do not interfere with the purpose of the sabbatical (i.e., an uninterrupted period for scholarly enrichment). If a faculty member accepts paid employment (not including self-employment covered by Article XXII of this Agreement) during their sabbatical leave, such employment and the level of compensation must be reported to the University. The faculty member's University compensation may be reduced proportionately so as not to exceed its normal annual amount.

2. Faculty must return to the University for at least one (1) year following the year of sabbatical leave. If a faculty member fails to return for at least one (1) year following the year of sabbatical, they shall be required to reimburse the University for the total costs of compensation (including salary, fringe benefits, and expenses) incurred by the University during the period of sabbatical leave.

3. Within the semester following return from sabbatical leave, a faculty member must file of report of sabbatical activities with their dean, copying the Provost's Office. Failure to complete the goals stated in a sabbatical proposal may affect success in requests for future sabbatical leave.

21.2 LEAVE FOR GRADUATE STUDY. A member of the faculty who has served full-time for at least three (3) years may be granted a leave of absence to pursue graduate study. This leave shall be granted for a period of one year at one-quarter pay with the understanding that recipients shall, upon the termination of the leave, return to their duties at the University for a period of at least one (1) year. Application for leave shall be made in accordance with the time schedule prescribed for sabbatical leave in Section 21.1.E above. Shortly after their return to duty, the faculty member shall file a report of professional activities during the absence with the appropriate Dean. Only non-tenured faculty may apply for this leave.

21.2.1 Part-time faculty shall be eligible provided they meet the equivalent of the above time requirements.

21.3 SICK LEAVE. Sick leave with pay shall be granted to faculty covered by this Agreement. Sick leave with pay is hereby defined to mean a necessary absence from work due to illness, injury, or exposure to contagious disease and may include absence due to illness or death in the immediate family of the employee. Immediate family shall be defined as child, step-child, spouse, domestic partner, parent or in-law.

The Administration may require a physician’s certificate or other satisfactory evidence for each sick leave with pay covering an absence of more than five (5) consecutive working days.
Every faculty member will be included in the non-classified accrued leave system upon appointment. Existing faculty shall carry forward any unused sick leave accumulated as beginning balances. Accrued rate for faculty will be at the rate of fifteen (15) working days per year to a maximum of one hundred twenty (120) working days.

If after the entire sick leave allowance for a faculty member has been used, the faculty member is still unable to resume work duties, the faculty member shall apply for a leave, with or without pay, or resign, and the decision shall rest with the President and the Council on Postsecondary Education or its designee.

21.3.1 **DISABLED FACULTY.** If after a faculty member has used all accrued sick leave, and the faculty member is still unable to resume the essential functions of the position, the faculty member shall be placed on short-term leave without pay for illness and shall either apply for disability insurance (ERS or TIAA as applicable) or apply for a leave without pay for illness for up to one year or resign their position. If the faculty member’s application for disability insurance is denied, the faculty member shall apply for a leave without pay for illness for the balance of the academic year or resign their position. If the faculty member on leave is able to resume the essential functions of their position at the University before the expiration of the leave period, the University may assign other duties within the professional scope of the faculty member’s position if teaching assignments are not available.

21.3.2 **DISABILITY ACCOMMODATIONS.** The Administration and the Association shall adhere to Federal and State laws and regulations as they apply to treatment and accommodations of persons with disabilities.

21.3.3 Part-time faculty shall accrue sick leave on a pro-rata basis.

21.4 **SICK LEAVE ADVANCE.** Faculty who have exhausted all sick leave and vacation may request to borrow sick leave. Full-time faculty (35 hours) may be permitted to borrow 70 hours of sick leave against future accumulation. If the employee is less than full-time, sick leave will be prorated. The faculty member must provide supporting documentation from a qualified physician.

21.5 **SICK LEAVE BANK.** The administration and the AAUP shall establish a Sick Leave Bank Committee, consisting of two members appointed by the AAUP and two members appointed by the administration. All members of the bargaining unit will be automatically enrolled in the sick leave bank (and one sick day shall be deducted from their sick leave accrual) effective October 1st of each year, unless the member opts out of the bank, in writing, prior to October 1st. To be eligible to receive sick days from the sick leave bank, a faculty member must have contributed to the bank, must have exhausted all accumulated leave (sick, vacation and personal), and must present medical documentation outlining their need for leave due to illness.
documentation of a catastrophic illness or injury that is not work-related, and must have borrowed two weeks of sick leave in accordance with Article 21.4 of the collective bargaining agreement. A faculty member meeting these criteria may request a specific number of days from the Sick Leave Bank Committee, based upon financial hardship and health prognosis. The Sick Leave Bank Committee shall decide the exact number of days a faculty member may receive from the sick leave bank up to a maximum of 60 days. Decision of the Sick Leave Bank Committee shall be final and not subject to the grievance and arbitration provisions of the contract.

21.6 FAMILY LEAVES.

A. POLICY:
The primary purpose of a family leave is to provide a faculty member with support necessary to balance effectively employment and family needs. Family leave may be taken as parental leave, elder care needs, partner needs or other family needs. Paid and unpaid leaves are available. Accumulated sick leave may be utilized during family leave with appropriate medical documentation.

B. DEFINITIONS:
Parental leave means leave by reason of the birth of a child of a faculty member or the placement of a child 16 years of age or less, with a faculty member in connection with the adoption of such child by the faculty member.

Family leave is for a family member, defined as a parent, spouse, domestic partner, child, mother-in-law, father-in-law, or other dependent family member. Family leave is granted by reason of serious illness of a family member. Serious illness is defined as disabling, physical or mental illness, injury, impairment or condition that involves inpatient care in a hospital, nursing home, hospice or outpatient care requiring continuing treatment or supervision by a health care provider. The faculty member shall provide the University with written certification from a physician caring for the person who is the reason for the faculty member’s leave, and such certification shall state the probable duration of the faculty member’s requested leave.

21.6.1 PARENTAL LEAVE (Leave With Pay). Faculty members with one year or more of service shall be granted six (6) weeks of paid parental leave at the birth of a child or the placement of an adopted child under the age of twelve (12) years. Faculty members should provide at least one month’s notice prior to the start of the leave, whenever possible. When additional time is needed beyond the six weeks because of medical reasons, that time may be charged to sick leave, with proper medical documentation.

21.6.2 Academic-year faculty members who have been unable to utilize
their full six-week paid parental leave during an academic year are eligible to be assigned alternative work assignments for the semester immediately following the birth or adoption of a child. The alternative work assignments may be adjusted for the amount of paid parental leave that was utilized. Such assignment shall be made pursuant to Article XII. Normal salary payments will continue during this period. No faculty member will be penalized for making use of this policy.

21.6.3 LEAVE WITHOUT PAY. Upon written application and presentation of appropriate medical documentation, a continuing faculty member may be granted a leave without pay, normally not to exceed six (6) months, but may be renewed for an additional six (6) months for reasons of personal illness, disability or other purpose deemed proper and approved by the President. A faculty member on leave without pay shall be eligible for up to one (1) year of state paid health benefits and when applicable must pay their share of the health insurance premium. If in unusual circumstances a leave is extended for more than one year, the employee must transfer to a direct payment plan for their health care if the employee wishes to maintain coverage.

21.6.4 PARTIAL LEAVE. For the same reasons listed in 21.3 and 21.6 or for other personal reasons, a faculty member may request a reduced workload with a commensurate reduction in salary. Such reduced workload will not normally extend beyond one year. For the first year, if the workload is at least half-time, health benefits shall be continued at the employer’s expense. No health benefits shall be granted if the workload is less than one-half or more than one year.

21.6.5 Part-time faculty shall be eligible for maternity benefits.

21.7 BEREAVERSMENT LEAVE. Faculty on calendar year appointments shall be granted four (4) days leave with full pay for a death in the immediate family. Immediate family shall include father, mother, brother, sister, husband, wife, son, daughter, mother-in-law, father-in-law, grandmother, grandfather, grandchildren and any person living in the employee’s household. Any days needed beyond the four (4) days may be taken from sick leave.

21.8 RETURN TO DUTY AFTER LEAVE. Normally, a member of the faculty shall return to at least the same rank and salary they had at the University at the time the faculty member’s leave began.

21.9 LEAVE WITHOUT PAY. Leave of absence without pay shall be granted by the President to a member of the faculty for good cause. A leave normally shall not be granted for a period of more than one (1) academic year. In exceptional circumstances, however, leave without pay for a period longer than one (1) year may be granted.
21.10 **ANNUAL VACATION.** The annual vacation for a member of the faculty on the calendar year (twelve months) basis shall total twenty-two (22) working days. Working days shall refer to five (5) days per week, Monday through Friday, exclusive of scheduled holidays. 

Vacation time shall be allowed to accumulate to a maximum of forty-four (44) working days. Faculty who transfer from calendar to academic year will take the initiative to discharge all accrued vacation prior to the date of transfer. The faculty member shall receive notification of transfer one year prior to the effective date.

Vacation schedules shall be agreed to by the faculty member, chair, and the dean or director. Payments for accrued vacation will be made only if there has been no opportunity to discharge such vacation.

There shall be no vacation granted for less than six (6) months of service but thereafter vacation for service during part of a year shall be prorated.

21.10.1 Part-time calendar-year faculty shall accumulate annual vacation on a pro-rata basis.

21.11 **TERMINATION.** When the service of a calendar year member of the faculty is terminated by resignation, retirement or death, if such member shall not have used actual vacation time equal to the vacation credits outstanding on their account the faculty member, or estate, shall be entitled to receive full pay for each day of vacation leave to the faculty member’s credit as of the date of termination with the following exception: If members of the faculty request release from their contract before the end of the fiscal year, they shall forfeit all vacation credits for that year and any credits previously accumulated in excess of twenty-two (22).

21.12 **MILITARY LEAVE.** Every member of the faculty covered by this Agreement who has left or shall leave their position by reason of entering the armed forces of the United States (whether through membership in the Reserve of the United States Military or Naval Forces or in the National Guard, or by reason of enlistment, induction, commission or otherwise) and who has been employed for 180 or more calendar days within the twelve (12) months next preceding such entrance into the armed forces is entitled to and shall be granted military leave of absence from the said position commencing with the time of leaving said position for said purpose and continuing throughout the duration of said absence required by the continuance of service in the armed forces.

Such leave of absence shall be deemed to have expired six (6) months after the date of discharge from or authorized separation from active duty as a member of the armed forces. Re-enlistment or other continued service in the armed forces resulting from a choice by the faculty member shall serve to cancel such leave.

At the conclusion of such military leave of absence, the faculty member shall
be returned to their position subject, however, to any law or rule which may hereafter be enacted affecting such right of return or defining the conditions under which such returns may be made.

21.13 MILITARY TRAINING LEAVE. 1. The University shall provide to the Association, no later than May 1 of each year, a calculation of the Plan A structure base for the following year.

2. The Plan A structure base will be calculated as follows:

   a) Tenure-track faculty, nontenure-track faculty (teaching, clinical, research faculty), lecturers, senior lecturers, and teaching professors will be placed in appropriate pay levels. Those advanced will be moved to the new pay level.

      Lecturer, Senior Lecturer and Teaching Professor effective 7/1/16

      Teaching Professor  Conditional Based on Promotion -
                          Beginning of 9th year

      * Lecturers who have reached level II status shall continue at level II status unless they are promoted to senior lecturer or teaching professor.

      Assistant I  Beginning up to 3 years
      Assistant II  Beginning of 4th year to promotion to Associate Professor
      Associate I  Conditional Following Tenure & Promotion -
                   First year as Associate to 4 years
      Associate II  Beginning of 5th year to promotion to Full Professor
      Full I  Conditional following Promotion - First year to 6th year
      Full II  Beginning of 7th year to 12th year
      Full III  Beginning of 13th year as Full Professor
                   (see 3b, c & d below)

   b) Each faculty member’s salary shall be increased by 2.5% on January 1, 2019, 2.5% on July 1, 2019, and 2.5% on July 1, 2020.

   c) Promotional bonuses shall be added as appropriate.

   d) Merit and E.S.I. increases awarded subsequent to the 1987-90 contract shall be factored out.

   e) The plan A structure base shall be $65,085 effective January 1, 2019, $66,712 effective July 1, 2019, and $68,380 effective July 1, 2020.
Tenure track tiers and Lecturer tiers will adjusted effective July 1, 2020:

Plan A adjustments shall be made.

Any increases factored out under (d) shall be added back in.

The parties agree that the levels in the Plan A salary increase distribution plan are points of reference for the distribution of the negotiated annual salary increases, and that such levels do not constitute contract salary minima or maxima.

3. Full III Performance Based Increase:

a) Faculty members reaching the Full III level are eligible for a performance based increase at the amount agreed upon in Plan A based upon demonstrated continued achievement at the level of a Full Professor in teaching, research, and service.

b) The procedure for evaluation of the Full III performance based increase will be based on the Annual Review as described in Article XV and will follow the review and decisional procedures of the promotion process, with respect to such performance based increase, as described in sections 16.1, 16.2, 16.3.1, 16.3.2, 16.3.4, 16.3.5, 16.3.6, 16.4 and 16.5.

c) The performance evaluation process for Full III Plan A increases, as described above, shall be conducted in each fiscal year of the contract with any increases payable the following July 1. The performance evaluation and review process of faculty at the Full III level shall be conducted for the 2017-18 fiscal year, as described above, but any salary increases shall be granted on July 1, 2018, only if a successor contract, which includes Plan A, has been negotiated and is in existence at that time.

d) In the event that a faculty member attains Full Professor III status and their salary equals or exceeds the Plan A minimum salary within the assigned tier for Full III, then the faculty member will receive a performance based increase of $2,500

4. Compression analysis: The Administration and Association agree to evaluate salary compression when faculty move from Assistant Professor I to Assistant Professor II and from Associate Professor I to Associate Professor II. For the purposes of this agreement, initial evidence of possible pay compression will be a faculty member at Assistant Professor II being paid less than a faculty member with a more recent hire date or a faculty member at Associate Professor II being paid less than a faculty member with more recent hire date. When such instances are identified, further information will be sought from the faculty member, their chair, their dean, and other sources (such as salary surveys) to explain the differential. Variables to be considered, and which may justify the observed differential, include, but are not limited to, the nature of the appointment, previous experience, previous accomplishments, previous ESIs, endowments and other supplements, market differentials based on subfield
or specialization, and time in rank. When the parties agree that the evidence suggests that compression is caused by the rate of change in the external market relative to internal pay increases, the salary of the faculty member who is paid less than a faculty member in the same department at the lower step shall be raised to a level not less than the highest paid faculty member at the step whose salary exceeds the faculty member at the higher step. Such adjustments shall be made only once for an individual during time in step. Such decisions shall be grievable only under the provisions of Article III of this agreement.

LETTER OF AGREEMENT: ESIs

Exceptional Salary Increases for Retention: During the term of the 2018-2021 collective bargaining agreement the President, with the approval of the Council on Postsecondary Education, may grant exceptional salary increases in order to retain valuable faculty members. Requests for exceptional salary increases may be initiated by the faculty member’s Chairperson, Dean, or the Provost. Evidence that a faculty member is being, or is likely to be, recruited by another employer should accompany ESI requests. Such increases, if granted, shall become part of the faculty member’s base salary and shall be funded only with available uncommitted resources. In no event shall the total ESI awards used for retention exceed $100,000 in each of the three years of the 2018-2021 agreement.

Exceptional Salary Increases for Performance: Effective July 1, 2020 Deans may recommend associate professors and full professors for ESIs at the time of their first review after promotion. In order to be eligible for this ESI the faculty member must exceed expectations in the following areas: teaching, creative/scholarly activity, and service and far exceed expectations in at least two (2) of the three (3) areas. An amount of this ESI shall be recommended by the Dean to the Provost and shall be limited to no more than $4,500 for Associate Professors and $6,500 for Full Professors. The requests must be forwarded to the Provost’s Office by April 15 of each year with decisions made by May 31. The Provost may accept, reject, reduce, or increase the amount recommended by the Dean within the aforementioned limits and in consideration of, among other things, the evidence
presented, internal equity, market comparisons, and/or previously granted ESIs. Such increases, if granted, shall become part of the faculty member’s base salary.

Copies of all recommendations, denials, approvals, and amounts awarded will be sent to the Union.

MODIFICATION TO THE AGREEMENT BETWEEN RHODE ISLAND COUNCIL ON POSTSECONDARY EDUCATION AND UNIVERSITY OF RHODE ISLAND CHAPTER AMERICAN ASSOCIATION OF UNIVERSITY PROFESSORS

1. New Letter of Agreement:

Letter of Agreement Re Librarians

The University’s tripartite model of faculty contributions used for promotion (and when applicable tenure) wherein promotion is based on teaching, research and service (as enumerated in Article XV, Section 15.6.1) may be modified for those appointed to faculty positions in the University Libraries as provided herein. Subject to the approval of the Provost and Vice President for Academic Affairs, and the President, a faculty appointment in the University Libraries may be made subject to a position description, which specifies the duties and responsibilities as “librarianship and service,” developed in accordance with Article XI notwithstanding Section 11.6. Instead, the principal factors in deciding among the candidates for such an appointment shall be “librarianship and service,” and the letter of appointment similarly shall specify “librarianship and service” as the duties and responsibilities. When an individual is appointed to a position subject to this job description and letter of appointment, future evaluation for promotion and tenure shall be based on these two criteria.

2. A change in Article XV, Section 15.6.1.a. This section shall now read as follows (changes from the existing contract language appear in bold):

a) Contributions to the instructional program of the department, including student advising, thesis supervision, and such evidence as the faculty member may wish to present to demonstrate excellence in teaching, and as to library faculty, excellence in librarianship and/or teaching. As it relates to librarianship, the phrase “and/or teaching” means credit earning instruction which is assigned as part of library faculty workload. In addition, the reference to “librarianship” in this section shall not at any time be construed to relieve library faculty of their responsibility to perform in other areas enumerated in 15.6.1, including sections (b) and (c) unless otherwise provided in the letter of appointment and in this Agreement.

MEMORANDUM OF AGREEMENT

The AAUP and the Postsecondary Council agree that faculty may participate in voluntary, payroll deducted, employee paid supplemental insurance programs (including but not limited to life insurance, short term disability insurance, accident insurance, etc.). The State of RI shall withhold deductions and transmit payments to the insurance carriers of the Union’s choosing. Such supplemental insurance plans shall be provided by the underwriters and administrators selected by the Union provided they are properly licensed and authorized to do business in the State of Rhode Island. The State of Rhode Island (local management personnel on site) will cooperate in scheduling of work site enrollment times that will not interfere with daily operations. The State of Rhode Island has the option to limit enrollments at a specific location to 5 times per year. Existing payroll deduction slots shall stay in effect for AFLAC, Colonial Life, etc. unless terminated by the AAUP. In the event of termination of the relationship, existing deductions will, at the employee’s request, stay in force.
