

AI/ML SEMINAR

AI/ML techniques &
applications across
scientific domains

Derek Aguiar (UConn)

Associate Professor, School of Computing

**Deep statistical and
contrastive modelling of
nanopore sequencing
translocation times
reveals latent non-B DNA
structures**

November 13, 1-2PM • Tyler Hall RM. 106

Co-hosted by the Institute for
AI & Computational Research

All interested faculty, researchers, and students are encouraged to attend!
