FINANCIAL INFORMATION

Cost of living in Kingston is very high. Please plan to arrive with enough U.S. currency to meet your initial expenses. It may take up to 4 weeks before funds from scholarships, fellowships and/or assistantships are available to you.

Make adequate provision for yourself or your family before arriving. There are no emergency funds available to assist you. Depending on your country of origin, it can be time consuming to have funds transferred to you after you are in the United States; in some cases, as much as 6 weeks. Familiarize yourself with the regulations of your own government regarding dollar exchange and transfer of funds. The safest and most convenient way of carrying funds is by Traveler’s checks.

Although on-campus employment is available to international students, it is not a sufficient source of income and does not count toward financial certification for the United States Citizenship and Immigration Service.
