Form revised 1/13
On April 18, 2013, the Faculty Senate voted to rescind Faculty Senate Bill #12-13-20 and approved the following amended section 7.22.10 of the University Manual:

7.22.10 Criteria for Promotion. Promotion shall be based on the extent of value to the University. The prime mission of a university is the discovery and dissemination of knowledge; teaching, research, and service are regarded as the criteria for promotion. Since faculty positions vary in designated responsibility, these criteria may be weighted differently among departments and among individual faculty members in determining value to the University. It shall be the responsibility of the faculty of the department or other organizational unit with the concurrence of the dean to determine periodically the relative importance of the criteria that shall apply and to report this to the individual faculty members.
