Entry and Progression Policy

- Entry into the College of Nursing is competitive and seats are limited. Students are required to have a cumulative GPA of 3.0 and a grade of "C" or better in all prerequisite courses to be considered. Entrance into the College of Nursing and clinical course sequence is not guaranteed once meeting these requirements. Placement is competitively granted based on success in prerequisite criteria. Those who meet the minimum criteria but do not achieve a seat will be considered the following semester, in the same competitive manner. The College of Nursing and clinical course sequence is determined at the close of the spring and fall semesters.
- Students who have not met the pre-requisite criteria for transfer to the College of Nursing and the clinical course sequence by the end of two years or sixty credits will be required to choose a different major at the University.
- Progression through the College of NUR requires a "C" or better in all NUR courses and a minimum 2.20 GPA. Students are allowed to repeat a single NUR course as outlined in the dismissal policy. Should a student need to repeat a class or otherwise fall out of sequence continuation will be on a space available basis and is not guaranteed for the following semester. The student will be notified of eligibility.
- Dismissal Policy: Performance below a grade of "C" in any 2 nursing courses will result in dismissal from the College of Nursing. Please refer to the University Catalog and The College of Nursing Student Handbook for full details.

Semester 8 (RINEC)

Please refer to the CON Student Handbook for all College and Clinical Policies.

General Education: General education consists of 40 credits. Each of the outcomes must be met by at least 3 credits. A single course may meet more than one outcome but cannot be double counted towards the 40-credit total. No more than twelve credits used to meet general education may be from the same course code, with the exception of honors HPR courses, which may have more than 12 credits. General education courses may also be used to meet requirements of the major or minor when appropriate.
