

Community Discussion on HEALTH SERVICES

Come join us for a
series of
workshops
leveraging group
discussions about
YOUR health care
experiences and
how we can
improve them!

OLLI
210 Flagg Rd, Kingston, RI
02881, USA

Tuesday, June 27th

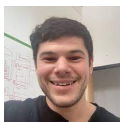

10:00 AM

Full attendance will be
rewarded with a fun gift!

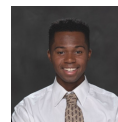

We are EchoWear, a URI spin-off company that came out of innovative research at the Wearable Biosensing Lab at URI Engineering. We aim to improve access to health care services through patient friendly technologies such as smartphone apps and wearables. We value our partnership with OLLI for making an impact in our RI community.
