

**Request for Faculty Summer Recontracting at 33.33% of  
Academic Year Institutional Base Salary**

Faculty on academic year appointments may recontract during the summer months for up to 33.33% (3/9ths) of their academic year institutional base salary if funds come exclusively from external sources, including the URI Foundation. Faculty who recontract at 33.33% stipulate that their entire summer will be devoted exclusively to the externally funded projects and that they will be doing no additional paid work at URI (including, but not limited to, teaching, advising, directed readings, etc.) and that they will be taking no vacation. In addition, faculty stipulate that they are familiar and in compliance with agency limits on summer funding, some of which are below 33.33%. For further information on policies and procedures concerning summer recontracting visit: [web.uri.edu/provost/forms-policies/summer-recontracting-process/](http://web.uri.edu/provost/forms-policies/summer-recontracting-process/).
