Acute care without walls: Utilizing Kent Hospital’s ‘Hospital at Home’ program

Presented by

Ana Tuya-Fulton, MD
Chief Population Health Officer, Executive Chief of Geriatrics & Palliative Care
Care New England Health System

John Lindsay, DO
Internal Medicine Physician, Kent Hospital at Home Program

Learning Objectives:
Upon completion of this activity, participants should be able to:

1. Enhance patient care and provide optimal patient outcomes through the resources available to providers via Kent Hospital's Hospital at Home program.
2. Share the program's evidence base with specifics such as ensuring successful handoffs and other safety procedures to enhance patient experience and improve outcomes.
3. Identify the appropriate patient populations for whom referral to the Hospital at Home program would be beneficial including referral/intake procedures.

Accreditation:
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Kent Hospital and the RI Geriatrics Education Center. Kent Hospital is accredited by the Massachusetts Medical Society to provide continuing education for physicians.

This activity has been submitted for 1.0 contact hour of continuing nursing education and continuing social work education.

Disclosure:
Dr. Tuya-Fulton, Dr. Lindsay, nor any individual involved in the planning or implementation of this activity claims a relevant financial relationship with an ineligible company. This activity accepts no commercial monetary or in-kind funding.
