SB&PC 2019 Request: University Grant Writer
The Request and Rationale

• 1 FTE Grant writer
  – Bachelor’s degree, master’s degree preferred
  – ≥ 2 years grant writing experience

• Rationale
  – Approximately 20% of NSF grant applications are funded (9% - 30% for NIH Institutes)
  – Expected budget cuts in the near future
  – Multiple benefits of increased grant funding
  – Aligned with Academic Strategic Plan (ASP) and President’s Transformational Goals for the 21st Century (TGTC)
A Strategic Request

• A skilled grant writer will increase our percent of funded applications, leading to:
  – Increased prominence and impact of research, scholarship and creative work
  – Increased overhead dollars to support additional programs and involve more students in research
  – Improved competitive position to recruit top-level faculty and students; to encourage alumni philanthropy

• Aligned with Goals 1 and 2 of both TGTC and ASP
