Enabling Texting in Your Starfish Profile

1. Log in to Starfish and click the three bar stack in the top left of your homepage.
2. Click on your name and select “Profile.”
3. Check the box that says, “Also send notifications to my alternate email address.” Then, identify the location of your “Alternate Email.” The location is highlighted in the image below:

   ![Image](image_url)

   - Email Preference: [ ] Also send notifications to my alternate email address
   - Phone
   - Cell Phone:
   - Video Phone:
   - Time zone: (GMT-04:00) Eastern Time
   - Weekly Updates: [ ] Send me a weekly status update about My Success Network
   - Reminder Preferences:
     - [ ] Email me 15 minutes before the start of an appointment
     - [ ] Email me at [ ] am on the day of [ ] an appointment

4. Following the formatting in the image below, enter your cellphone number and carrier as an email address in your “Alternate Email”:

   ![Image](image_url)

   - Required fields:
     - AT&T: cellnumber@bt.att.net
     - Verizon: cellnumber@vtext.com
     - T-Mobile: cellnumber@tmomail.net
     - Sprint PCS: cellnumber@messaging.sprintpcs.com
     - Virgin Mobile: cellnumber@vmobile.com
     - US Cellular: cellnumber@uscc.net
     - Nextel: cellnumber@messaging.nextel.com
     - Boost: cellnumber@myboostmobile.com
     - AltTel: cellnumber@message.alttel.com

5. You have now set up Starfish so that all messages in Starfish will be sent to you as a text notification in addition to the default email notification (which goes to your @my.uri.edu email address).
