DeLorenzo

- Her and Nick met with one of the managers of the corner store about expired milk
- This manager is not there during the weekends, but usually does dairy product checks during the day when she is there
- Senator Mayers asked if the expiration dates are just being checked instead of the actual product itself and its condition
- Chair Buono stated that the corner stores should have an established form of communication with the Senate due to the fact that it is not outright owned by Dining Services
- Mayers brought up another problem with either the Corner store or Rams Den (isn't sure), he believes that his Ram Account was used incorrectly instead of his dining dollars account. He believes that the account restoration should be something that is an institution in place
- Buono rebutted with the fact that the Senate should refrain from agitating the Dining Services Director, but should still overall remind them about accountability

- DeLorenzo stated that the workers should always clarify which currency the customer is using, as well as which are dining dollars

Senator Cronan

- Emailed Director of Dining, pitched the date of Thursday October 19th @6:30 is the dining hall tour
- Cronan wants to survey the students, but St. Germain did not necessarily love the idea of having it happen in the dining hall, but possibly a table or a more formal way of surveying the thoughts of the students
