Attendees: Chair Hudson, Senator(s): Sundell, Estes

Absent: Senator(s): Sawyer, Hailu, Njende

Attached files:

- Chair Hudson began by checking in on the committee, asking how our weeks went.
- Chair Hudson brought up the issue organizing a campus cleanup meeting.
 - He began the discussion by ways in which we can facilitate student engagement on campus. We arrived at this inactivate.
 - Chair Hudson added that finding ways for the student body to get involved together while also promoting a good cause would be ideal.
- Senator Sundell then suggested that we move the location of this to the beach.
 - Chair Hudson added that this should be done at sunset this semester at the beach and we should look into providing pizza and sodas for all who attend.
 - Senator Estes added that the beach location would be more convenient for those living off-campus and add to the overall excitement of the event.
 - All the senators present closed out the meeting by sending out a poll to our general senate GroupMe asking if a Friday or Sunday afternoon would be more well attended so we can formulate a good time for everyone to go.

Meeting End: 5:41 pm
