 - Chair Milner:
 - Don't have a lot to say today, we will get into initiatives next week with re-recognition and budget coming up
 - Submit your new organizations now and we are going to process them all in the next six week
 - New organization recognition ends on March 4th and starts January 21st
 - 29th at 5pm Spring Rhody fest
 - Close re-recognition the last week of february
- Academic Affairs Committee

Chair Troxell:

- For all of our new senators that are here for our second and third meeting. We deal with anything academic in our committee. Including mental health and self care. Fill out that committee assignment
- U;pdate on presidents list: we will be going to the faculty senate tommorow. Voting on legislation to incorporate presidents list into the university manual. Expect to get passed. Basically if that does get passed if you have a greater than 3.8 GPA there will be a note on your transcript that you are on the presidents list as well as deans list. This will be effective this semester as in March.
- External Affairs Committee

Chair Singh:

- Been traveling for 40 hours non stop. We will be hosting the student senate impact fest on march 21st. Will incorporate all police departments that we work with including SK and NK, as well as campus police. Will be reaching out to non-profit. We will be hosting some booths some in collaboration. Having a community service drive with rhode island mutual aid campaign which is a student run non-profit organization. The student senate is not a professional space but instead is family to me. I got you all pens from my home country that helps a women empowerment organization. Please fill out your favorite color. This semester will be wrote, acted, and directed by external affairs
- Cultural Affairs Committee
 - Chair gonzalez: hope you all had a good break. Doing a poetry slam on february 23rd, if you guys like poetry. If you want to be apart of cultural affairs or initiatives of cultural affairs. Hosting an I.C.E. lemonade stand where we hand out lemonade and red cards so students can know their rights.
 - Senator bremer: Just to update people on my work on Disability activist leiason I have been nominated for.
- Campus Affairs Committee

Chair Hudson:

- Deal with anything that is regarding to campus. We have a lot of things this semester aas well. Lots of complaints are about dining: overcooked things, no forks. Want to be in contact with dining. There has been no warm water in brookside. If anyone has any insight please talk to me. Want to do collaborations for earth day. That's later in the

semester though. Wild idea: potentially getting talks in about maybe getting an elevator or improvement of disability access in washburn.

G. REPORTS OF THE EXECUTIVE BRANCH/CABINET

- Speaker of the Assembly

Speaker Rinne:

- Have more for you
- Please fill out your committee assignment form. Basically you just have to apart of one of the committess. You can be apart of a special committee but that does nto count toward your attendance in committee. Just warning to the people that are late to do things. We have one or two committees that are underfilled and you will be added to those if you don't fill it out
- Student Body President

President Reyes:

- Tomorrow attending faculty senate so keep us in your hopes that the bill happens. I will also be meeting with the faculty senate president next week to finalize some bills. For my seniors in the room I will be filling out a form for student senate stools. We had to postpone our retreat. It will be in two weeks, this way you can all plan around your schedule so you can attend. I know Lucas wanted to speak about some leadership stuff. Still fill out the risk form that was attached to the original email. Please sign up for booths if you have the time. If you have time to join a booth for at least 30 minutes VP hailu just might take some time off of your office hours. Jurors nominations will be finalized next week and they will also bee going through training.
- Student Body Vice President

VP hailu:

- Hope you have a lovely break. You will shortly get an email about office horus. They will be starting next week
- Director of the Treasury

DOT Unjende:

- This semester the priorities are very much the budget as per usual. The thing that we have seen as chair milner has pointed out. There are more clubs every single day more or less. We have to revamp the entire budget process. WE might be cutting out the budget presentation and instead doing a spreadsheet where clubs put a budget in for every little thing they need the money for. Laqua presented something to the university for this. Will be needin ga finance committee really soon. If you are interested it would be lovely to have you. Max total 5-7 people. Main goal of the finance committee would be reviewing these spreadsheets but also passing some legislation to lay some groundwork for the future administrations. As always the money is safe.
- Director of Communications

DOC heinrichs:

- Hey guys. Two things: google form will be going out tonight for spring merch. Please fill this out. Second: next thursday we will be having a spring student involvement fair from 5-7. Please show up for five to ten minutes that'd be awesome. January 29th.
