Presentation from URI Title IX Officials

Kara Larsen and Keith Labelle.

Keith Labelle introduced himself and explained that he works under the Title IX office and runs the iStand program.

Kara Larsen introduced herself as the University's Title IX Coordinator. She explained her role of addressing sexual assault and misconduct complaints. She explained pending changes to Title IX regulations, which are likely to overturn Trump Era regulations from the US Department of Education.

Keith Labelle then explained that even though Title IX is limited in its resources the bystander intervention program does everything it can. He explained that there is a Brightspace training. That NCAA requires a presentation to all athletes and staff. He detailed all the work that URI Stand does.

Senator Small asked what the procedure should be for someone who hears about misconduct or an assault.

Keith Labelle and Carol Larsen explained that he should report it.

Senator V. Johnson asked what key areas Title IX was lacking and how can student senate help

Carol Larsen explained that staffing is a problem. Reaching faculty and staff by having the university make the training mandatory would be great. Finally standing up and intervening when necessary.

Chair Summerson asked if URI Stand goes to every Greek life chapter.

Keith Labelle explained that they go by request.

Senator Rudolph wanted to know how far Title IX's jurisdiction went.

Carol Larsen explained that jurisdiction goes anywhere where the university has control of the activities. But even if things occur off campus it is still a student conduct problem.

Chair N. Johnson wanted to know how a general URI student that isn't associated with a major organization can get training.

Keith Labelle, said that there's an event with female leader in sports and that anytime a COM professor cancels class they can call URI Stand to have a presentation. There's also booths here and there. And since April is sexual assault awareness month there will be a week of action.

Chair Johnson wanted to know what differs between national policy and URI policy.

Keith Labelle said that Title IX is the floor. He said that URI goes above and beyond Title IX. URI has a lower burden of proof to help victims.

Senator Small wanted to know what the statute of limitations with Title IX reports.

Carol Larsen said that the statute ends when the person's involvement with URI ends. Keith Labelle also explained that first-degree sexual assault has no criminal statute of limitations in Rhode Island.

Senator Scotti asked a clarifying question.

President-Elect Rizk introduced himself. He expressed that if anyone wants to apply for DOC or DOT to apply through the online form. He said he was really excited to work with anyone

Chair Montoya expressed that he would strongly recommend someone with previous senate experience for the DOT position.

President-Elect Rizk said he would take that in mind.

Chair Summerson recommended including Cheryl from accounts on any DOT interviews.

President-Elect Rizk said that was a good idea.

SPONSORS: Treasury Committee
BILL HANDLER: VDOT Bose (Director Hoover)
DATE: March 22, 2023
RECOMMENDATION: (3 – 0 – 0)
EXPIRATION: Valid Until Next Fiscal Year Budget
ACTION: Vote Next Week

Chair Johnson asked for a brief explanation from the DOT.

Director Hoover expressed that senate needs to have a contingency fund so we can recognize clubs. He explained all the factors that go into. Clubs highlighted in red did not do their paperwork or presentation. They will receive \$0.

Speaker Bove asked why clubs that received the base \$250.00 all went into programming. He wanted to know if clubs could still use that money for Rhody Fest and advertising and recruiting.

Director Hoover said yes

Chair Summerson asked if Exposure asked for the basic \$250.00

Director Hoover said yes

Chair Johnson asked if Office Supplies for the Fine Arts club allowed for specific things for that club.

Director Hoover said yes

Senator Stahl asked what the procedure will be for clubs that didn't fill out their budget requests.

Director Hoover said that no club will lose their budget status, and can apply for contingency money.

Chair Summerson wanted to know why MUSIC got half of their requested money for speakers and talent. Also when it came to recruitment

Director Hoover explained that the increase was too much and we don't have that kind of money which would need to be taken from SEC.

Chair Johnson asked, involving MUSIC, how collaborative events would work with their funding.

Director Hoover explained that MUSIC used to get a cosponsorship line, but now Senate will be the only club with that line. This because most clubs got what they requested and no clubs ever really use their co-sponsorship lines.

Chair Summerson asked what PENZA URI was.

Dr Stiles answered that PENZA was a Pentecostal Christian club.

Chair Summerson asked if recruitment was \$100 for all clubs.

Director Hoover said yes, for all Year 4+

Chair Johnson asked for the Yearbook and SEC, how do we take things into account when taking their own fundraising accounts into account.

Director Hoover expressed that for SEC Senate usually works to offset costs for students to make prices smaller.

Senator Peckham, wanted to share that PINK's recruitment process is longer, and therefore their recruitment budget should be higher.

Director Hoover expressed that they can still use their programming money for those types of things.

Chair Johnson expressed that it was important not to have clubs that charged for membership.

Chair Summerson wanted a breakdown for Sailing Club.

Director Hoover explained that they needed a boat repair. And that this would be the last one from senate, in the future they would need to go to campus rec.

Chair Summerson wanted to know why we were paying the secretary/worker for the sailing club

It was explained that it was a contractual obligation

Chair Johnson wanted to know if we could see what positions were funded by campus rec.

Senator Stahl commented that she was taking a class at the sailing center, she wanted to share that it was a great place.

Lucas Masiello (Good 5 Cent Cigar reporter) shared that he is on the sailing team. If anyone has questions please approach me.

Chair Summerson asked for a breakdown for SEC.

Director Hoover expressed that SEC asked for more money so that they could bring in people. Especially the diversity of genres.

Dr. Stiles wanted to clarify that Ryan Center events are different from SEC events.

Chair Summerson wanted a clarification as to what SOLC was, and why we are funding them.

Dr. Stiles clarified that SOLC is not a part of the leadership minor.

Director Hoover explained that there were office costs that we as a senate can help them cover.

Speaker Bove, wanted to know what happened with SVO's recognition status,

Chair Johnson explained that it is in the works

Senator Newman wanted a definition for programming, In reference with SEC.

Director Hoover explained that is a change this year, to make sure it is all in one programming account instead of multiple accounts.

Chair Montoya asked why we're are paying for a telephone line

Speaker Bove explained its a legal requirement

Senator Peckham asked why SEC charges money for tickets

Director Hoover explained that a club can charge for an event if they put all the money for that event.

Chair Johnson, for SEC there is a different cost for students vs outsiders.

Director Hoover broke down the Senate Admin costs.

Chair Johnson explained that there are many clubs, like student-led theatre, that are brand new.

Chair Johnson wanted a breakdown of the general contingency line.

Director Hoover broke it down. He explained it is better for clubs to get what they need and for them to apply for more, than for them to get more than they need and for senate to have no access to that money in case it doesn't get used.

Chair Summerson, wanted to know why WRIU needed money for maintenance and repair.

Director Hoover answered that it is for general equipment repair and maintenance, not the tower.

Speaker Bove asked why bump down the telephone funding of WRIU.

Director Hoover said that \$4,500.00 has been what they spend.

VDOT Bose motioned to strike the last three lines of the budget and to correct any grammatical errors. Seconded by Chair Montoya

Chair Johnson, explained that SEC only swapped the stipends of two positions.

Senator Peckham was asking why pay \$100.00 for staff photographers.

Lucas Masiello explained that its cheaper to pay them internally than to pay for the rights of using someone's photograph.

Chair Summerson wanted to know why there was such a gap between the editor in chief and all other stipended positions for the Good 5 Cent Cigar.

Lucas Masiello explained that the work load for the editor in chief is so burdensome in comparison to all other positions.

Chair Johnson shared that a lot of the job descriptions in the senate bylaws are very vague. He expressed that the bylaws are the job description. In cabinet it was discussed that job descriptions should change, and stipends should change with them.

Chair Johnson motioned to table the discussion, seconded by Chair Montoya

Chair Summerson disagreed.

Chair Johnson removed his motion.

Chair Summerson shared that people should ask stipended positions what they have done.

Senator Stahl was wondering why stipends changed so much for senate while things did not change for other clubs.

Senator Peckham wanted to know why there was so much focus on the bylaws. She shared that she found it problematic that all female positions got decreased while male positions got increased.

Chair Montoya shared that his position was paid less than all other stipended positions. He also shared that bylaws need to change and that stipends need to reflect that as well.

Senator Sutton shared that it was wildly unethical to base the stipends of other clubs on work, while we are basing them on the bylaws.

Chair Johnson shared that he is not able to be as scrutinous with other positions.

Senator Piacentini shared that all chairs submitted the amount of work they did. She was wondering if that was taking into consideration

Chair Johnson said yes, but it is important to also look at the bylaws for the sake of continuity.

Senator Piacentini shared that the discrepancy comes in when hearing that the process between all positions.

President Kiernan asked why is it that in the past the presidential position has always gotten an increase but this year its the year that the president gets a decrease. She again made comment to the decrease of the female led positions and increase for male led positions.

Senator Piacentini wanted to validate everyone who was worked on the budget, and end things on a positive note.

M. GENERAL DISCUSSION AND OPEN FORUM

President Kiernan, apologized for just arriving, she thanked the room for everyone being so professional for handling themselves over the budget.

Senator Piacentini congratulated Senator Peckham on her birthday. The Assembly sang Happy Birthday.

N. ADJOURNMENT - Speaker Bove adjourned the meeting at 9:05pm.
